Community Forum on Learning and Instructional Models for Reopening School

Tuesday, July 21, 2020

4:30 pm - 6:00 pm

The Hastings School Reopening Planning Committee has been working since May to formulate a plan for the reopening of our schools in September. Subcommittees have been organized to address the following areas in the reopening plan: Instruction & Technology; Facilities, Physical Re-Entry Safety & Security; Transportation, Food Services and Business; Medical; Mental Health & Wellness; and Athletics & Co-Curricular activities. While each of these areas of planning is important, the one which has garnered the most concern is what learning and instructional models will be used when we reopen. The scenarios that we'll share at the forum include: (1) when all children are on campus; (2) when all children are learning from home; and (3), when a portion of the student population is on campus while the other portion is learning at home. Given the proximity of Hastings to Dobbs Ferry, Ardsley and Irvington, the Rivertowns Superintendents and Assistant Superintendents are working together to adopt similar learning and instructional models. Shortly after the forum, we will distribute a comprehensive survey to obtain feedback on what we've shared.

Below is the link to the Community Forum on Tuesday, July 21st, at 4:30 p.m..
