	<i>Special Presentation:</i> 98c, Learning Loss, Section 97 Funding – Dr. Tafelski explained various types of funding including 98c, Section 97 and 31aa. 98c funds will be used to pay for strategies to prevent learning loss and lost instructional time. We are going to use 98c funds to pay for elementary math coaches per our August 15th board meeting, to assist teachers with LIT on a tier 1 intervention level which should also help our students who experienced learning loss. At the October board meeting we reaffirmed where our federal funding was being spent according to surveys, compliance and identified need. We also addressed our district goals. Our MTSS district goal directly addresses learning loss and lost instructional time which will be paid for using 98c funds. We will measure this with NWEA assessments and through our progress monitoring tools. Section 97 is centered around student (and staff) safety. There is also the 31aa grant on the same application, which is for improving student mental health. 97b is the school resource officer grant that we are now eligible for; 98c is Risk and Safety Assessment and 97d is for Critical Incident Mapping. It is important that this funding be used to supplement school safety efforts and not supplant funding currently being used for this purpose. This includes any current safety and security personnel in the buildings. It is also important to note that this funding is ONE TIME FUNDING. All grants will total approximately 1% of our annual budget, we have to be VERY mindful of legacy costs, especially since supplement, not supplant is applicable here. We will be making a concerted effort to have ongoing dialogue with stakeholders to comply above and beyond the public comment offered. All grants have been applied for already and have been amended with actual amounts once they were announced.
	<i>Citizens' Comments:</i> • There were none at this time.
2022-109	Motion by MacDonald, supported by Filipiak, that the meeting adjourn at 5:56 p.m.

Respectfully Submitted,

Sarah C. Filipiak, Board Secretary
