Lindemann Elementary School

Traffic Pattern

Please note – for our children's safety, when driving to and from school, please follow the diagram (clockwise traffic flow). This will help to prevent congestion and possible injury to those students who must cross nearby streets. Please do not double park or ask your child to cross the street in the middle of the block to get to your car. All children should cross at the street corners. Also, please observe the "No Parking" signs in the area on Carter, which is used for the busses. Remember that pedestrian have the right-of-way when crossing the street. Parents, please model respect for the safeties by responding to their directions when crossing the streets. Please do not park or wait in drop-off zones.
