

About PBIS

PBIS stands for Positive Behavioral Interventions and Supports. It is a program designed to teach respect, responsibility, and safety at school. At Allen Park Middle School we hope to encourage students to continuously make good behavioral choices by implementing this program.

PBIS provides teachers and other school staff with information to help prevent behavior problems and help make school a safe learning environment.

PBIS is a research-based program which can result in:

- increased time for instruction
- an increase in positive behaviors school-wide
- a decrease in disruptive behaviors.

How the Program Works

Thanks to a grant from Wayne RESA, we are able to implement this program in our school. Posters that highlight behavior expectations for all areas of the school, from the classrooms, office, gym, to the restrooms, will remind students of what is expected from them in each area.

- All students and staff are taught the school-wide expectations.
- Students will receive frequent reviews of the expectations and be acknowledged when they demonstrate them.

- Most of the contact that students have with adults in the building is positive and prevents problem behavior from occurring.
- Staff will use data to help identify students who need additional support
- A PBIS school provides a consistent, and fair use of consequences for all students.

How Can Parents Help?

- Parents can help by reading and discussing the Behavior Expectations Matrix on a regular basis.
- Require your child to speak respectfully to others, especially adults.
- If your child has a problem in school, review with them the Behavior Expectations Matrix and discuss other possible solutions.
- Support teacher and administrative behavior decisions. Discuss problems privately with staff.
- Volunteer to be a parent member of the Allen Park Middle School Parent Impact Team.
- Volunteer to help with the Allen Park Middle School PBIS celebrations and recognition events.
