

Dear Parents/Guardians,

We are excited to introduce Wadsworth High School's new graduation, college, and career readiness platform, SchoolLinks! SchoolLinks helps students discover their interests and strengths, explore colleges and careers, and create a personal graduation plan that best reflects their post-secondary goals.

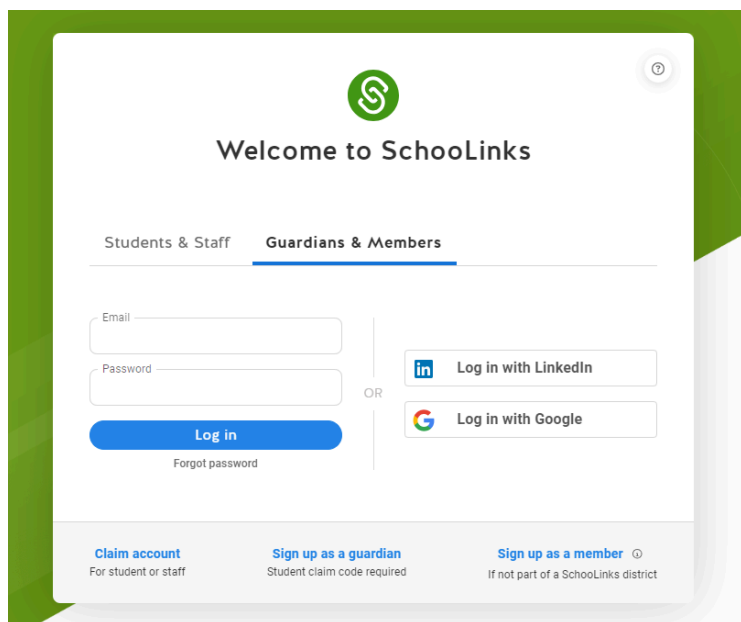

As a guardian, you will have the opportunity to join your students in this planning process and have conversations with them about their future. You will have access to SchoolLinks through your own account.

SchoolLinks should be accessed on a computer- not phone.

Visit the [SchoolLinks website](#) to log in.

Your Login **email** is the one that you currently use to access Progressbook.

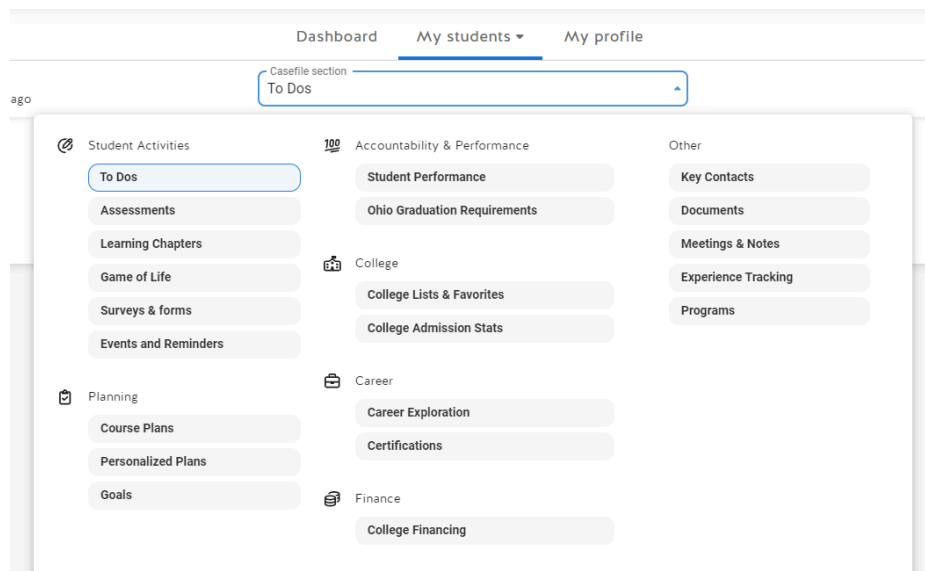

Select **“Forgot password”** to set up your account

Over the last week, our counselors provided lessons to all 8th-11th grade students, training them on how to access their “course plan” in SchoolLinks. The plan includes courses teachers recommend for next year as well as course history.

Once you log into your account, you may select different options under the “To Do” drop-down menu.

Currently, we are focused on Course Planning, but there is a ton to play around with!

Have your student show you around. Please be patient with us! With this much change, we will be learning and growing together.

Once again, counselors will meet individually with each student to review their plans and be certain they are on track for their goals and graduation.

We look forward to getting started and helping you help your student!

Respectfully,
The WHS Counseling Department
