The purpose of this planning form is to help you get a four- year look at your academic program at Totino-Grace High School. If you plan carefully, you will leave Totino-Grace having met all of the graduation requirements and having completed a comprehensive course of study that will prepare you for whatever you choose to do after high school. Consult the online **Academic tab - College Planning** for general college requirements. Required courses **(except the World Language, Health, and Fine Arts requirements)** are already listed for each grade level.

Start by using your **Transcript** to fill in the courses you will have completed in Grades 9. Next, write in how you plan to complete your World Language (2 years of a single world language), Health (one semester), and Fine Arts (one semester) requirements.

Then plan a tentative academic program for your four years of high school by filling in elective courses. Students in grades 10-12 may take more than 14 credits only with special permission from Mrs. Broadhead or Mr. Vandermyde.

Grade 9

1. English 9 A
2. Introduction to the Bible
3. Math A
4. Physics A
5. Phy Ed 1
6. _____
7. _____
