Philosophy and Mission

Our Vision: To accelerate learning by creating a brain-friendly learning environment that is joyful and challenging, stimulating and productive, nurturing with high standards and high expectations, encouraging a strong work ethic and ethical conduct with dignity and respect for all.

Corbett Preparatory School of IDS was founded on and remains devoted to the ideal that happy children — ones who are given respect as unique human beings and allowed to fulfill their needs to play, investigate, and be themselves — are more open to learning than children who are unhappy, tense, and fearful. We consider it our responsibility to foster every child's capacity for learning, to help them grow morally, spiritually, and emotionally as well as physically and intellectually.

Mission Statements:

Corbett Prep's mission and philosophy is aligned with the International Baccalaureate.

IB Mission

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

Corbett Prep Mission

To put our children first.

To have a positive impact on the greater community.

To develop globally minded students who are culturally aware and respectful of diversity.

Overview of Beliefs

Corbett Prep balances a dynamic, nurturing, and safe learning environment with high standards and expectations to develop a positive approach to life and learning. Teachers put children first, attending to each student as an individual and as a member of a collaborative learning community. The school combines joy with challenge; stimulating and inspiring lessons with productivity and results; and a strong work ethic focused on excellence with ethical conduct and that emphasizes dignity and respect for all.

Study Options

PRIVATE LESSONS: The one-on-one contact between teacher and student in the traditional private lesson allows the instruction to cater to the student's unique needs. This is the best choice for motivated students at any level of experience. Private lessons are scheduled once each week for 30 minutes. (\$320 per trimester).

PAIR LESSONS: Two students and a teacher meet for 30 minutes once each week in pair lessons. This arrangement offers the flexibility of allocating part of the lesson to each student, working with both students together, and having the students coach each other under the direct supervision of a teacher. The social aspect of pair lessons is motivating to many students (\$280 per trimester for each student).

CLASS LESSONS: Small groups of students work with the teacher and each other during in-class lessons. The teacher sets the pace for each student. Older, more advanced students build their mastery by coaching younger, less experienced students. This provides an ideal introductory experience for many students.

Dear CSL Parents,

In today's progressively interconnected and interdependent world, proficiency in other languages is a crucial skill that allows us to engage with the world in a more meaningful and immediate way while better preparing to compete and succeed in a global landscape. Research shows that people who speak more than one language have improved memory, enhanced concentration, and better listening, problem-solving, and critical-thinking skills.

The Community School of Languages is offering a variety of classes to provide children in our community with these benefits. We understand that the face-to-face interactions our students and teachers enjoy each day are better in-person than those occurring remotely.

A few reminders:

- **1.** Dismissal and drop-off will take place in the Middle School office or Elementary office, depending on the class.
- **2.** CSL teachers will be responsible for picking up and dropping off children at Extended Day as needed.
- 3. Extended Day is offered to Corbett Prep families who require a later start time or pickup.

Extended Day is pre-registered only!

- **4. FOR OUR CORBETT PREP FAMILIES**, please register for our CSL classes at, https://www.corbettprep.com/parent
- **5. For all others,** please email <u>csl@corbettprep.com</u> to get the registration form.

For questions, please contact csl@corbettprep.com.

Sincerely, Valeria Wolters CSL Program Director
