## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Charles H. Lee Elementary School serves preschool through 5th grade and has been recognized as a top school leading the way for educational equity across Los Angeles County. We are committed to delivering high-quality, standards-based instruction, ensuring every child learns and his/her instructional needs are met. We achieve this by closely monitoring the progress of every student and providing early intervention or enrichment through our school-wide program What I Need (WIN). A structured response to intervention program in which all students receive targeted, on-level, small-group instruction to enhance reading ability. At Charles H. Lee Elementary, we believe that education is a team effort and work closely with our parent community. Charles H. Lee Elementary staff believes that all student needs (academic, physical, social, and emotional) must be met in order for them to be successful. Children are at the center of everything we do. At Charles H. Lee Elementary School, our mission is to prepare students to be critical thinkers, effective communicators, and respectful citizens. All students are capable of achieving success and becoming independent learners in an environment where everyone is responsible, owns their actions, is always safe, and is respectful. Our vision is to provide a safe, positive, and collaborative academic environment where all students, staff, and community can learn, grow, and succeed together.

Leadership at Charles H. Lee Elementary School is a responsibility shared among District administration, the principal, instructional staff, students, and parents. Beginning in the 2017-2018 school year, primary leadership duties were assumed by Principal Diana Rojas. Ms. Rojas has 26 years of experience in education in the following positions: classroom teacher, intervention teacher, adjunct professor, assistant principal, and principal. The principal oversees the day-to-day operations of the school.

Coordinating with the principal is the staff, which focuses on instructional issues. Teachers meet as Grade-Level Teams to align instruction to state standards and to coordinate groupings for small-group instruction. Staff members and parents

## 2023-24 School Description and Mission Statement

participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with students' needs and comply with District goals. These committees include School Site Council (SSC), English Learners Advisory Committee (ELAC), Parent Round Table, Parent Advisory Committee Plus (PAC +), Preschool Advisory Committee, Community Schools Advisory Council, Parent Group, and Monthly Coffee with the Principal.

## **A. Conditions of Learning** **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Misassignments	0.00	0.30
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.00	0.30

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.20
<b>Total Out-of-Field Teachers</b>	0.00	0.20

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	6.2
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## School Facility Conditions and Planned Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California and internal instruments aligned to the state tool. The results of this survey are available at the District's Maintenance Operations & Transportation office.

Charles H. Lee Elementary School provides a safe, clean environment for students, staff, and parents. Built in 1960, the school sits on 8.5 acres. Facilities span 380,477 square feet and include a cafeteria/multipurpose room, library, innovation lab, 18 permanent classrooms, 11 portable classrooms, and two playgrounds. Over the last several years, facility improvements have taken place, including updated fencing, heating and air conditioning systems, repainting and mural touchups, and installation of surveillance cameras throughout the school campus. The facility strongly supports teaching and learning through its ample classrooms, playground space, and staff resource room.

Azusa Unified School District administers a scheduled maintenance program to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

During the day and in the evenings, three custodians ensure that classrooms, restrooms, and campus grounds are kept clean and safe. Azusa Unified School District administers a scheduled maintenance program to ensure that classrooms and facilities are maintained to a degree of adequacy that provides a suitable learning environment. School leadership and the District are aware of the areas of need identified in the most recent facility inspection. A comprehensive plan is being developed to address these areas.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	26	29	37	36	47	46
<b>Mathematics</b> (grades 3-8 and 11)	16	21	23	22	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Parents and community members are very supportive of the educational program at Charles H. Lee Elementary School. Parents and the community participate in the School Site Council (SSC), English Learners Advisory Committee (ELAC), Parent Round Table, Parent Advisory Committee, Preschool Advisory Committee Plus (PAC +), Community Schools Advisory Council, Parent Group and Monthly Coffee with the Principal. Charles H. Lee Elementary School enjoys many partnerships and generous donations from various community organizations. These partnerships include ongoing collaboration with Azusa Pacific University in the CHAMP Program, School of Education, and Mental Health Department, as well as support from the Duarte Elks Lodge and Golden State Foods Foundation, which Lee has collaborated with for several years.

## 2023-24 School Safety Plan

The safety of students and staff is one of Charles H. Lee Elementary School's primary concerns. The school's emergency preparedness plan includes steps for ensuring student and staff safety during an emergency or disaster. Fire, Earthquake, and Lock-down drills are conducted on a regular basis throughout the school year. Annually, the school practices a complete earthquake drill, which includes an entire school evacuation. A storage bin located at the school contains food, water, and other supplies for use during an emergency or disaster. In addition, an emergency backpack and bucket with supplies are stored in each classroom. The backpack holds a first aid kit, emergency supplies, and student information cards. The principal, teachers, and support staff are trained and practice lock-down procedures in order to secure the entire campus in case of an emergency. In addition, the principal, teachers, and support staff supervise the campus before and after school and during recess and lunch to ensure the safety of all the students. All visitors must sign in at the front office, wear identification tags while on the school grounds, and sign out upon departure.

A Comprehensive School Safety Plan was developed by the Safety Committee in order to comply with Senate Bill 187. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include the following: facility safety inspections; child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to and exiting from school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies. The School Site Council evaluated the plan in December 2023, and updates were made as needed.

## Professional Development

The District annually holds professional development days in which teachers are offered a broad-based variety of professional learning opportunities in curriculum and instructional practice in support of a continuous cycle of improvement. Professional learning opportunities include grade-level and/or content-specific programming on full and partial days, as well as after-school opportunities. Student achievement data continues to be the determining factor in the selection of professional learning topics. The primary areas of focus for professional learning in the last five years have been in the area of supporting teachers as it relates to math, ELA/ELD, history-social science, and science curricula, content standards, frameworks, as well as the use of student data to improve instructional practice. Professional learning is developed and facilitated by District staff, Teachers on Special Assignment, as well as consultants and coaches who specialize in content-area pedagogy. Professional learning was structured in job-embedded workshops and professional learning communities (PLC), which included collaborative lesson planning, lesson study, classroom observations, coaching support, and student work/data analysis. Professional learning for all teachers includes strategies and pedagogy to support all learners' access to rigorous, grade-level standards. All professional learning includes a special emphasis on supporting the development of Multilingual learners' development of academic language and literacy. Beginning in 2017 through 2022, all teachers participated in six days of systematic, District-wide professional learning with a focus on instructional strategies in support of our three student success drivers: academic discourse, collaborative practices, and cognitive rigor. Added focus this school year included addressing issues relating to diversity, equity and inclusion, grading practices, social-emotional learning, and effective professional learning community implementation.

Professional Development at Charles H. Lee Elementary School is primarily implemented on student release days through monthly staff and PLC meetings. Based on the areas for student growth from State and District data, our primary focus areas have been Academic Discourse, Collaborative Practices, Cognitive Rigor, and Digital Platforms. Teachers are supported through PLC protocols, District Teachers on Special Assignments, Reading Consultant Nancy Akhavan, a Resource Teacher, and the Principal, who provides instructional leadership, classroom observations, and feedback.

This table displays the number of school days dedicated to staff development and continuous improvement.
