2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Sierra High School is a fully WASC-accredited California Model Continuation High School serving students 16 years of age and older. The vast majority of students elect to enroll at Sierra High School because they are behind in credits and need specialized attention within a smaller alternative educational environment. Students may also choose Sierra High School as an alternative to attending a comprehensive high school due to its small size and more personalized educational approach. The Sierra Team, parents/families, and students have collaboratively developed five goals for the school; these include 1)

2023-24 School Description and Mission Statement

increasing student academic achievement and English language acquisition for English learners, 2) Using data-driven professional learning for staff to positively impact student academic achievement, social-emotional wellness, and school connectedness and belonging, 3) ensuring that all students are prepared for college or careers after high school, 4) to engage our families and students as partners in helping all students, and 5) improving student and staff understanding and acceptance of diversity, create equitable opportunities, and offer inclusive teaching and learning practices. In addition to the goals, the Sierra Team also established a school motto of "Bringing the Future Into Focus" as an intentional team goal of providing students with increased opportunities to explore and begin to engage in their future goals and life after graduation.

Sierra High School is on a trimester system that allows students to enroll in up to six courses each trimester. Students may earn up to 90 credits per year, giving them an increased opportunity to earn the 220 credits required to meet the Azusa Unified School District graduation requirements. Sierra students may earn additional credits through online A-G APEX courses, summer school, community college dual enrollment courses in conjunction with Citrus College, and off-campus ROP courses. In addition, Sierra is one of the few continuation high schools that offers students the opportunity to enroll in multiple Advanced Placement (AP) courses and take exams offered through College Board. Central to the school's philosophy is that students will develop to their fullest potential by learning in a personalized, caring, goal-setting environment. The ultimate goal of Sierra High School is to nurture and develop a person who accepts and displays the responsibilities of good citizenship, has acquired the necessary skills to grow into a well-rounded adult who can compete in the 21st Century, and continually contribute to our society.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California and internal instruments aligned to the state tool. The results of this survey are available at the District's Maintenance Operations & Transportation office.

Sierra High School provides a safe, clean environment for students, staff, and volunteers. Built in 1956, with modernizations made in 2005, the school sits on 10 acres. Facilities span 683,555 square feet. The Sierra campus includes a cafeteria, fourteen permanent classrooms, two portable classrooms, a field and recreation space, a Counseling Center with four offices, and a community schools office. The facility strongly supports teaching and learning through its ample classroom space including a staff resource room.

A scheduled maintenance program is administered by Azusa Unified School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

During the day and in the evenings, two custodians ensure classrooms, restrooms, and the District ensures that campus grounds are kept clean and safe. Azusa Unified School District administers a scheduled maintenance program to ensure that classrooms and facilities are maintained to a degree of adequacy that provides a suitable learning environment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

Sierra High School is the recipient of multiple grants: the Career Technical Education Incentive Grant, the K12 Strong Workforce Program, the Specialized Secondary Program, and the Perkins Grant. These grant funds, as well as the District LCFF and general funds, help enhance and expand career technical education programs with the expectation that students will graduate college and career-ready with recognized certifications, current industry skills gained through coursework, and work-based learning opportunities, including internships, articulated coursework with the local community college, and/or transferable college credit leading to a baccalaureate degree.

In collaboration with the San Gabriel Valley Regional Occupation Program, Sierra High School offers two career pathways (Graphic Arts and Health Careers) on campus. In addition to the on-campus offerings, Sierra High School also partners with ROP to provide Sierra students with additional off-campus pathways, such as Manufacturing/Welding. All courses within the programs of study and course sequences are UC/CSU A-G approved. Key local business partners and organizations, including the K12 Foothill Consortium, NAF (formerly National Academy Foundation), and the San Gabriel Valley Economic Partnership, provide advice and direction to ensure the curriculum, instruction, materials, and resources are relevant and current. Advisory meetings, organized as clusters within industry sectors, convene at least bi-annually. These clusters include Medical/Sports Medicine, Public Services, Arts, Media, and Entertainment. Members of each advisory group include industry experts, teachers, business partners, and other stakeholders. The CTE program is supported by a counselor, a site administrator, a site-based CTE coordinator, and the District Director of college and career pathways.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents, guardians, and community members are very supportive of the educational programs at Sierra High School. Parents and the community participate in Open House, Report Card Nights, English Learners Advisory Council (ELAC), School Site Council (SSC), Trimester Awards ceremonies, Financial Aid Workshops, Graduation Status Meetings, Parent Focus Meetings, PBIS activities, Coffee with the Principal and much more. Sierra High School welcomes and encourages parents and families to be an active part of their child's education and are offered opportunities to participate in Districtwide leadership through the Parent Advisory Committee Plus, District English Learner Advisory Committee, District Safety Committee, and the Superintendent and Family Round Table.

Sierra High School enjoys many partnerships with organizations and businesses in our Azusa community, including generous donations from local businesses. These partnerships include:

- Citrus College
- Azusa Pacific University
- McKinley Children's Center
- Azusa Rotary
- East San Gabriel Valley ROP
- Covina Assistance League
- Chik-fil-A
- Applebees
- Pressed Flower Coffee Boutique
- Cafe Cultura
- Blackwater Security
- Local Churches and more

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

2023-24 School Safety Plan

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Annually, the school practices a complete earthquake drill, which includes an entire school evacuation. A storage bin located at the school contains food, water, and other supplies for use during a disaster. All visitors must sign in at the front office, wear identification tags while on the school grounds, and sign out upon departure. Full-time campus security, teachers, counselors, campus aides, and administrators all work collaboratively to supervise before and after school and throughout the school day to ensure the safety of all students.

A Comprehensive School Safety Plan was developed by the Safe Schools Committee in order to comply with Senate Bill 187. Sierra staff is trained and routinely practices various lockdown and other emergency scenarios. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include the following: monthly facility safety inspections; child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to and exiting from school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies. The Safe School Committee and/or the site Leadership Team evaluates the plan annually and updates the plan as needed. The current safety plan was approved by the School Site Council.

Fiscal Year 2022-23 Types of Services Funded

Azusa Unified School District receives funding from state and federal funding sources. Through the Local Control Funding Formula (LCFF) California provides base funding to support the achievement of all students and Supplemental and Concentration funds directed primarily toward English learners, low-income, and foster youth. The District receives additional funding from federal categorical, special education, and support programs to support all students. In addition, the District receives some grant funding from state, federal, and other non-government sources.

Types of services funded include:

- Standards-aligned instructional materials
- Professional development for certificated and classified staff
- Academic intervention and support (i.e., targeted Title I)
- Support for English learners and their families
- College preparation programs
- Educational Technology Assistance
- 24/7 Online Tutoring through Paper.co
- Regional Occupational Program (ROP) Program
- Career & Technical Education Pathways
- Special Education
- SEL Opportunities (i.e., Garden Club, Sports, Weight Lifting, Game Club, Spanish Club etc.)
- Health and nutrition programs

In addition to the District-supported supplemental programs, Sierra High School also provides students with various supplemental and enrichment resources and opportunities. Sierra High School offers several co-ed sports teams, AP courses, access to additional software resources such as Aleks and PearDeck, and a kid-grit curriculum for social-emotional development to help create mindful young adults.

Professional Development

The District annually holds professional development days in which teachers are offered a broad-based variety of professional learning opportunities in curriculum and instructional practice in support of a continuous cycle of improvement. Professional learning opportunities include grade-level and/or content-specific programming on full and partial days, as well as after-school opportunities. Student achievement data continues to be the determining factor in the selection of professional learning topics. The primary areas of focus for professional learning in the last five years have been in the area of supporting teachers as it relates to math, ELA/ELD, history-social science, and science curricula, content standards, frameworks, as well as the use of student data to improve instructional practice. Professional learning is developed and facilitated by District staff, Teachers on Special Assignment, consultants, and coaches who specialize in content-area pedagogy. Professional learning was structured in job-embedded workshops and professional learning communities, which included collaborative lesson planning, lesson study, classroom observations and coaching support, and student work/data analysis. Professional learning for all teachers includes strategies and pedagogy to support learners' access to rigorous, grade-level standards. All professional learning consists of a special emphasis on supporting the development of English learners' development of academic language and literacy. Beginning in 2017 through 2023, all teachers participated in six days of systematic, District-wide professional learning with a focus on instructional strategies in support of our three student success drivers: academic discourse, collaborative practices, and cognitive rigor. Added focus this school year included addressing issues relating to diversity, equity and inclusion, grading practices, social-emotional learning, and effective professional learning community implementation.

The primary focus for staff development and ongoing learning has been WASC, College Board (AP Courses), newly adopted curriculum, data systems (Illuminate), Testing (SBAC), Professional Learning Communities (PLCs), and Essential Learnings in core subjects. The staff has participated in four days of Professional Development in Social and Emotional Learning. Professional staff development has multiple means of delivery: Staff Meetings, PLCs, subject area common preps, teacher release time, and early release days. Staff uses data to plan and implement activities, instruction, and interventions. The staff has been trained on the use of Data Protocols and interdisciplinary teams. Teachers are supported through the use of collaborative release time, lesson studies, formal and informal observations, conference attendance, and general feedback from the administration.

This table displays the number of school days dedicated to staff development and continuous improvement.
