

## Middleton School District

### One-To-One Optional Device Protection Plan

Middleton School District has implemented a K-12 1:1 laptop program. This program provides students the tools to maximize 21st century learning by fostering critical thinking, collaboration, communication, and creativity.

To ensure equitable access to district curriculum and online learning opportunities, Middleton School District will issue a one-to-one mobile device, device charger and protective case/sleeve to all students. Students are expected to utilize their district-issued device for classroom instruction, and to bring their device to school every day charged and in working order.

### **OPTIONAL DEVICE PROTECTION PLAN AGREEMENT**

As a student of the Middleton School District and the parent/guardian of such a student, we assume responsibility for loss, damage, or theft of assigned technology. Whether used at school or off school premises, we recognize that the device is school property and will not intentionally maltreat the equipment or act with gross negligence.

"I accept responsibility for the appropriate use of the District equipment entrusted to me and promise to return the equipment when requested."

"I acknowledge that abuse, misuse, or malicious behavior may result in a discussion related to repair or replacement of damaged equipment entrusted to me and payment to the district or school for such repair or replacement."

"I understand the Middleton School District offers an "Optional Device Protection Plan." The cost of the optional protection plan is \$25 for 1 year of coverage and can be renewed each year. **This \$25 cost covers one (1) claim per year for accidental damage. Subsequent claims may be filed with school administration and will incur a \$20 deductible.** Negligence, gross negligence or purposeful damage, failure to file a report with the school for lost or stolen devices, and the loss/damage of accessories (charger, charging cable, and protective sleeve), intentional damage to someone else's device are NOT covered by this program. When necessary, a loaner device can be checked out while repairs are being completed."
