Oakwood Brass - Outreach Project
Jackson STEM Dual Language Magnet Academy

Oakwood Brass - Outreach Project (OBOP) In-School Instrument Introduction Concerts for 4th and 5th grade students at Jackson focused on students who will be choosing instruments for study in the coming school year. It featured a mini concert with music from classical, jazz, and media music. OBOP used musical examples showing the history of brass instruments and classical music, such as connecting a Bach Fugue to the children's round Row Row Row Your Boat. Concerts were limited to one class per session allowing musicians to give each student hands-on instruction on every brass instrument. Instruction on how each instrument works mechanically, plus professional playing techniques such as breathing and listening are incorporated within these group lessons. 100% of the students had an opportunity to play each instrument.

This activity is supported in part by the California Arts Council, a state agency. Learn more at www.arts.ca.gov. In part by the Pasadena Arts & Culture Commission, City of Pasadena Cultural Affairs Division. Musicians Performance Trust Fund, and donors to Oakwood Brass - Outreach Project.
