Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program
Additional Targeted Support and Improvement
African American students, Students with Disabilities

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Hamilton is meeting Every Student Succeeds Act (ESSA) requirements by using our dashboard indicators to monitor and set goals for student achievement and school quality. The California state indicators include student engagement and achievement, as well as school climate.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Parents and community members have the opportunity to be involved in the school by attending monthly Coffee with the Principal, English Language Advisory Committee (ELAC), and School Site Council (SSC) to provide input SPSA and how the funds are allocated. Instructional Leadership Team (ILT) also provide input during their monthly meetings. Teachers provide input by reviewing and updating SPSA during "A" Monday staff meetings throughout the school year.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

School Vision and Mission

Hamilton Mission Statement

As a team of teachers, staff, parents, and community members, our educational philosophy is embedded in all we do.

Our Mission is:

Hamilton Elementary nurtures, inspires, and challenges our students to become confident, creative, and successful leaders of tomorrow.

Alexander Hamilton is a highly recognized school for the many commendations it has received including: 2022 California Pivotal Practice Award, 2020 Top Los Angeles County Public School, California Distinguished School 2018, California Gold Ribbon 2016, California Business for Academic Excellence Honor Roll School (2008, 2009, 2010, 2012 & 2013) and STEM 2012 award winner, National Blue Ribbon School of Excellence (2009), California Distinguished School (2008), Title One Academic Achievement Award (2004, 2009, 2010, 2012). We contribute this success to our strong commitment to academic achievement through our guiding belief that all students can learn and reach their highest potential in life. At Hamilton Elementary School every student has access to a comprehensive, challenging and balanced curriculum.

Our goal is to work with parents and students to implement our academic and social emotional curriculum with fidelity. We feel by working together as a community with all stakeholders, Hamilton will continue to thrive and we will produce students capable of being successful in the 21st Century. We will educate all students to become creative problem solvers and lifelong learners by engaging them in hand-on explorations in a safe and healthy environment. Our goal is to cultivate each child's love of learning through artistic, imaginative, and academic avenues. We actively teach our children to embrace the wonder of the world in which they live while striving to create confident and capable students with integrity and a sense of social responsibility. We believe that it is our cumulative responsibility to provide a strong academic foundation and guidance in developing strong leadership and citizenship skills in our students.

The goal of Hamilton is to ensure through rigorous and differentiated instruction, we will meet or exceed the criteria set by the State of California and work toward closing the achievement gap for all subgroups.

Technology is a important component in the education of Hamilton students. It is especially important as we teach the Common Core Standards. In our computer lab, students have the opportunity to expand their knowledge of the core curriculum in project-based learning and computer skills following the state technology and curriculum standards for each grade level. Computer programming, word processing, robotics and podcasting are just of few of the projects that the students work on throughout the school year. Our computer lab contains seven 3-D printers, which students use to create items they can use. Chromebooks are available for students to use in every classroom, which is a one to one student ratio.

In addition, all students visit the library. A library coordinator works with the students to expose them to rich literature, as well as teaching them the skills necessary to use the resources available to them in the library. During the library period students are exposed to award-winning literature, library skills and accessing resources. In addition, students may check out books from the library to support their core curriculum or for pleasure reading. Through our Birthday Book Club, books are added regularly through parent donations to enhance our wide variety of genres. Book Fairs are held once during the school year to provide the students with opportunities to increase their home libraries and PTA donates books to classroom libraries to provide rich literature and expository texts to our students.

Hamilton students have access to a variety of community resources. PTA, local libraries, art galleries (Armory, Norton Simon, and Huntington), as well as, museums, music centers, mental health facilities (Foothill Family Services), California Institute of Technology, Pasadena City College and various others are resources available to assist all our students. Through the PTA and our room parents, the school community works together to promote student achievement and to support the positive climate evident at Hamilton School. In addition to the PTA, Hamilton has formed an Annual Fund Committee to raise money to provide financial support for technology and library programs. Our Annual Fund sets a fundraising goal each year and strives to increase donations from both families and our community.

Teachers and staff utilize a number of assessments to guide and adjust instruction in order to improve student achievement. This data is entered into a computer data system. Graphs and data reported are used to guide future instructional practices. This information is shared with grade level teams and parents during conferences, staff meetings and Student Study Team Meetings. In addition, alternating Mondays are utilized for a variety of staff development needs. An Intervention Program (RTI) delivered by the Instructional Coach and intervention teacher provide the students with differentiated instruction based on their individual needs. This intervention program is designed to provide support in both English Language Arts and in Mathematics. In addition, before school intervention is provided to help with the struggling students as well as accelerating learning through i-Ready. The creation and implementation of vertical data teams in the three core curricular areas (English Language Arts, Mathematics and Science) assist us in continually monitoring progress toward our goals. Programs used to monitor student growth and differentiate instruction such as i-Ready and other supplemental programs are used to support student learning. Teachers frequently work in grade level teams to generate intervention and acceleration strategies for meeting the needs of all learners. The computer lab teacher assists with generating charts and graphs for the data teams to align instruction to meet student needs. Teachers collaborate on a consistent, on-going basis to plan instruction and implement best practices. Classroom teachers are assisted by our instructional coach to support differentiated instruction to meet the needs of all students. All staff members, teachers, volunteers, and LEARNs staff regularly implement programs that support our regular instruction and utilize school resources to help students meet and exceed grade level standards. Examples of these programs include one-to-one tutoring, small group instruction, LEARNs program, intervention, Theatre, Armory Arts, computer lab and library. Advanced students work in a small group on special projects while under the direction of the classroom teacher, resource teacher, and computer lab teacher.

Our focus is to continue strong instruction in all curricular areas and to meet the needs of all our student subgroups while incorporating the Common Core Standards, Response to Intervention Academic and Behavioral and Project Based Learning.

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth

Conclusions based on this data:

1. Enrollment for student groups are: English Learners (60) 11.21%; Foster Youth (1) 0.19%; Homeless (14) 2.62%; SED (288) 53.88%; SWD (57) 10.65%
2. Enrollment by ethnicity: Hispanic (231) 43.18%; White (134) 25.05%; Asian (72) 13.46%; African American (39) 7.29%; Two or More Races (34) 6.36%; Filipino (20) 3.74%.
3. The total enrollment of students in has declined by 70. All student groups by ethnicity showed a decline in enrollment. Increases were found in: Homeless (+1.42%) and Foster Youth (+10.7%).

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LCAP Goal # 1

Students will demonstrate grade level knowledge in all core subjects and graduate in 4 years exemplifying our PUSD graduate profile. All students, English Learners, Foster Youth, eligible for Free/Reduced Meal Program and others who have been less academically successful in the past, will have access to a robust course selection and will show academic achievement. Students experience culturally relevant and linguistically sustaining instruction that builds upon learners' strengths and identity.

Goal 1

MATH: Increase the cumulative percentage of all students meeting or exceeding standards in MATH. Improve student performance in the area of Math performance for the African American subgroup. All students are fluent in numerical thinking and able to apply mathematical concepts on or beyond grade level

Identified Need

Based on CAASPP data Hispanic, African American, English Learner, Students with Disabilities, and Socioeconomically Disadvantaged students show need in conceptual understanding and procedural skills. Support students to engage in grade-level content with just-in-time supports as needed. All students, including those from historically marginalized communities, attain equitable outcomes. Based on iReady Diagnostic Data Hispanic, African American, English Learner, Students with Disabilities, and Socioeconomically Disadvantaged students show need the following domain areas: Numbers and Operations, Algebra and Algebraic Thinking, Measurement and Data, Geometry

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We performed at an academic levels (ELA and Math) that shows a need to continue to support student needs through targeted interventions and small group instruction

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no substantive differences in planned actions and the actual implementation of those actions.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

There were significant needs and challenges posed by teachers not having time to lesson plan, collaborate with peers and improve on teaching practices. As a result of conversations around this need, there has been a need to provide release time, professional development and teacher collaboration opportunities.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no substantive differences in planned actions and the actual implementation of those actions.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LCAP Goal # 1

Students will demonstrate grade level knowledge in all core subjects and graduate in 4 years exemplifying our PUSD graduate profile. All students, English Learners, Foster Youth, eligible for Free/Reduced Meal Program and others who have been less academically successful in the past, will have access to a robust course selection and will show academic achievement.

Goal 3

Improve performance, reclassification rates and close the achievement gap by implementing instructional strategies and other resources to meet the needs of our English Learners as identified by formative and summative assessments.

Identified Need

ELs need to close the achievement gap in ELA and Math, additionally, our students need to acquire English and re-designate. All English learners will receive Integrated and Designated English Language Development and make a year of growth as measured by ELPAC until they meet all reclassification criteria (EL Master Plan). In order to improve results with our EL population, we need greater interactions with the language, allowing students opportunities to interact with one another and make meaning using the actual target language. We need to give students an abundance of opportunities to use the language we expect them to master. All students have access to a wide variety of engagement activities, before, during and after the school day.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
ELPAC	<p>60% of the 1st grade students scored at Level 1 or 2 as measured by the 21-22 ELPAC.</p> <p>36% of the 2nd grade students scored at Level 1 or 2 as measured by the 21-22 ELPAC.</p> <p>78% of the 3rd grade students scored at Level 1 or 2 as measured by the 21-22 ELPAC.</p> <p>55% of the 4th grade students scored at Level 1 or 2 as measured by the 21-22 ELPAC.</p> <p>53% of the 5th grade students scored at Level 1 or 2 as measured by the 21-22 ELPAC.</p>	Increase the percentage of current EL students who progress on ELPAC

Goal 4

By the end of the 2023-24 school year, we will increase the number of parent volunteer hours and opportunities.

Identified Need

Training for parents is needed on how to support the academic expectations at each grade level. In order to improve results in this area, parent workshops are needed throughout the year with community partners and the Family and Community Engagement dept.

We need to provide informational and community resources available to assist families in supporting students (during PTA, ELAC and parent workshops).

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Erika Cooper	Principal
Kirsten Jackson	Parent or Community Member
Janet Kitani (alternate)	Other School Staff
Jason Tirona	Parent or Community Member
Kimberly Enriquez	Classroom Teacher
Nichole Anderson	Classroom Teacher
Ana Negrete	Classroom Teacher
Adrianna Glazner	Parent or Community Member
Alden Denila	Other School Staff
Robert Hanff	Parent or Community Member
Rebecca Polivy	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee
	Gifted and Talented Education Program Advisory Committee
	Departmental Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/26/22.

Attested:

	Principal, Erika Cooper on 5/26/22
	SSC Chairperson, Robert Hanff on 5/26/22

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

2022-2023 Update

California law requires the Comprehensive School Safety Plan of each school to be annually evaluated and amended, as needed, to ensure the plan is being properly implemented (Education Code 35294.2[e]). An updated file of all safety-related plans and materials is maintained by Hamilton Elementary School and is readily available for inspection by the public.

California law also requires notice for public input prior to the adoption of the Comprehensive School Safety Plan. Notice for public comment was provided on February 8 2023 at Hamilton Elementary, Pasadena. Notice was provided by Erika Cooper/ SSC.

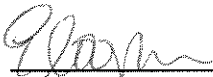

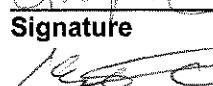

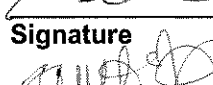

Hamilton Elementary School's "school site council" has evaluated our Comprehensive School Safety Plan and has determined the following:

The plan has been properly implemented and has been amended per school site council.
