Suggestions For Getting Started:

1. Talk with your student's homeroom teacher and other resource teachers to receive input about them.
2. Always check with homeroom teacher to arrange a time to meet your student(s).
3. Allow your student(s) to help you or another student in your classroom and/or department.
4. 3rd, 4th, 5th grade students can read aloud to primary grade students or help with special jobs
5. Remember to always give praise for efforts and give words of encouragement.

Guidelines for Working With Your Student(s):

1. No money, food, and/or gift items of any kind are to be given or exchanged with assigned student.
2. You should make at least one or two contacts with your student each week. The contact time can be any time during the day that is convenient to your schedule (Mon thru Fri)
3. Remember your involvement with this student is confidential. The student(s) should not have knowledge of your assignment to them.
4. Please check with your student(s) in regards to his or her homework/classwork. Do not hesitate to ask to see their homework and/or offer to help them with it.
