HOW CAN PARENTS/GUARDIANS GET INVOLVED?

ANNUAL NOTIFICATION OF PARENT RIGHTS & RESPONSIBILITIES (EC 48980) - The Pasadena Unified School District is required to annually notify parents and guardians of rights and responsibilities in accordance with Education Code 48980. Additionally, EC 48982 requires that schools collect acknowledgement from parents that they have been made aware of how to access information contained in the Notification of Parental rights and Responsibilities. Signature on the notice is an acknowledgment by the parent or guardian that he or she has been informed of his or her rights but does not necessarily indicate that consent to participate in any particular program or activity has been given or withheld. Please complete the "Acknowledgement of Receipt and Review" form, and return it to your child's school.

FAMILY ENGAGEMENT - The Pasadena Unified School District has made the engagement of families in children's education one of its top priorities. Parents and adult caregivers are welcomed in a broad range of roles and activities. Schools and the district develop annual parent involvement plans to ensure that parents are welcomed as equal partners. School and district staff support school and parent advisory councils such as School Site Councils, English Learner Advisory Committees, African-American Parent Advisory Councils, District English Learner Advisory Committee, PTAs, Community Advisory Committee, Foster Youth Advisory Committee, and the LCAP Parent Advisory Committee. For more information, contact the Office of Family & Community Engagement, 351 S. Hudson Ave., Room 121, Pasadena, 626.396.3600 ext: 88191, familycenter@pusd.us or visit our website at pusd.us/family

The Education Code states that the SARC "shall provide data by which parents can make meaningful comparisons between public schools enabling them to make informed decisions on which school to enroll their children. A copy of the SARC may be requested in the Department of Special Projects, State and Federal Programs during normal working hours. The information is also available on the internet at www.pusd.us or at the school site.

SCHOOL VISITING PROCEDURES – EC 51101 (a)(12) Parents and guardians enrolled in public schools have the right and should have the opportunity to, as mutually supportive and respectful partners in the education of their children, to be informed about school rules, including procedures for visiting the school. COMMUNITY ENGAGEMENT

The Pasadena Unified School District formally partners with the City of Pasadena, the City of Sierra Madre, the Town of Altadena, and Los Angeles County, and community partners in a multi-jurisdictional approach that transcends bureaucratic barriers to align resources so that children and families thrive in safe, stable, and supportive environments. To learn more about Collaborate PASadena and join the conversation for collective action, go to www.CollaboratePASadena.org

SCHOOL VISITOR REGISTRATION REQUIREMENTS – PC 627.6: At the entrance to each school and school grounds is posted a notice setting forth visitor registration requirements, hours during which registration is required, the registration location, the route to take to that location, and the penalties for violation of registration requirements. Visit your school's main office for more details.

SCHOOL VOLUNTEER PROGRAM: Volunteers serve as reading tutors, mentors, classroom support, and more. School volunteers must apply at the school and meet basic health and safety requirements to ensure the wellbeing of students and staff. Parents interested in volunteering should contact their local school and request an application. For more information, contact your school.

CUSTODY CONCERNS Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records. The only exception is when signed restraining orders or proper divorce papers specifically stating visitation limitations are on file in the school office. Any student release situation which leaves the student's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child. gopUSD.com/cwas

Permit-only schools, such as Field Elementary (Dual Language-Mandarin Chinese), San Rafael Elementary (Dual Language-Spanish), and Marshall Fundamental 6-12, and dual language immersion programs do not have designated areas of attendance. Information regarding Signature Programs and other special features at each campus is available at pusd.us/enroll. Children of district employees and City of Pasadena employees are given a preference in Open Enrollment for a limited number of seats by application. Priority enrollment is offered each Fall to:

To participate in PUSD sports programs, high school student athletes must secure athletic clearance and complete and sign every part of the required application, which must be presented to the high school Athletic Director and be on file in that person's office. No try-outs, practice, or participation of any kind may take place prior to receiving approval from the Athletic Director. By CIF rules, information provided by the student or his/her parent which proves to be false may result in the loss of as much as 24 months of athletic eligibility. For more information on school athletics programs and schedules, contact the school athletics director. For district athletic programs, visit gopUSD.com/athletics.

CONCUSSION & HEAD INJURIES – EC 49475 A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district, charter school, or private school that elects to offer an athletic program must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course. According to California state law Assembly Bill 25 and Education Code § 49475: *Additionally, every two years all coaches are required to receive training about concussions (Assembly Bill 1451). 1) The law requires a student athlete who may have a concussion during a practice or game to be removed from the activity for the remainder of the day. 2) Any athlete removed for this reason must receive a written note from a medical doctor trained in the management of concussion before returning to practice. 3) Before an athlete can start the season and begin practice in a sport, a concussion information sheet must be signed and returned to the school by the athlete and the parent or guardian.*

HEALTH INSURANCE COVERAGE FOR ATHLETICS—EC 32221.5: Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state or federally

sponsored health insurance programs. Information about these programs may be obtained by calling the school site and requesting the Student Accident Insurance Letter.

AVAILABILITY OF PROSPECTUS—EC 49063 & 49091.14: Each school must annually compile a prospectus of the curriculum to include titles, descriptions, and instructional goals for every course offered by the school. Please contact the school for a copy of the prospectus.

CALIFORNIA COLLEGES GUIDANCE INITIATIVE (CCGI) Pasadena Unified partners with CCGI, a state-sponsored equity-focused non-profit that manages the state of California's college and career planning platform, CaliforniaColleges.edu. In order to provide valuable tools and resources to students, the district will automatically share student transcript data in accordance with all state and federal student privacy laws. A parent or a student who is 18 or older may decline to share their student transcript data by returning their [CCGI Opt Out form](#) to your child's counselor.

CAL GRANT PROGRAM – EC 69432.9: A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants. In order to assist students to apply for financial aid, all students in grade 12 are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted by the October 1 deadline to the California Student Aid Commission (CASC) electronically by a school or school district official. A student, or the parent or guardian of a student under 18 years of age, may complete a form to indicate that he or she does not wish for the school to electronically send CASC the student's GPA. Until a student turns 18 years of age, only the parent or guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself or herself out, and can opt in if the parent or guardian had previously decided to opt out the student. Notification regarding CASC and the opportunity to opt out of being automatically deemed a Cal Grant applicant will be provided to all students and their parents or guardians by January 1 of the students' 11th grade year. **Please mail or scan your [Cal Grant form](#) to your child's counselor.**

Parent Notice on Available Language Programs and Language Acquisition Programs

Parents/Guardians may choose a language acquisition program that best suits their child (EC Section 310[a]). Language acquisition programs are educational programs designed for English Learners (ELs) to ensure English is acquired as rapidly and effectively as possible, that provide instruction to pupils on the academic content and English Language Development (ELD) standards, through Integrated and Designated ELD. Language programs are programs designed to provide opportunities to pupils who are not English learners to be instructed in languages other than English to a degree sufficient to produce proficiency in those languages. (5 CCR section 11300[e]). The PUSD offers the following language and language acquisition programs for student enrollment:

- **Structured English Immersion (SEI) Program:** A language acquisition program for ELs in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. Students are offered access to grade level academic subject matter content in both designated and integrated ELD. *Ed. Code* sections 305(a)(2) and 306(c)(3).
- **Dual-Language Immersion (DLI) Program (English/Armenian, French, Mandarin, Spanish):** A language acquisition program for ELs and native English speakers which enables students to master academic subjects in both English and the target languages. The program is based on a two-way, 90:10, language immersion model. Classrooms are composed of native English speakers and native speakers of the target language allowing students to support each other in their development of both languages. The 90:10 model signifies that the kindergarten curriculum is taught 90% in the target

language and 10% in English. At each subsequent grade level, the amount of instruction in English is increased by 10% so that by fourth grade, students are taught 50% in each language. In middle school, two courses are taught in the target language. High schools offer one or two courses in the target language. In 2020-21, PUSD will offer Armenian Immersion at the high school level beginning in 9th grade. EC Section 306(c)(1).

- **Newcomer Program:** A language acquisition program designed for ELs in grade 6th – 12th, who are new to the country, with less than 12 months of schooling in the United States. Instruction and/or support is provided in the students' native language with transition to more instruction in English as skills develop.

Parents/Guardians may choose a language acquisition program that best suits their child and may establish a new language acquisition program by submitting a verbal or written request to the office at your school or the Language Assessment Development Dept. We accept all requests and maintain records for all requests which are dated, including parent/child name(s), a description of the request, and your child(s) grade level. We are required to: assist parents in clarifying their request; maintaining records of each request for three years; accept requests from students enrolled for the current year as well as the following school year; monitor the number of parent requests for language acquisition or language programs on a regular basis throughout the year; and consider requests for a multilingual program model from parents of pupils enrolled in the school, who are native speakers of English when determining whether a threshold is reached. ***Waivers are no longer required.** Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a].)

MATHEMATICS PLACEMENT GRADES 6-12: Math course placement at the secondary level (6th-12th grades) is determined by math skill, rather than by grade level. Therefore, students are placed in courses according to multiple data points, such as state and local assessment results and grades. MORAL OBJECTION TO DISSECTING—EC 32255: Any student with a moral objection to dissecting or otherwise harming or destroying an animal, or any part thereof, must inform his or her teacher of the objection. A note from the student's parent or guardian must substantiate objections. The teacher may work with the student to develop an alternate education project. Questions regarding this issue should be directed to the student's principal.

NOTICE OF ALTERNATIVE SCHOOLS—EC 58501: California State law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to (1) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (2) Recognize that the best learning takes place when the student learns because of his/her desire to learn. (3) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests.

These interests may be conceived by him/her totally and independently, may result in whole or in part from a presentation by his/her teachers, or by choices of learning projects. (4) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (5) Maximize the opportunity for students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located. In the event any parent/guardian, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office have copies of the law available for your information. This law particularly authorizes interested persons to request the Governing Board of the district to establish alternative school programs within the district.

SPECIAL EDUCATION

Special Education Eligibility and Services - EC 56301

Federal and state laws require that school districts provide a free, appropriate education in the least restrictive environment for students with eligible disabilities residing in the school district. The Pasadena Unified School District seeks to locate, identify, and assess students who reside in the District if there is a suspected disability. If an eligible disability is determined, the District will offer placement and services through an Individualized Education Program for students ages three through twenty-one years, and early intervention services to qualified infants and toddlers under three years of age. Eligibility areas include: orthopedic impairment, deafness or hearing impairment, visual impairment, deaf-blind, intellectual disability, emotional disturbance, specific learning disability, speech and/or language impairment, autism, other health impairment, traumatic brain injury, and multiple disability. There is a continuum of services available to support the educational needs of students with disabilities. Some of the services available include: specialized academic instruction, related services such as speech/language therapy, adapted physical education, behavior services, mental health services, and occupational therapy. The programs and services offered are based upon each student's identified unique needs. Parent input and participation is a valuable and necessary part of the IEP process. Parents are important members of the IEP team; they must provide consent to any special education assessments and placement decisions for their child. If you believe that your child may have a disability that impacts their educational performance, or you have any questions about your child's current special education program, you may contact your school's special education team or the Special Education Department at 626.396.3600 ext. 88600.

COMMUNITY ADVISORY COMMITTEE (CAC) The CAC consists of parents, school personnel, and community members learning and working together to produce healthy, valuable home-school partnerships. Effective school systems must devote energy and resources to informing and educating parents and community members about how to support and contribute to the efforts of their schools. The Community Advisory Committee (CAC) is designed in the legislative spirit and intent to establish a local forum for active parent involvement. The CAC functions in an advisory capacity to the governing board of the local Special Education Local Plan Area (SELPA). The general meetings are attended by representatives from local regional centers, school district departments and city departments. For information on meeting dates, visit www.pusd.us/Page/170

WHAT ARE THE DISTRICT'S ATTENDANCE POLICIES?

Absence from school, regardless of the reason, limits your child's educational opportunities and can negatively affect his/her grades, academic achievement, promotion, graduation, self-esteem, and future employment. The Pasadena Unified School District urges parents to make sure their children attend school regularly and to schedule medical and other appointments after school or during school holidays. Travel or other absences should be avoided during the time when school is in session. The school calendar is designed so that families can plan vacations during traditional holiday periods, thereby minimizing student absences. Student absences affect the whole school. The State can withhold funding from our district for all absences. Please encourage regular attendance. Truancy is an absence without valid excuse. The City of Pasadena and the County of Los Angeles have enacted ordinances to address school truanies. These ordinances make it unlawful for minors, who are subject to compulsory education laws, to be in any unsupervised place without parent/guardian or other responsible adult between the hours of 8:30 a.m. and 1:30 p.m. Minors may be cited and fined. If you know in advance that your child will be absent for **5 or more consecutive days**, please contact the school office no fewer than three (3) days prior to the planned absence. We can provide an opportunity for your child to receive assignments and credit for work completed through an Independent Study Agreement. For more information, contact the **Office of Child Welfare & Attendance** gopusd.com/cwas

SCHOOL ABSENCES - EC 48205: Following an absence, a student shall present a satisfactory reason for the absence within 5 calendar days. Absences not verified within the time allowed will be considered unexcused absences. Absences shall be verified by a student's parent/guardian. The methods to verify a student's absence will include a written note, fax, email, conversation in person or by telephone, or a voicemail from a parent/guardian or parent representative.

CHRONIC ABSENTEEISM - EC 48240: The Governing Board believes that chronic absenteeism and tardiness, whether caused by excused or unexcused absences, may be an early warning sign of poor academic achievement and may put students at risk of dropping out. Therefore, chronic absenteeism as defined in EC60901(c)(1) should be monitored to identify students at risk. Students missing 10 percent or more of school days due to absence for any reason - excused, unexcused absences, and suspensions. Students identified as chronic absentees may be referred to critical support services and interventions which will help get them back on track with their education.

WHAT ARE THE DISTRICT'S HEALTH POLICIES?

ENTRANCE HEALTH SCREENING—HSC 124085, 124100, 124105 & 120475 State law requires that the parent or legal guardian of each pupil provide within 90 days after entrance into the first grade, a certificate approved by the department to the school where the child is to enroll documenting that within the prior 18 months the child has received a health screening by a health care provider. Free health screening is available through the County Health Department or the **Child Health and Disability Prevention (CHDP) clinic at (626) 396-3600, ext.88180.**

EMERGENCY TREATMENT FOR ANAPHYLAXIS – EC 49414, BP 5141.21 Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. Recent changes to EC 49414 now require school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history.

HEARING TESTS—EC 49452 & 49454 The Superintendent or designee shall provide for the administration of hearing tests to district students by personnel authorized to conduct such testing and in accordance with the procedures specified in 17 CCR 2951. Each student shall be given a hearing screening test at the following times: Kindergarten or Grades 1, Grades 2, Grade 5, Grade 8, Grade 10 or 11, and upon first entry into the California public school system.

HOME AND HOSPITAL INSTRUCTION - TEMPORARY DISABILITY—EC 48206.3, 48207, 48208 The school district provides individual instruction (home and hospital instruction) for pupils with temporary disabilities. A pupil with a temporary disability, which makes attendance in the regular day classes or the alternative educational program in which the pupil is enrolled impossible or inadvisable, shall receive individual instruction provided by the district in which the pupil is deemed to reside. A pupil with a temporary disability, who is in a hospital or other residential health facility, excluding a state hospital, may be deemed to have complied with residency requirements for school attendance in the district in which the hospital is located. It is the responsibility of the parent or guardian to notify the school district in which the hospital or other residential health facility is located of the presence of a pupil with a temporary disability. Please contact the **Health Programs office at (626) 396-3600, ext. 88240**, for additional information.

INSURANCE PLAN—EC 49471 & 49472 The Pasadena Unified School District does not carry medical, hospital or dental insurance for students should they be injured on school premises while under school jurisdiction or through school-sponsored activities. The district makes available low cost medical/dental insurance plans for parent/guardian consideration. Contact is made directly with the insurance company, and the pupil, his parent or guardian pays for the cost of the insurance.

IMMUNIZATIONS – EC 49403 and 48216; HSC 120325, 120335, 120365, 120370, 120375 Students must be immunized against certain communicable diseases. Students are prohibited from attending school unless immunization requirements are met for age and grade. The school district shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The district may use any funds, property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student whose parents have consented in writing. Beginning January 1, 2016, parents of students in any school will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade. Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs. A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

State law requires the following immunizations before a child may attend school:

- (a) All new students, in transitional kindergarten through grade 12, to the Pasadena Unified School District must provide proof of polio, diphtheria, pertussis, tetanus, measles, mumps, rubella, hepatitis B and varicella immunizations, in accordance with the age/grade and dose required by the California Department of Public Health.
- (b) All seventh grade students must also provide proof of a second chickenpox (Varicella), and a pertussis booster vaccine.

Free Immunizations are available at the PUSD Primary Clinic, room 130 in the Education Center for those who are Uninsured, Underinsured, or Medi-Cal eligible. Please call x88180 for information. Information about a medical exemption from immunizations for your student is available at the health office at your child's school.

Statewide Immunization Database / Immunization Information Sharing is Now Mandatory (Assembly Bill 1797) AB 1797 amended Health and Safety Code section 120440 to require schools, health care providers, childcare facilities, childcare families, and county human services agencies to disclose, upon request, specified immunization information to local health departments and the State Department of Public Health, as well as to each other. Before AB 1797, this immunization information sharing was optional. AB 1797 also added a student's race and ethnicity to the list of information that must now be shared. Our Client News Brief regarding AB 1797 can be found here: [2022 Client News Brief Number 54](#). School districts must obtain written parental consent before sharing student immunization information with the California Immunization Registry (CAIR), or with one of the other agencies listed above. Some districts may already have consent

procedures in place for this immunization information. Either way, school districts may also consider including an Annual Notice provision that addresses parental rights related to immunization information sharing.

MEDICATION REGIMEN—EC 49423, 49423.1 & 49480 The parent or legal guardian of any pupil taking medication on a regular basis must inform the school nurse or health office personnel of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the parent or legal guardian, the school nurse may communicate with the physician and may counsel with the school personnel regarding the possible effects of the medication on the pupil. Any pupil who is required to take medication prescribed by a physician, surgeon or physician assistant during the regular school day, may be assisted by the school nurse or other designated school personnel or may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a written statement from the parent or guardian requesting the school district assist the pupil with prescribed medication as set forth in the physician statement.

In order for a pupil to carry and self-administer prescription auto-injectable epinephrine or asthma inhaler the school district shall obtain both a written statement from the physician, surgeon or physician assistant detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer auto-injectable epinephrine or asthma inhaler, and a written statement from the parent, foster parent, or guardian of the pupil consenting to the self-administration, providing a release for the school nurse or other designated school personnel to consult with the health care provider of the pupil regarding any questions that may arise with regard to the medication, and releasing the school district and school personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering medication.

1. Talk to your child's doctor about making a medicine schedule so that your child does not have to take medicine while at school.
2. If your child is regularly taking medicine for an ongoing health problem, even if he or she only takes the medicine at home, give a written note to the school nurse or other designated school employee at the beginning of each school year. You must list the medicine being taken, the current amount taken, and the name of the doctor who prescribed it (EC 49480).
3. If your child must take medicine while at school, give the school a written note from you and a written note from your child's doctor or other health care provider, who is licensed to practice in California. Provide new, updated notes at the beginning of each school year and whenever there is any change in the medicine, instructions, or doctor (EC 49423).
4. As parent or guardian, you must supply the school with all medicine your child must take during the school day. You or another adult must deliver the medicine to school, except medicine your child is authorized to carry and take by him or herself.
5. All controlled medicine, like Ritalin, must be counted and recorded on a medicine log when delivered to the school. You or another adult who delivered the medicine should verify the count by signing the log.
6. Each medicine your child must be given at school must be in a separate container labeled by a pharmacist licensed in the United States. The container must list your child's name, doctor's name, name of the medicine, and instructions for when to take the medicine and how much to take.
7. Pick up all discontinued, outdated, and/or unused medicine before the end of the school year.
8. Know and follow the medicine policy of your child's school.

NOTICE OF PARTICIPATION IN THE LEA MEDI-CAL BILLING PROGRAM The District, in cooperation with the California Departments of Health Care Services and Education, participates in a program that allows the district to be reimbursed with federal Medicaid dollars for select health services provided to enrolled Medi-Cal students at school. The money received through this program is directly reinvested into expanding and improving health and social services for all students. In accordance with state and federal rules and guidelines, we are notifying you that some information may be released from your student's records to our reimbursement recovery vendor, Paradigm Healthcare Services, LLC; Los Angeles County Office of Education; and to the Department of Health Care Services (DHCS) for claiming purposes only (and your child's Medi-Cal benefits may be accessed). This information is only released if we have received your consent to do so. Your consent may have been provided to the district when you registered your student for school, as part of your back-to-school paperwork or during the IEP/IFSP development and review process (if applicable).

All information that is shared is encrypted and transmitted securely to both our vendors and to DHCS. The education records that may be shared as a result of our participation in this program include a) Student name, date of birth, and health-related evaluation, intervention, and referral information (for services received at school), and b) Practitioners' notes related to these health services and select data from child's IEP/IFSP (if applicable).

You have the right to withdraw your consent to disclose your student's information at any time —feel free to visit your school's front office to discuss this program. Please note that students will not be denied services they require to attend school and parents will never be billed by the school district for services provided as a result of your consent or non-consent. Further, while Medi-Cal is reimbursing the district for select health services, your child's Medi-Cal benefits should not be impacted in any way. We participate in this program in an effort to obtain federal funding for the Medi-Cal reimbursable health services already being performed at school, and then use this funding to expand services that are available to all students.

Additional notes:

Confidentiality & Privacy. The district's reimbursement recovery vendor is bound by a contract that contains specific provisions to keep student records confidential, ensuring information is not used or disclosed inappropriately; further, our vendor is HIPAA compliant. In addition, the district and DHCS are bound by agreements that include specific provisions about the use of the information shared in this program and governing security protocols.

Third Party Liability. If your student is enrolled in Medi-Cal and is also covered by a third party insurer, DHCS may attempt to recover third party liability if they pay a school-based claim submitted by us. This occurs due to the assignment of third-party liability rights that were provided when your application to Medi-Cal was approved.

Pupil Health: Type 1 Diabetes Information: Parent Notification (Senate Bill 97)

SB 97 requires the CDE to develop informational materials regarding type 1 diabetes and make this information available on the CDE's website. Effective January 1, 2023, SB 97 also requires school districts, county offices of education, and charter schools to either include the materials as part of the Annual Notice or make these materials available to parents and guardians when students first enroll in elementary school. The CDE's Type I Diabetes Information sheet may be found [here](#). Our Client News Brief about this requirement may be found here: [2021 Client News Brief Number 37](#). **Student Food Allergies / California Food Allergy Resource Webpage (Assembly Bill 2640)** AB 2640 added Education Code section 49414.2, which requires the CDE to develop a California Food Allergy Resource internet webpage. To date, the new webpage is not available, but once the CDE's Nutrition Services Department makes it available, it will be located here. This new law encourages local educational agencies to consult the webpage and make it available annually to pupils, parents, and guardians. Once the CDE's webpage is available, a link to the webpage may be included in the Annual Notice.

STUDENT CONDUCT

The Pasadena Unified School District supports collaboration between home and school to establish and enforce appropriate standards of conduct for students. Parental participation and responsibility is essential in assisting students in maintaining appropriate conduct. Therefore, with the exception of mandated police notification for serious infractions, teachers and other district personnel will initiate contact with parents as a primary action in response to student conduct that violates school rules. Parents are expected to provide and maintain current phone numbers of home and work to enable school personnel to make timely contact on behalf of students. gopUSD.com/cwas

Disciplinary policies within the elementary and secondary schools' discipline plans will be developed and enforced within the general guidelines as set forth in the District's Standards of Conduct. These guidelines reflect a spectrum ranging from Encouraged and Expected Student Behaviors to identified Interventions and Consequences that may be appropriate for specific violations of district/school rules.

Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process. NOTE: Suspension is not a permissible disciplinary action for a dress code violation (PUSD Board Policy 5144.1 Suspension/Expulsion). Students should not miss class due to dress code violations. Students may carry and apply sunscreen while on campus with a signed permission slip. PARENT/GUARDIAN SCHOOL ATTENDANCE—EC 48900.1: A school district may adopt a policy authorizing teachers to require the parent or guardian of a pupil who has been suspended from class by the teacher for an obscene act, profanity or vulgarity, disruption of school activities, or willful defiance of the teacher's authority to attend a portion of the school day in the classroom of his or her child.

PROHIBITED MATERIALS—EC 51512: The Legislature finds that the use by any person, including a pupil, of any electronic listening or recording device in any classroom of the elementary and secondary schools without the prior consent of the teacher and the principal of the school given to promote an educational purpose disrupts and impairs the teaching process and discipline in the elementary and secondary schools, and such use is prohibited. Any person, other than a pupil, who willfully violates this section shall be guilty of a misdemeanor. Any pupil violating this section shall be subject to appropriate disciplinary action. This section shall not be construed as affecting the powers, rights, and liabilities arising from the use of electronic listening or recording devices as provided for by any other provision of law.

ELECTRONIC SIGNALING DEVICE—EC 48901.7: In the Pasadena Unified School District, students may carry phones and pagers during school hours under the following conditions: Mobile communication devices shall be turned off during instructional time. However, a student shall not be prohibited from possessing or using a mobile communication device under any of the following circumstances: 1. In the case of an emergency, or in response to a perceived threat of danger 2. When a teacher or administrator grants permission to the student to possess or use a mobile communication device, subject to any reasonable limitation imposed by that teacher or administrator 3. When a licensed physician or surgeon determines that the possession or use is necessary for the student's health and well-being 4. When the possession or use is required by the student's individualized education program **FINANCIAL LIABILITY—EC 48904:** Notwithstanding Section 1714.1 of the Civil Code, the parent or guardian of any minor whose willful misconduct results in injury or death to any pupil or any person employed by, or performing volunteer services for, a school district or private school or who willfully cuts, defaces, or otherwise injures in any way any property, real or personal, belonging to a school district or private school, or personal property of any school employee, shall be liable for all damages so caused by the minor. The parent or guardian of a minor shall be liable to a school district or private school for all property belonging to the school district or private school loaned to the minor and not returned upon demand of an employee of the district or private school authorized to make the demand. Grades, diplomas and transcripts may be withheld until restitution is made.

LASER POINTERS—PC 417. 27: It is a crime for any student to possess a laser pointer on any elementary or secondary school premise, unless the possession is for a valid instructional or other school-related purpose.

BB DEVICE/IMITATION FIREARM—PC 12550 & 12556: A BB device can be considered an imitation firearm. The Penal Code makes it a criminal offense to openly display or expose any imitation firearm in a public place.

The lockers are subject to search whenever the district finds a need to do so. The use of school lockers for other than school-related purposes is prohibited. The improper use of school lockers may result in disciplinary action. In the interest of maintaining a safe environment, locker searches and metal detection may occur as needed by school administration.

USE OF CONTRABAND DETECTION DOGS: Contraband detection dogs shall not be used in classrooms or other district facilities when the rooms are occupied, except for demonstration purposes with the handler present. When used for demonstration purposes, the dog shall be separated from the students and not allowed to sniff any individual. Prior to conducting an inspection, students shall be asked to leave the room that will be subject to the canine sniff. No student shall be forced to leave personal items behind for inspection, unless school officials have reasonable suspicion to search the item. Only the dog's official handler shall determine what constitutes an alert by the dog. If the dog alerts on a particular item or place, the student having the use of that item or place, or responsibility for it, shall be called to witness the inspection. If a dog alerts on a locked vehicle, the student who brought the vehicle onto district property shall be asked to unlock it for inspection (AR 5145.12).

4. You may make an anonymous complaint by contacting the principal or the Director of Child Welfare, Attendance, and Safety. If there is sufficient corroborating information, the District will commence an investigation.

SEXUAL HARASSMENT—EC 48900.2: A pupil may be suspended from school or recommended for expulsion if the Superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined in Section 212.5. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive.

SEXUAL HARASSMENT—EC 231.5, 48900.2 & 5 CCR 4917: The Governing Board is committed to maintaining a school environment that is free from harassment. The Board prohibits sexual harassment of any student by another student, an employee or other person, at school or at a school-sponsored or school-related activity. The Board also prohibits retaliatory behavior or action against any person who complains, testifies, assists or otherwise participates in the complaint process established in accordance with this policy.

Any student who engages in the sexual harassment of anyone at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4 through 12, disciplinary action may include suspension and/or expulsion, provided that in imposing such discipline the entire circumstances of the incident(s) shall be taken into account. Such circumstances shall include but are not limited to:

- 1) Age and maturity of the victim and the perpetrator;
- 2) Pervasiveness of the alleged harassing conduct (i.e., how many times the act(s) occurred, how many individuals were involved, etc.);
- 3) Prior complaints against the perpetrator.

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

- 1) What acts and behaviors constitute sexual harassment, including the fact that sexual harassment could occur between people of the same gender.
- 2) A clear message that students do not have to endure sexual harassment. Students should be encouraged to report observed instances of sexual harassment, even where the victim of the harassment has not complained.
- 3) Information about the person(s) to whom a report of sexual harassment should be made.

Any student who feels that he/she is being or has been subjected to sexual harassment shall immediately contact a school employee. A school employee to whom a complaint is made shall, within 24 hours of his/her getting the complaint, report it to the principal or designee. Any school employee who observes any incident of sexual harassment on any student shall similarly report his/her observation to the principal or designee, whether or not the victim makes a complaint. If the alleged harasser is the principal or designee, the employee may report the complaint or his/her observation of the incident to the Superintendent or designee who shall investigate the complaint. The principal or designee to whom a complaint of sexual harassment is reported shall immediately investigate the complaint. Where the principal or designee finds that sexual harassment occurred, he/she should take prompt, appropriate action to end the harassment and address its effects on the victim. The principal or designee shall also advise the victim of any other remedies that may be available. The principal or designee shall file a report with the Superintendent or designee and refer the matter to law enforcement authorities, where necessary. In addition, the student may file a formal complaint with the Superintendent or designee in accordance with the district's uniform complaint procedures.

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address and prevent repetitive harassing behavior in its schools. Information gathered in the course of investigating a sexual harassment complaint shall be kept confidential to the extent possible.

PROHIBITED CONDUCT: Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal, visual or physical conduct of a sexual nature when: (Education Code 212.5)

- 1) Submission to the conduct is explicitly or implicitly made a term or condition of an individual's employment, academic status or progress.
- 2) Submission to or rejection of the conduct by an individual is used as the basis for academic or employment decisions affecting the individual.
- 3) The conduct has the purpose or effect of having a negative impact on the individual's academic or work performance, or of creating an intimidating, hostile or offensive educational or work environment.
- 4) Submission to or rejection of the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the school.

Other types of conduct which are prohibited in the district and which may constitute sexual harassment include:

- 5) Unwelcome leering, sexual flirtations, or propositions.
- 6) Unwelcome sexual slurs, epithets, threats, verbal abuse, derogatory comments, or sexually degrading descriptions.
- 7) Graphic verbal comments about an individual's body or overtly personal conversation.
- 8) Sexual jokes, stories, drawings, pictures, or gestures.

REPORTING SEXUAL HARASSMENT: Students are expected to report incidents of sexual harassment to the school principal, to another district administrator, or to the Chief of Human Resources at (626) 396-3600, ext. 88776. Upon receipt of a complaint, the Chief of Human Resources or designee shall promptly convene an Investigative Team to identify and implement investigative procedures, which shall include contacts with the complainant, the accused, and witnesses. A written summary of findings will be communicated to complainant within 30 days of completion of the investigation but no later than 45 days of the reporting of the incident. Students also have available all local law remedies, mediation centers, legal assistance agencies, and private legal counsel for assistance in the resolution of complaints. Questions or complaints of alleged discrimination, harassment, intimidation, and/or bullying or Title IX equity and compliance concerns for students should be directed to: Chief of Human Resources 626.396.3600 ext. 88777, Pasadena Unified School District, 351 S. Hudson Ave., Pasadena, CA 91109

NOTIFICATION: A copy of the district's sexual harassment policy shall 1) be included in the notifications that are sent to parents/guardians at the beginning of each school year (EC 48980); 2) be displayed in a prominent location near each school principal's office (EC 212.6); 3) be provided as part of any orientation program conducted for new students at the beginning of each quarter, semester or summer session (EC 212.6); and 4) appear in any school or district publication that sets forth the school or district's comprehensive rules, regulations, procedures and standards of conduct (EC 212.6).

ENFORCEMENT: The principal or designee shall take appropriate actions to reinforce the district's sexual harassment policy. These actions may include 1) removing vulgar or offending graffiti; 2) providing staff in-service and student instruction or counseling; and/or 3) taking appropriate disciplinary action as needed.

INVESTIGATING COMPLAINTS: Sexual harassment is a matter requiring unusually prompt attention by supervisors since failure to act may cause further personal damages to the alleged victim as well as legal action. Further, the issues involved are typically very personal and sensitive, and many victims will not risk the delays, publicity, and complications attendant to regular grievance procedures. Since the Pasadena Unified School District recognizes the delicate nature of such situations, each step in the complaint procedure will be conducted with discretion in order to maintain a high degree of confidentiality. It is the intent of the procedure to result in prompt recourse and ensure fairness and equity to the person alleging sexual harassment, the person accused of the sexual harassment, and witnesses.

1) Any employee or student who believes he/she is being sexually harassed or finds the work or academic environment hostile should inform the harasser that he/she does not welcome or approve of such actions. If such actions continue, an employee complainant should notify his or her supervisor. If the supervisor is the alleged harasser, then the complainant should notify a member of the District Investigative Team (IT). If the complainant is a student, he/she or the student's parents should notify his/her teacher, guidance counselor, dean, or principal, or a member of the IT. Supervisors or other individuals receiving a sexual harassment complaint are required to report the complaint immediately to any member of the IT. Supervisors or any individual receiving a complaint are required to report immediately complaints of sexual harassment to any member of the IT. Whenever a complaint of harassment occurs, the person receiving the complaint shall promptly and fully notify the alleged victim of his/her rights pursuant to this policy and current law. The complainant and accused will also be given a copy of the sexual harassment policy.

2) If the supervisor or member of the IT believes the complaint can be resolved through informal means, then every effort will be made to do so.

3) **Informal Investigation:** The complainant will be advised in advance of the date and time that the accused will be informed of the complainant's complaint. At the earliest appropriate time, the accused will be explained his/her rights pursuant to this policy at the earliest appropriate time and will be immediately informed that any retaliation against the complainant and/or witness is strictly prohibited, regardless of the accuracy of the complaint.

4) The supervisor and/or the IT shall then inform the person alleged to have committed harassment of the complainant and explain his/her rights pursuant to this policy. The IT shall also endeavor to obtain all possible information from the individual named by the complainant, from witnesses to the incident, if any, and from victims, if any, of similar conduct.

5) Upon completion of the investigation, the complainant shall be advised of the findings and recommendations. This information shall then be communicated to the alleged harasser, and as appropriate, any other persons directly involved in the incident(s).

6) **Formal Investigation:** Once the IT has reviewed a written complaint of sexual harassment, a complete and thorough investigation shall begin. The complaint will be resolved by this investigation, which shall also include gathering information from witnesses to the incident, if any, and from victims, if any, of similar conduct. The complainant will be advised in advance of the date and time that the accused will be informed of the complainant's complaint. The complainant will be advised in advance of the date and time that the accused will be informed of the complainant's complaint. At the earliest appropriate time, the accused will be explained their rights pursuant to this policy and will be informed that any retaliation against the complainant and/or witnesses is strictly prohibited, regardless of the accuracy of the complaint.

7) The IT shall make a written report of the findings and recommendations regarding the acts and whether the sexual harassment did occur, and this determination will be communicated to the complainant first, the alleged harasser, and, as appropriate, any others directly concerned. If, after the investigation, the IT determines that the sexual harassment did not occur, the personnel file of the accused shall be expunged of all relevant documents. However, if the IT makes a finding that the sexual harassment did in fact occur, the alleged harasser shall have the opportunity to respond to this written determination prior to placement in his/her personnel file. Reports of all complaints and findings will be maintained by the IT in a confidential file.

8) **Disciplinary Action:** If the alleged harasser is determined to have engaged in sexual harassment, appropriate disciplinary action as recommended by the Superintendent or his/her designee shall be taken by the District. The types of discipline (oral or written warnings, suspension, demotion or discharge/expulsion) that will be appropriate will be determined, in part, by the severity of the facts and whether or not the harassment is of a chronic nature. The employee against whom disciplinary action is taken shall be entitled to due process provided by law, Board policy, the Rules of the Personnel Commission, and current employee agreements. The disciplinary action will be made known to the complainant when final. Appropriate action may include remedies for the complainant's loss, if any. If the employee or student complainant has suffered harm through loss of his/her ability to study or work effectively, loss of student or employment status or well-being, the District will implement appropriate remedies.

In accordance with the provisions of Education Code, the District's agreements with the United Teachers of Pasadena (UTP), Chapter 434 of the California School Employees Association (CSEA), and Local 911 of the Teamsters, if either the complainant or the alleged harasser is not satisfied with the findings of the Investigative Team's report, they may appeal the entire matter to a closed session hearing of the Governing Board. The Board's decision will be the final decision of the District. Either party to the Board Hearing may be represented by an advisor(s) of their choosing. The findings of the Board may be appealed to the Fair Employment and Housing Commission. Even if no sexual harassment is found, the Fair Employment and Housing Commission may find a violation when the employer did not "inform the complainant of his/her rights and obligations to investigate fully." In determining whether the employer's response was sufficient to excuse the employer from liability, the test for the Commission is "whether the employer has acted promptly, vigorously, and visibly, and has demonstrated that it strongly disapproves of sexual harassment and will not tolerate it in the workplace."

STUDENT DISCIPLINE GUIDELINES

The spectrum of responses to inappropriate conduct ranges between the minimum of a warning to suspension, to an involuntary transfer to an alternative education program, to Board action regarding expulsion. gopUSD.com/cwas

To the extent possible, alternatives to formal suspension will be initiated. Suspended students should also participate in appropriate intervention and remediation consequences upon return from suspension. The number of suspension days determined per incident may be reduced by parent/student agreement with school staff in order to allow the student to participate in alternative remediation activities. Alternatives to suspension are also applicable to Special Education students.

Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil's record, which may be accessed pursuant to Section 49069. However, a pupil, including an individual with exceptional needs as defined in Section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or Superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900, or that the pupil's presence causes a danger to persons.

When appropriate, alternative disciplinary methods may be employed to address and correct specific behaviors. Other means of correction include, but are not limited to, the following:

- (1) A conference between school personnel, the pupil's parent or guardian, and the pupil.
- (2) Referrals to the school counselor, psychologist, social worker, child welfare attendance personnel, or other school support service personnel for case management, counseling, and Behavior Rtl (Response to Intervention)* strategies.
- (3) Study teams, guidance teams, resource panel teams, or other intervention-related teams that assess the behavior, and develop and implement individualized plans to address the behavior in partnership with the pupil and his/her parents.
- (4) Enrollment in a program for teaching prosocial behavior or anger management.
- (5) A positive behavior support approach with tiered interventions that occur during the school day on campus.
- (6) After-school programs that address specific behavioral issues or expose pupils to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups. (Education Code 48900.5., 48911.1)

Individual suspensions may range from a one-day school suspension to a maximum of five days to a recommendation for expulsion. *The total number of days for which a pupil may be suspended from school shall not exceed 20 school days in any school year, unless for purposes of adjustment, a pupil enrolls in or is transferred to another regular school, an opportunity school or class, or a continuation education school or class, in which case the total number of school days for which the pupil may be suspended shall not exceed 30 days in any school year. It is important to note that Special Education students can only be suspended for a maximum of 10 days in any school year.* Any suspension days in excess of 10 days is considered a change in placement and requires agreement of the Individualized Education Plan (IEP) team. For guidance in this area, please refer to the district's Department of Special Education.

MAKE-UP WORK: Students shall be given the opportunity to make up school work missed because of an excused absence or suspension and shall receive full credit if the work is turned in according to a reasonable make-up schedule. The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the suspension (Education Code 48913). Staff will allow access to daily homework to suspended students.

ACTS OF VIOLENCE: With regard to acts of violence between students, including physical fights and serious verbal conflicts that could lead to violence, it is expected that parents will be contacted and involved in resolving the conflict in an effort to establish consequences and avoid repeat encounters. At the secondary level, staff responsible for handling student misconduct is expected to expand their efforts to include joint parent conferences along with students who are involved in serious conflicts including physical fights. Parents of mutual combatants may initiate a face-to-face dialogue and mediations with each other to resolve the issues and establish mutual consequences for students as established by parents and school personnel. These mediations may be held whenever students are suspended and as a condition of returning to school in a timely manner. Elementary schools are also expected to initiate similar activities. Parents who willingly participate in mediations may have the number of suspension days or other disciplinary action initially determined for the incident reduced. Parents who refuse to participate or cooperate in mediations along with their child may cause the student to serve all suspension days determined by the incident and/or in more serious cases cause the transfer of the student to another school. However, the number of suspension days originally determined may not be increased due to parent failure to participate in mediations.

INTERVENTIONS, REMEDIATIONS, AND CONSEQUENCES:

- A. **Parent Contact** – Verbal or written communication with parent either by telephone, mailing, or in person. Unsuccessful attempts to reach parent, including no answer, busy signals, or messages left do not constitute contact but should be recorded.
- B. **Counseling** – Individual or group meeting of student(s) with school counselor, psychologist, administrator, or other personnel authorized to assist student in resolving conflicts and/or modifying behavior.
- C. **Personal Responsibility** – Activities in which students participate with staff direction that enable students to acknowledge their responsibility for self-determined behavior modification, including written essays, apologies to offended parties, restitution (including financial), school/community service, participation in conflict resolution and anger management activities, and other appropriate interventions.
- D. **Detention** – A 30-minute to 2-hour period during non-instructional time designed to deliver assistance to students in behavior modification strategies.
- E. **Campus Beautification** – Remediation that includes minor work-related and campus support activities, including graffiti removal, cleaning and paper pick-up, furniture moving, office and classroom clerical assistance, and other appropriate activities.
- F. **Parent Conference** – Formal meeting between parent(s) and school personnel to discuss student needs.
- G. **In-School Suspension** – Assignment of student to separate supervised activity during instructional time with the intent to correct inappropriate behavior.

The following will delineate steps that are recommended before a student is suspended. The following consequences and interventions for inappropriate student conduct are recommended for implementation at various levels and prior to suspension other than those deemed mandatory.

Note: The Student Discipline Guidelines have been developed for all schools within the Pasadena Unified School District and outlines the consequences for inappropriate student actions that have been referred to the Principal, Assistant Principal or Dean of Students. Infractions or possible consequences may not be limited to those found in the Student Discipline Guidelines. It should be noted that although the Student Discipline Guidelines afford a framework for dealing with inappropriate behavior in a comprehensive and consistent manner, each disciplinary issue should be reviewed within the context of its unique circumstances and the educational needs of the student. Each administrator or designee shall use his/her judgment in applying its provisions, within the limits stated. Situations not specifically addressed in these guidelines or unusual or extreme cases shall be dealt with in accordance with the California Education Code and District policy. Schools may use other site-based consequences such as In-School Suspension (ISS) as an intervention consequence.

Note: The school district recognizes that **Bullying** is an issue that aggressively needs to be addressed in our schools. District staff will use all resources available within California Education Code and beyond to ensure that all students are secure and respected.

All students in grades three through eight and grade 11 will participate in the 2024 Smarter Balanced tests, which include both ELA and mathematics content areas. These tests provide parents/guardians, teachers, and educators with information about how well students are learning and becoming college and career ready and are administered online.

California Alternate Assessments (CAAs) The summative California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics are to be administered one-on-one to students in grades three through eight and grade 11 whose individualized education program (IEP) identifies the use of alternate assessments. Test items developed for ELA and mathematics are aligned with the CCSS and are based on the Core Content Connectors.

California Science Tests (CAST) - The computer-based CAST measures students' achievement of the California Next Generation Science Standards (CA NGSS) through the application of their knowledge and skills of the Science and Engineering Practices, Disciplinary Core Ideas, and Crosscutting Concepts. The CAST is administered to all students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve).

As the parent or guardian, you have the option of excusing your child from any part of the CAASPP. Penalties for Improper Use

The use of District instructional technology and network accounts is important to the learning process of the student. Misuse may result in the restriction or cancellation of the account. Misuse may also lead to disciplinary and/or legal action for the student, including suspension, and expulsion from District schools, or criminal prosecution by government authorities. The District will attempt to tailor any disciplinary action to the specific issues related to each violation. Students who fail to use the district technology appropriately may have their privilege to use the technology outside of the classroom revoked. If a student's technology use is suspended or revoked, they will only be able to access District technology in their classroom under the direct supervision of their teacher or administrator.

Proper Care of Devices

The Pasadena Unified School District's 1:1 Tech Equity Program affords all students the opportunity to check out a Chromebook to use both at home and at school. PUSD is committed to preparing our students for their future and believes that this objective cannot be accomplished without the use of technology. The Tech Equity program provides our students with opportunities to leverage technology for learning both at home and at school and ensures that all students have equitable access to digital learning resources. With this in mind, it is important that students take proper care of their devices.

Student Responsibilities:

1. Use your device in ways that are appropriate for education
2. Never leave your device unattended in an unsecured or unsupervised location.
3. Do not loan your device to other individuals
4. Bring your Chromebook to school each day with a charged battery and your charger
5. Keep food and beverages away from your device as they may cause damage to the device.
6. Do not put your device in a backpack with a water bottle, as the bottle may leak and cause water damage to the device.
7. Do not disassemble any part of your device or attempt any repairs. Put in a ticket if your Chromebook needs repair.
8. Protect your device by always carrying it in a secure manner to avoid damage. This includes keeping the lid down when walking, not stacking textbooks or other heavy materials on top of the Chromebook, carefully placing it in a backpack and in its protective sleeve.
9. File a police report in case of theft.
10. Agree to return the device, power cord/charger, and any other issued accessories in good working condition when leaving PUSD.
11. Be careful when inserting cords, cables, and removable storage devices into your Chromebook.
12. Don't touch the screen with a pen, a pencil or any other item. The screen is sensitive and responds when you lightly touch it with your finger. Do not use excessive pressure on the screen.
13. Place your Chromebook on level surfaces where it will not fall accidentally.
14. Chromebooks should not be exposed to extreme temperatures. For example, do not set your Chromebook on the dashboard of your car where temperatures may be extremely hot.
15. Unplug your Chromebook when it is not charging. Never move a Chromebook by lifting from the screen. Always support a Chromebook from the bottom with the lid closed.
16. If carrying your Chromebook in your backpack, avoid putting sharp objects in your backpack around your Chromebook, and avoid throwing your backpack or leaving it in places where it can be accidentally kicked.
17. Do not lean or put pressure on the top of the Chromebook when it is closed.
18. Do not carry your Chromebook around with the power adapter plugged in.

Lost or Stolen Chromebooks

Here is the process for dealing with lost/stolen Chromebooks, WiFi Hotspots, and or chargers.

If Lost:

1. Report your lost device to your teacher/office manager/librarian/or instructional coach (whoever gave you the device)
2. The staff member will obtain the serial number of the device and report the device as lost to ITS through the Fresh Desk Ticketing service. This will lock the device from further use.
3. The student will be given an older loaner device to use until either the device is found, or the parent pays to replace the lost device. Parents may order lost chargers on Amazon. [Elementary Device/](#) [Secondary Device](#)
4. Students/Parents will receive an invoice for the device from the school. Funds collected will be sent to the ITS department ATTN: Teresa Rodriguez.
5. Once the funds have been put back into the ITS account, a replacement device will be ordered and sent to the school to be checked out to the student in Destiny.

If Stolen:

1. File a police report. If your device is one of the TK-5 grade chromebooks, the cost of the device is \$389.10 and the cost of the 6th-12th grade chromebooks is \$758.
2. Report your stolen device to your teacher/office manager/librarian/or instructional coach (whoever gave you the device) Turn a copy of your police report into your school.
3. The staff member will obtain the serial number of the device in Destiny and will report the device as lost to ITS through the Fresh Desk Ticketing service. This will lock the device from further use.
4. The student will put in a ticket to receive a loaner device while the stolen device is being processed and replaced.
5. Once the replacement has been received by ITS, the student will exchange their loaner device for the new device.

TECHNOLOGY LEARNING APPLICATIONS

PUSD uses technology for learning, data management, and parent communication.

A snapshot of some current district-supported tech applications for **students**:

- **G.A.F.E.** - All students will automatically receive a Google Apps For Education (G.A.F.E.) account, including email, unless the school receives a written communication from the parents saying they do not want their child(ren) to have a GAFE account or they wish the email feature turned off. Students cannot receive emails from anyone outside of @pusd.us. Students without GAFE access will be unable to use any Chromebook within the District.
- **Canvas** - Every student will engage in their online learning through our Learning Management System (LMS), Canvas. Students can access their accounts through the Clever Dashboard (clever.com/in/pasadenausd) or PUSD Portal (arms.pusd.us). By logging into Canvas, students will be able to click on their courses to: engage in lessons, complete assignments, submit work, send messages to teachers and classmates, and participate in their live synchronous lessons.
- **WebEx: Classroom Conferencing** - Students will engage in live synchronous learning by using our new classroom WebEx tool, which replaces Google Meet. Webex integrates into the student's Canvas classroom where all archived lessons, office hours, and small groups instruction can be found in one place. WebEx provides a safe and secure platform allowing the teacher to facilitate engaging instruction with enhanced teaching tools and breakout rooms.
- **Clever Dashboard** - Students can find all of their learning applications through their Clever dashboard. When students are logged into their Chromebook or logged into a Chrome browser, they will have access to all of their PUSD applications. Students can access the Clever dashboard by visiting clever.com/in/pasadenausd.
- **Aeries: Student Portal** - All students have Aeries Student Portal accounts with access grades, attendance records, report cards, and state assessment scores. We encourage all students to access and monitor their accounts throughout the school year. To learn more, students can visit <https://www.pusd.us/parentportal>.
- **ITS HelpDesk** - All students can submit a ticket for technical support through our helpdesk portal. Our helpdesk team is available to assist with troubleshooting, making appointments for repair, assisting in hotspot checkouts, and support with PUSD applications. - **Aeries: Parent Portal** - With access to the Parent Portal, you as a parent/guardian can see the assignments added by the teacher, grades for those assignments, attendance, view state assessment results, provide confirmation of your student's information, and update personal information. If you don't already have an account setup, you will need to get in touch with your school site to receive a verification code. Please visit www.pusd.us/parentportal for more information.
 - **Electronic Report Cards:** Pasadena Unified School District provides progress reports and report cards electronically through the Aeries Parent Portal to parents/guardians in an effort to maximize parent convenience and move the district toward a more eco-friendly paperless environment. With a Parent Portal account, parents will be able to review, and if they choose, print a copy of the progress report or report card through the Parent Portal. When the report cards are available, parents will be notified via phone message and email. If you currently do not have a Parent Portal account, please go to www.pusd.us/parentportal or visit your student's school for assistance in creating an account. If you would like to receive paper copies of the progress reports or report cards for the year, a [Paper Report Card Copy Request](#) form must be mailed or emailed to your student's school office one week before the next grading period. This form is available by visiting www.pusd.us/Page/3247 or contact your school to request a copy to be mailed to you.
- **Canvas: Observer Accounts** - Every student will engage in their online learning through our Learning Management System (LMS), Canvas. Each parent/guardian will also be able to create a Canvas Observer account linked to their students' Canvas accounts which will allow them to see students' course(s), assignments, classwork, lessons, feedback, and completed and reviewed assignments. Your student's teacher(s) will be able to provide you with a code that will link your parent account to your student(s). More information about Observer accounts will be available soon.

NONDISCRIMINATION, TITLE IX, UNIFORM COMPLAINT PROCEDURES & WILLIAMS COMPLAINTS

EQUITY & ACCESS School equity and access committees ensure that educational equity and excellence integrate research-based practices, policies and procedures to institutionalize equity in education in the Pasadena Unified School District. The goal is to secure the academic success and socio-emotional development of each and every student who is entrusted to us and to increase student access to educational opportunities, post-secondary options, and social, emotional, and behavioral support services.

NON-DISCRIMINATION The Pasadena Unified School District is committed to providing a safe school environment where all individuals in education are afforded equal access and opportunities. The District's academic and other educational support programs, services, and activities shall be free from unlawful discrimination, including discrimination against an individual or group, harassment, intimidation, and bullying of any individual based on race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, pregnancy, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression, or genetic information; a perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics. Specifically, state law prohibits discrimination on the basis of gender in enrollment, counseling, and the availability of physical education, athletic activities, and sports. Transgender students shall be permitted to participate in gender-segregated school programs and activities (e.g., athletic teams, sports competitions, and field trips) and to use facilities consistent with their gender identity. The District assures that lack of English language skills will not be a barrier to admission or participation in District programs. Complaints of unlawful discrimination, harassment, intimidation, or bullying are investigated through the Uniform Complaint Process. Such complaints must be filed no later than six months after knowledge of the alleged discrimination was first obtained. For a complaint form or additional information, contact: **Chief of Human Resources, 351 S. Hudson Ave., Pasadena, CA 91101 (626) 396-3600, ext. 88194.**

Discrimination in education programs and activities is prohibited by state and federal law. Education Code 200, et seq., requires school districts to afford all pupils regardless of gender, gender identity, gender expression, sex, race, color, religion, national origin, ethnic group identification, mental or physical disability, sexual orientation, or the perception of one or more of such characteristics, equal rights and opportunities in education. State law, as provided in EC 221.5, specifically prohibits discrimination on the basis of gender in enrollment, counseling, and the availability of physical education, athletic activities, and sports. Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, and national origin. Title IX of the Education Amendments of 1972 and Title IV of the Civil Rights Act of 1964 also prohibit discrimination on the basis of gender. The Americans with Disabilities Act and Section 504 of the Vocational Rehabilitation Act of 1973 prohibit discrimination on the basis of disability. The Office for Civil Rights of the U.S. Department of Education has authority to enforce federal laws in all programs and activities that receive federal funds.

Questions or complaints of alleged discrimination, harassment, intimidation, and/or bullying or Title IX equity and compliance concerns for students should be directed to: Chief of Human Resources, 351 S. Hudson Ave., Pasadena, CA 91109 at (626) 396-3600, ext. 88194

TITLE IX NOTIFICATION (EC 221.61) Title IX remains a critical federal civil rights law that prohibits discrimination on the basis of sex (including sexual harassment) in our schools. It protects male and female students and employees in any educational entity that receives federal funds. In addition, Title IX protects transgender students and students who do not conform to sex stereotypes. State law also prohibits discrimination based on gender (sex), gender expression, gender identity, and sexual orientation. The preamble to Title IX of the Education Amendments of 1972 states that: *No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.* Title IX requires that each public school district, as well as state-approved nonpublic special education programs, have at least one person designated as the Title IX Coordinator. The Title IX Coordinator ensures active compliance with the law. Title IX Web pages can be found at <http://www.cde.ca.gov/re/di/eo/genequitytitleix.asp>. PUSD Title IX Coordinator: Dr. Allison Steppes 351 S. Hudson Ave., (626) 396-3600, ext. 88476 Pasadena, CA. 91109.

Compliance with Title IX is essential to ensure equity in education. Complaints pertaining to Title IX issues can be filed by utilizing the Uniform Complaint Procedures (UCP) as identified in California Code of Regulations, Title 5, Sections 4600, et seq., and Pasadena Unified School District Policy [5145.7](#) and Administrative Regulation [5145.7](#). To learn more about Title IX provisions, you may contact the U.S. Department of Education, Office for Civil Rights, at (800) 421-3481 or ocr@ed.gov.

UNIFORM COMPLAINT POLICY & PROCEDURE—5 CCR 4600, et seq. al., & EC 32289 The Board of Education recognizes that the District has the primary responsibility to ensure compliance with applicable federal and state laws and regulations governing educational programs. The Board encourages early resolution of complaints whenever possible. To resolve complaints which may require a more formal process, the Board has adopted the uniform system of complaint processes. - noncompliance with the legal requirements related to the implementation of the Local Control Accountability Plan;
- noncompliance with education provisions for students in foster care, who are homeless, or who are former juvenile court school students, and children of military families;
- inappropriate assignment of a pupil in grades 9-12 to courses without educational content or previously satisfactorily completed;

- noncompliance with physical education instructional minutes at elementary schools;
- alleged retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy;
- Any other complaint as specified in a district policy

Protection from Retaliation: The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep the identity of the complainant, and/or the subject of the complaint if he/she is different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

Filing a Complaint: A complaint alleging district violation of applicable state or federal law or regulations governing the programs may be filed by any individual, public agency, or organization. The District UCP Process and Complaint Form and further information can be obtained at www.pusd.us, the District office, and the office of each school within the District. A complaint must be filed no later than six months from the date the complainant first obtains knowledge of the concern.

These uniform procedures encourage the complainant to submit a written complaint to the District's Compliance Officer:

Sarah Rudchenko, Ed.D., Director of Human Resources
Pasadena Unified School District
351 S. Hudson Ave., Pasadena, CA 91109
rudchenko.sarah@pusd.us
626.396.3600 ext. 88778

Investigation: The District compliance officer will coordinate an investigation and response within 60 calendar days of receipt of the written complaint, unless the complainant agrees in writing to extend the timeline. If the District finds merit in a complaint, the District shall provide a remedy to all affected pupils, parents/guardians.

Appeal: A complainant may appeal the District's decision to the California Department of Education (CDE) by filing a written appeal within 15 calendar days after receiving the District's decision. The CDE may directly intervene in the complaint without waiting for action by the district when one of the conditions listed in Section 4650 of Title 5 of the California Code of Regulations exists, including cases in which the district has not taken action within 60 calendar days of the date the complaint was filed with the district. If a district is found to have violated a state or federal law and/or regulation, and the District does not take corrective action to comply, then various civil remedies may be available. WILLIAMS COMPLAINT POLICY & PROCEDURE—EC 35186 Every school must provide sufficient textbooks and instructional materials. Every student, including English learners, must have textbooks or instructional materials, or both, to use at home or after school. School facilities must be clean, safe, and maintained in good repair. There should be no teacher vacancies or misassignments. If a school is found to have deficiencies in these areas, and the school does not take corrective action, then a complaint form may be obtained on the District website at www.pusd.us at each school office, and the Human Resources Division. Parents, students, teachers or any member of the public may submit a complaint regarding these issues. However, it is highly encouraged that individuals express their concerns to the school principal before completing the complaint forms to allow the school to respond to these concerns. Complaints may be filed with the principal or the Human Resources Division. A complaint may be filed anonymously. If the complaint is beyond the authority of the school principal, he or she must forward it to the appropriate school district official within ten (10) working days of receipt of the complaint. The principal or, where applicable, Superintendent or designee shall remedy a valid complaint within a reasonable time period but not to exceed 30 working days from the date the complaint was received. The principal or, where applicable, Superintendent or designee, shall report to the complainant the resolution of the complaint within 45 working days of the initial filing if the complainant identifies himself or herself and requests a response. A complainant who is not satisfied with the resolution of the principal or the Superintendent or designee has the right to describe the complaint to the Governing Board of the school district at a regularly scheduled meeting of the Board of Education. With respect to a complaint involving a condition of a facility that poses an emergency or urgent threat, a complainant who is not satisfied with the resolution offered by the principal, or the Superintendent or designee, has the right to file an appeal to the Superintendent of Public Instruction within 15 days of receiving the report.

Announcement from Pasadena USD - Recent Legislation

July 29, 2021

Dear Parent or Guardian,

[Assembly Bill 104 \(AB 104\)](#) was passed to help mitigate the impact of COVID-19 on student performance during the 2020/21 school year. This legislation temporarily modifies practices regarding student retention, grading, and graduation status for eligible students during the 2020/21 school year ONLY.

The legislation allows for the following:

Retention

Eligible students, defined as students who received deficient grades (D, F, or No Credit) for at least one-half of their 2020/21 coursework, may request in writing to consult with a school administrator to determine if the student qualifies for a grade level retention. Written requests must be received on or before Tuesday, August 31, 2021. (Eligible students: 2020/21 9th, 10th, 11th graders). The school site will contact you for a consultation and within 10 days of the consultation a written answer will be provided.

Grading

Eligible students enrolled in high school in the 2020/21 academic year may apply/request to have a D/F letter grade replaced (in any course) with a Credit/No Credit (Pass/No Pass) grade. Written requests must be received during a 15 day window beginning Saturday, July 31, 2021 and ending Sunday, August 15, 2021 (Education code 49066.5 explicitly prohibits a school district from accepting applications after that date). Some post-secondary educational institutions, including those in other states, may not accept Pass or No Pass grades instead of letter grades for admission purposes. (Eligible students: 2020/21 9th, 10th, 11th, 12th graders). *Please note that not all postsecondary institutions may accept pass / no pass grades, in particular private and out-of-state schools. It is advisable that students and families contact schools of interest.*

Use this [Grade Change Application](#) to make a request and meet with the school counselors and administration.

The CDE has provided the list of known [Post-Secondary Schools](#) that will accept pass / no pass grades for admission, per the California Department of Education (CDE). Again, it is advisable that students and families contact schools of interest if they do not appear on this list.

Graduation Exemptions

Students who are significantly credit deficient and not on track to graduate on time, and were enrolled in their 3rd or 4th year of high school during the 2020/21 school year, will have the opportunity to complete the statewide coursework required for graduation through a 5th year of instruction, credit recovery, or other opportunity to complete the required coursework. Some post-secondary educational institutions, including those in other states, may not accept Pass or No Pass grades instead of letter grades for admission purposes. (Eligible students: 2020/21 11th, 12th graders)

If your student is eligible for any of the areas listed above please contact your school administration and identified School Counselor.

Subject: California Law Regarding the Safe Storage of Firearms

Dear Parents and Guardians,

This should go without saying: **the Pasadena Unified School District believes that all children, faculty, and staff have the right to come to school every day without fear of gun violence.** This should be a given, something that is not in our consciousness, something *not* becoming an everyday occurrence.

However, the irreparable consequences of gun violence, our official stance on gun safety and our unceasing desire to protect all PUSD students must be reiterated. *It needs to be said* – every year 19,000 children and teens are shot and killed or wounded, and approximately 3 million are exposed to gun violence. *It needs to be said* – in 2022, 34 students and adults died while more than 43,000 children were exposed to gunfire at school. (Washington Post) *It needs to be said* – on May 24, 2022, 19 students and two teachers were shot and killed at Robb Elementary School in Uvalde, Texas, the third deadliest school shooting in the United States. *It needs to be said* – it is a crime to keep a loaded or unloaded firearm in the home of a minor without properly storing and locking it in either a gun safe or with a firearm safety device. To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Penalties for not safely storing guns and not disabling firearms can include thousands of dollars in fines and/or incarceration. As parents or guardians, it is your legal obligation to protect minors from accessing firearms.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others. ¹
 -
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor never actually accesses the firearm. ²
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years. ³
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward. ⁴

It is important to remind children of the rules if they find or see a gun:

- **Stop** what you are doing
- **Don't touch**, not even to carry it to an adult
- **Leave** the area immediately
- **Tell an adult**

Beginning in the 2023-2024 school year, a new law requires school districts to include information related to the safe storage of firearms in the existing annual notifications to parents and guardians. Long before this law took effect, Pasadena Unified made it a point to remind parents about gun safety and provide life-saving information because in the hope of preventing further tragedy, *it needs to be said*.

Sincerely,

Dr. Elizabeth Blanco
Interim Superintendent
