

Santa Fe Independent School District

Superintendent Message

Dear SFISD Teachers and Staff:

February 9, 2024

We want to offer our sincerest appreciation to Brandon Noto (Texas Farm Bureau), Amoco Federal Credit Union, and Grand Canyon University for sponsoring our "Employee Appreciation Day" this past Wednesday. We were able to deliver Sonic drinks to ALL district employees. Our community appreciates our SFISD staff! Thank you for all that you do for our Santa Fe students and families.

Our Boys' Basketball Team is playing their final home game against Texas City tonight, and it is "Senior Night." Our Boys' Soccer Team is also hosting Texas City at home tonight. Our Sophomore/JV Baseball Teams are hosting Brazoswood at home beginning at 4:00 p.m. The Varsity Baseball Team is playing away at Brazoswood, and our Softball Team is playing away at Clear Lake.

A big shout-out to our SFHS Golf Team – they took 1st Place in their first tournament in Texas City last week. Our Girls' Powerlifting Team took 3rd Place in Alvin on Wednesday, and our Freshman/JV Track Team took away multiple 1st, 2nd, and 3rd Place medals in multiple events in LaPorte last night. They also ended the event with an awesome First Place showing in the final 4x4 relay. Outstanding job.

We had three FFA students earn awards at the Ft. Worth Stock Show this past week: Brooke Fonke (Heifer), Noah Rehm (3), and Abigail O'Brien (Goat). We also have several students participating in the San Antonio Stock Show and Rodeo this weekend. We are so proud of all these dedicated FFA students!

Last but not least, we want to recognize Patrick Hayes at SFHS. Patrick was selected as the First Chair 5A Tuba Player in the TMEA All-State Band. This is the highest achievement an individual musician can earn! He will be performing this Saturday in San Antonio. Please congratulate Patrick Hayes, Mr. Raines, and Mr. Sholmire when you see them :)

Have a great weekend everyone. Enjoy the Super Bowl, KB

Santa Fe ISD is an academic leader committed to excellence through continuous improvement by instilling high standards, building strong community partnerships, providing innovative opportunities, and empowering students for lifelong success.
