How to Login & Introduction

For Technical & Password help – contact hac@parklandsd.org

Home Access Center Account Information

- A user name and password from Parkland School District is required to login to HAC.
- Instructions on creating accounts in HAC are emailed once per year for current Parkland families or at registration for new families.
- Both guardians will receive separate logon information for HAC. The guardian account has more functionality than a student account as it allows the guardian to update the guardian email addresses and phone information. Guardians with valid email addresses can also sign up for class work and attendance alerts. The guardian account also allows access to all your students with one login.
- Secondary students have individual student accounts with less functionality.

The site can be accessed from
