

EVEREST ENTREPRENEURS

D.C. EVEREST AREA SCHOOL DISTRICT

Small businesses are crucial to local communities — providing economic support, career opportunities and philanthropic leadership that inspires the next generation. At D.C. Everest, we prepare our students for 21st century career opportunities by helping them develop the academic, career and life skills they need to succeed in a rapidly evolving job market. We also provide them with countless opportunities to serve their community so they learn the value of becoming a good citizen.

We're celebrating our entrepreneurial DCE alumni who inspire our students and bring value to their community. Everest Entrepreneurs is a guide to DCE alumni who own, or have owned, businesses within the greater Everest region and beyond.
