Position

11th Grade Washington DC Trip

Project Title

Budget request \$9520

One paragraph summary description (Attach further documentation if necessary)

This activity will provide students with the opportunity to experience the rich history of our nation's capitol. They will also get to see first hand some of our founding documents and learn more in depth content through visits to some museums. They will also be able to tour the buildings that house the legislative and judicial branches. This trips brings much of what they study in 11th grade to life. It also serves to expose students to an urban setting which many have not experienced.

1. When do you anticipate implementing and completing the project?

This project will occur from sometime between the dates of 5/2-5/7.

2. Approximately how many students will be affected by the project?

There are 25 students enrolled currently in this year's 11th grade

3. What are the educational objectives of the project?

The objectives are to give the students hands-on experience with history. The trip's itinerary shows the activities that they will be doing. The chance to see what they are studying in person is invaluable. In the past students have been able to relate what they learned on the trip to curriculum throughout the year and on the state assessments.

4. What is innovative about the project?

The project allows the students to experience what they are learning in class. They can relate to the content much better with this first-hand experience.

5. Detail your budget request. Please include any matching or leveraged funds obtained, requests to other individuals or organizations for funding, fundraising planned to help offset the total cost of the project, and other cost-saving measures that informed your decisions related to project design.
