Dorchester Two Educational Foundation

imagine the possibilities

DDTwo is the only Lowcountry district with a Foundation. The Dorchester Two Educational Foundation has awarded more than \$1.7M to directly enrich DDTwo teachers, students, and community through innovative programs and supports.

Infusing STEAM in classrooms serving students with special needs, the Foundation invested \$160,000 for hydroponic gardens at all DDTwo schools. Featured at the National Association of Education Foundations National Conference, this program is being replicated in districts nationwide.

To support DDTwo's security efforts, the Foundation purchased a gun-detection K-9, Chester, to strengthen safety at schools and district events.
