160000 Introduction to Cooking

Grade(s): 9-12 **Credit:** .5 per semester **Term(s):** 1 or 2

CTE

This course is structured to expose students to the foundations of cooking. Students will be introduced to basic concepts of culinary techniques, learn how to safely use both residential and industrial kitchen equipment, identify and use ingredients in basic food preparation while learning basic recipes with hands-on experience. They will be introduced to proper knife skills, food safety and sanitation, and how to work collaboratively. This course is designed for students to explore not only the joy of learning how to cook but also explore career options in the field of hospitality and tourism.

160030 Introduction to Baking (Block one semester)

Grade(s): 10-12 **Credit:** 1.0 per semester **Term(s):** 1 or 2

REPT, CTE

Are you a baker, or would like to learn how to bake more? Introduction to baking is a study of the fundamentals of baking including dough, quick breads, pies, cakes, cookies, tarts, and basic items made in a bakery. Topics include baking terminology, tool and equipment use, formula conversions, functions of ingredients, and the use of proper flour. Topics include safety, baking skills and techniques, and the opportunity to prepare and serve your delicious creations with the community.

160040 Advanced Culinary (Block one semester)

Grade(s): 10-12 **Credit:** 1.0 per semester **Term(s):** 1 or 2

REPT, CTE

Advanced Culinary is a course for students who aspire to have a career in the hospitality & Tourism industry, want to be the next great social media Chef, or for students who just want to spend more time in the kitchen. Students in the course will increase their self-efficacy in the kitchen as well as management skills they can apply to any career. Topics include safety, advanced culinary skills and techniques, and the opportunity to prepare and serve your delicious creations with the community. Students need to have achieved a score of 70% or higher in Intro to Cooking.

160050 Meal Prep and Packaging (Block one semester)

Grade(s): 10-12 **Credit:** 1.0 per semester **Term(s):** 1 or 2

REPT, CTE

Calling all foodies! This course is structured to expose students to the foundations of working in the food industry with daily hands-on experiences. It focuses on nutritional information, sourcing quality ingredients, proper knife skills, industrial equipment knowledge and identifying the correct measuring tools and ingredients along with reading recipes to create packaged meals & desserts for the Clock Tower Cafe (student staffed deli) for public consumption. It will teach students the importance of work ethic and teamwork as well as how to fill out a job application and answer job interview questions to secure employment in the Hospitality and Food Industry.

**This course is offered at Denfeld. East High School students may register for this course. Transportation is provided to and from Denfeld.*

232410 Introduction to Law Enforcement and Community Relations

Grade(s): 10-12 **Credit:** .5 per semester **Term(s):** 1 or 2

CTE

Students will learn how the criminal justice system works and will gain broad knowledge of the importance and principles behind community policing, how, and why law enforcement has evolved over time. Students will gain understanding of the causes and means to prevent crime and to work effectively in the law enforcement field.

232300 Civil and Criminal Law

Grade(s): 11-12 **Credit:** .5 per semester **Term(s):** 1 or 2

CTE

This course will help students gain an introductory level of understanding of the American legal system through the study of the criminal and civil justice systems. Units of study will include a historical perspective on the judicial system, case studies, mock trial simulations, and application of law to current issues.

232400 (CITS) Civil & Criminal Law/ Introduction to the Criminal Justice System and Related Careers

Prerequisite: Commitment Agreement required

Grade(s): 11-12 **Credit:** .5 per semester **Term(s):** 1 or 2

CTE, CITS

This course will help students gain an understanding of our legal system through the study of the civil and criminal justice systems. Students will examine the conflicting values that impact justice systems through case studies and attention to current issues. Units of study will include: History of Law, Criminal Law, Juvenile Law, Civil Law, Mock Trial, Careers in Justice.

202310 (CITS) Pathway2Teaching: Introduction to Socially Just Education**Prerequisite:** Pathways 2 Teaching**Grade(s): 11-12 Credit: .5 Semester Term(s): 1 & 2****CTE, CITS**

This course is a continuation of Pathways2Teaching and examines teaching as a career and the foundations of our educational system. Students will continue to explore the sociopolitical context related to schools, communities, and teaching while providing an overview of such topics as school culture, diversity, ethnicity, and social realities in American schools. Students will learn research skills by reviewing and analyzing achievement data to generate questions, offer suggestions, and engage in critical dialogue about educational topics.

201400 Child Development/Child Psychology**Grade(s): 9-12 Credit: .5 per semester Term(s): 1 or 2****CTE**

In this course, students will develop knowledge and understanding in guiding the growth and development of children ages zero-six. Students will explore concepts of human growth and development influences and analyze the effect on a child's emotional, physical, social, and cognitive growth. This course is designed for students to explore careers that involve working with young children and is strongly recommended for those students considering pursuing careers involving young children. Part of the class experience will include working with young children in the community. These skills will help prepare students for future employment and will provide valuable training for various careers (i.e. summer camp counselor, recreational director, education and human services).

201521-201522 Early Childhood and Education Professions* (2-hour class, yearlong)**Grade(s): 10-12 (9th grade by arrangement) Credit: 1 per semester Term(s): 1 & 2****CTE**

Early Childhood and Education Professions: Are you ready to work with children ages 4-5 while earning college credit? This course is a lab preschool setting with lecture and covers topics from birth through school aged children. Students will mentor a preschooler for the year and learn about child development, safety, guidance, theory, and best practices, teach basic curriculum, conduct observations, and earn hours towards industry certification through lab days. Students also have a student organization and opportunities to complete at the state and national level in this field. Practicum experiences are included. Use research based best practices and apply your skills directly.

*Please note: Students need to be scheduled for the same block both semesters. *This course is offered at Denfeld. East High School students may register for this course. Transportation is provided to and from Denfeld.*
