Regarding: Narrative for the 2022-23 Proposed Budget and Multi-Year Financial Projections

Executive Summary

Governor Newsom's May Revision proposes Proposition 98 funding to be \$110.3 billion for fiscal year 2022-23. The Local Control Funding Formula (LCFF) Cost of Living Adjustment (COLA) for 2022-23 is projected at 6.56%.

The Governor proposes additional support "to mitigate the impacts of rising pension obligations, increased costs for goods and services, and other ongoing budget concerns" on local educational agencies, by including in the May Revision a \$2.1 billion Prop. 98 funding increase to the LCFF base.

Further, the Governor's budget proposes to mitigate the drop in enrollment and ADA that is being experienced in 2021-22 by local educational agencies due to the pandemic, by allowing all classroom-based LEAs the ability to be funded in 2021-22 on the greater of current-year ADA or their current-year enrollment adjusted for pre-COVID-19 absence rates. The proposal to allow school districts the use of the average of the three prior year's ADA for LCFF funding purposes will be adjusted to allow for this change in 2021-22. These proposals represent an estimated \$3.3 billion in ongoing General Fund plus an additional \$463 million in one-time Proposition 98 General Fund dollars.

As of this report, The Governor and State Legislature continue negotiations of the 2022-23 State budget. We expect that funding and programs as noted above, as well as other revisions to the State budget that have not been included in the District's proposed budget, will be included in an update to the District's budget following adoption of the State budget.

General Information

The following information is provided as background for the 2022-23 budget report and the 2023-24 and 2024-25 Multi-Year Financial projections. The Los Angeles County Office of Education provides guidelines regarding the State's COLAs, projected LCFF funding levels, as well as other information which were used in preparing the budget report. It is important to note that budgets are fluid documents and once the Governor signs the State Budget, school districts have 45 days to adjust their local budgets if the signed

budget is substantially different from the Governor's proposed budget. Other changes are made at the time of the First and Second Interim Reports.

For the 2022-23 Budget, staff has adopted a conservative approach for student enrollment and ADA by using the minimum guaranteed formula of prior year enrollment (2,484) and ADA (2,357). This approach will be reviewed following the adoption of the State budget and methods to calculate 2022-23 ADA in a manner that would be financially advantageous for the District. Other detailed budget assumptions follow in Table 1.

Revenues/ Expenditures

Revenues have been adjusted to reflect County Office of Education LCFF projections and revenues have also been revised based on updated estimates to other funding sources. In addition, expenditures have been revised based on updated estimates taken from current information. The District closely monitors potential sources of revenue as well as the potential increase in expenditures (step/column, Special Education, and other inflationary costs).

For 2021-22 Estimated Actuals, the District projects total revenues of \$35,698,692, and an Unrestricted General Fund surplus of \$1,241,428, an improvement from the Second Interim Financial Report. This surplus results from a realignment of programmatic expenditures from the unrestricted to the restricted accounts, net of cost increases; an increase in the Local Revenues for additional ERate reimbursement; and a reduced cost estimate for restricted contributions due primarily from a reduced special education program cost estimate.

The District also projects an ending fund balance of \$7,412,010, a decrease of \$455,222 from the Second Interim Financial Report. This decrease is attributable to a reduced revenue estimate in Federal programs related to one-time COVID funds. These revenues have been deferred and are now anticipated to be earned and received in 2022-23. The final 2021-22 operating surplus or deficit will be based on final closing activities, the Board's decisions regarding collective bargaining and/or any other expenditures changes.

For 2022-23 proposed budget, the District projects total revenues of \$33,600,256, an Unrestricted General Fund deficit of \$407,944, and a General Fund ending fund balance of \$7,180,945, a decrease of \$231,065 from 2021-22 levels. The unrestricted account deficit and decrease in total fund balance, results from a spend down of Measure CL carryover funds, net of a projected increase in the restricted ending fund balance.

Exhibit 'A' provides a summary comparison of District's General Fund 2021-22 Estimated Actuals to the 2022-23 proposed budget. Exhibit 'B' provides a summary comparison of the District's Measure CL 2021-22 Estimated Actuals to the 2022-23 proposed budget.

Reserves

The District is required to maintain a minimum Reserve for Economic Uncertainties (REU) of no less than 3.0% of General Fund expenses and transfers. The District projects reserves above the required 3.0% REU requirement in the current fiscal year and two subsequent years.

It is projected that the 2021-22 General Fund ending balance designated as REU as a percentage of total expenditures will be 7.3%. The reserve for economic uncertainties increases to 9.7% and 12.6% when Funds 17, and Funds 17 & 20 are combined, respectively. The projected 2022-23 general fund ending balance designated as REU as a percentage of total expenditures is 8.2%. The REU increases to 10.3% and 13.3% when Funds 17, and Funds 17 & 20 are combined, respectively.

It is important to note that fiscal planning and reserve levels that exceed minimum State requirements has overtime enabled the District to meet planned and unplanned financial challenges. Reserves serve as a safety net that allows the District to meet its obligations in the face of seen and unforeseen expenditures. Districts that do not have adequate reserves are usually the first ones that get into financial trouble when the unexpected happens.

Salary Settlements

Negotiations with the Wiseburn Faculty Association (WFA) and with the California School Employees Association (CSEA), Chapter #486 have not been completed for 2021-22. In consideration of reserve levels indicated in the report, it is critically important to note that as collective bargaining between the District and its employee associations have not been completed for the current and budget year, provisions for negotiated salary and benefit increases are not included in this report. It therefore can be anticipated that once completed, costs associated with new employee agreements will have a material effect on the financial projections presented herein.

Multi-Year Projections

Staff has budgeted for increase in LCFF revenues in the two years following the budget year, including continuing enrollment and average daily attendance at 2022-23 levels, and COLAs of 5.38% and 4.02% for 2023-24 and 2024-25, respectively. Revenues include \$1,850,000 from the District's Measure CL parcel tax.

It is also projected that Federal Revenues will decrease in 2022-23 by \$1,681,773 and be further reduced in subsequent years as it is not anticipated that CARES Act funding received in 2021-22 will continue through the projection period. In 2022-23, Other State Revenues are projected to decrease by \$704,079, reflecting reduced or eliminated funding of one-time grants including the In Person Instruction, Special Education Learning Recovery and Educator Effectiveness grants which were received in the current year. It is also projected that Other Local Revenue will decrease by \$387,475 in both 2022-23 and subsequent years, reflecting a reduced estimate of ERate related reimbursements from 2021-22 levels.

Expenditures are being adjusted for estimated step/column costs, inflationary costs (i.e., utilities) and rising Special Education costs. The District has also included the projected change in CalSTRS and CalPERS employer paid contributions. For CalSTRS, the District assumes the CalSTRS rate will be 19.10% in both 2022-23 and 2023-24 (increased by 2.18% from the 2021-22 contribution rate). For CalPERS, the District assumes the CalPERS rate will be 25.37% in 2022-23 (increased by 2.46% from the 2021-22 contribution rate), and 25.20% in 2023-24. Actual contribution rates are subject to change, pending adoption of the 2021-22 State Budget and trailer bills.

Increased COLAs are applied to LCFF revenues for 2023-25, however the District has not estimated costs associated with collective bargaining during the projection period as they will be subject to negotiation and Board approval. In this forecast, the District projects a stable ending fund balance, and adequate reserve levels necessary to meet the State's statutory 3% REU requirement for 2023-25.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	1,169,535.33
---	--------------

B. Carry-forward adjustment from prior year(s)

1. Carry-forward adjustment from the second prior year	0.00
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00

C. Carry-forward adjustment for under- or over-recovery in the current year

1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (3.15%) times Part III, Line B19); zero if negative	157,689.44
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (3.15%) times Part III, Line B19) or (the highest rate used to recover costs from any program (2.87%) times Part III, Line B19); zero if positive	0.00

D. Preliminary carry-forward adjustment (Line C1 or C2)	157,689.44
--	------------

E. Optional allocation of negative carry-forward adjustment over more than one year

Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.

Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

LCFF Revenue

Basic Aid

Necessary Small School

The District must select which LCFF revenue standard applies.

LCFF Revenue Standard selected: LCFF Revenue
