## **Purpose and Description**

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

The purpose of the SPSA is to coordinate all educational services at the school.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Our Mission is to meet or exceed our goals in the area of equity, excellence, educational effectiveness and economic sustainability which determines our daily efforts. We will foster collaborative teamwork to accomplish these goals. We recognize that we must build powerful home to school relationships that support the success of all students. Because safety is critical for each school campus; we will enforce high adult visibility and respond to student matters in a timely manner.

In order to assess whether students are meeting academic and social expectations, we will consistently monitor student progress using a variety of data: observations, walkthroughs, progress reports, test scores, etc., and commit to focusing our resources to best support our students.

Our Vision is for our diverse learners to be empowered, prepared and equipped with academic and life skills needed to be productive citizens, who can positively contribute to society.

Our Goal is for every student to have clear attainable pathways to career and/or college success.

In Support of our Vision, we will attract and retain highly qualified staff, as well as, leverage community resources to provide support systems for all students and their families.

Our vision is for our Highland Scholars to obtain strong academic and life skills needed to thrive in the 21st century. We will create an atmosphere of purpose and belonging where all students and staff feel safe and respected. We will build partnerships with our families and school communities to enrich and strengthen our educational process.

We pledge to teach the California Common Core State Standards to prepare students for the 21st century. We pledge to teach, model, and expect excellent behavior and social skills for the entire school community, as well as the individual student.

In order to assess whether students are meeting academic and social expectations, we pledge to consistently monitor student progress through a variety of measures: observations, student work, test results, and behavior reports.

In the event students do not meet these expectations, we pledge to analyze the data, identify what skills need reteaching, reflect on teaching practices, and present lessons in a variety of ways. We also commit to utilizing our resources to best support our students.

A positive school climate and culture is one of our priorities. In order to foster an effective learning environment, we implement a clear behavior management plan that promotes high expectations. Students are expected to demonstrate the three personal standards: Make good decisions, solve problems, and show respect.

We provide maximum safety and supervision for all students. Parents, teachers, and students are provided with safety procedures throughout the year. All visitors to our school are required to sign in at the main office and receive a visitor's badge before entering classrooms or the playground.

As a school, we take part in monthly emergency drills and utilize the "freeze whistle" in order to gain students' attention on the playground and in large gatherings to provide a venue for giving directions in case of an emergency. The key elements of our Safety plan include, but are not limited to, the following: Fire and Emergency Drills, Earthquake Preparedness, and Lockdown/Civil Unrest Procedures. We have established a Design/Leadership Team that reviews our policies around behavior and safety and works in conjunction with the Principal/our district safety committee. Our safety plan was most recently updated in Fall 2021.

As well, we have implemented the PBIS-Positive Behavior Interventions and Support system to address schoolwide behavior where rules and expectations are consistently taught, modeled, and enforced by school staff. This system includes a rewards system and focus on positive reinforcement in order to bring about expected behavior for all students. In the event that students do not comply with these expectations, interventions and individual behavior plans are implemented through the SST process and support from the Academic Support Provider. Behavior data is reviewed at every staff meeting and ongoing training and collaboration is provided to staff to address behavior concerns. The PAX Good Behavior game and Kimochis support our SEL iniitiatives.

The parent involvement opportunities we have at Highland Elementary include our Back to School Night and Parent-Teacher Conferences. Because of COVID restrictions, parent volunteers are not allowed on campus; however, family engagement events are held virtually.

We encourage parents to become members of our active Parent-Teacher Organization, School Site Council, the English Learners Advisory Council, and Design/Leadership Team.

At Highland Elementary, we pride ourselves in providing our teachers with continuous professional development opportunities and our students with direct services to enhance their learning experience. Highland School uses state and federal funding to support professional development

and classroom instruction in the following focus areas to support implementation of California Common Core State Standards and Next Generation Science Standards:

- Evidence-based reading, writing, speaking, and listening
- English Language Development
- Mathematics
- · Social Emotional Learning
- Grade Level Collaboration
- Teacher release time for peer observations
- GLAD instructional strategies/materials to address English Learner, needs as well as all students
- Small group instruction
- · Problem-based interactive learning

Highland Elementary is a FULL-SERVICE COMMUNITY SCHOOL, dedicated to serving the needs of the students and their families. At Highland Elementary, we believe in building a caring community of learners where children, staff and parents work together to meet the needs of each child.

## **Comprehensive Needs Assessment Components**

## **Data Analysis**

Please refer to the School and Student Performance Data section where an analysis is provided.

## **Surveys**

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Information was gathered from students, parents, and teachers in various formats. Student surveys were conducted through group discussions with 4th and 5th grade students. Their favorite subjects included math, Google Classroom, and Project Lead the Way lessons. Parents provided feedback during LCAP surveys, ELAC, and SSC meetings. Parents were satisfied with the instructional programs; however, their main concerns were recovering from the impact of COVID-19 and the reduced amount of in-person learning. Based on comments from ParentSquare, parents appreciated the safety protocols that were implemented during hybrid learning in the Spring of 2021. The results from teacher surveys indicated the following professional development needs: evidence-based writing, small group instruction, rigorous learning opportunities, NGSS, and strategies to integrated Social Emotional Learning during instruction.

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations were adapted to a distance learning format. The relevant use of technology and educational platforms were the focus of virtual classroom observations. Close reading, problem-based interactive learning in math, and writing were also observed when appropriate. The PEERR form was adapted to "Glows and Grows." Approximately 75% of virtual classrooms implemented the instructional focus areas consistently.

## **Analysis of Current Instructional Program**

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- · Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

VCUSD local assessments were used three times per year to determine student progress towards grade-level standards. Due to COVID-19, schools were closed and CAASPP was not administered. Grade level teams analyzed student data to determine key instructional strategies that would further support intensive, strategic, and on level and challenge students. K-2 students who consistently scored in the intensive band needed phonics instruction, writing, and basic skills in math. Similarly, students in 3-5 who score in the intensive band needed intensive phonics instruction, writing, comprehension, and support with problem solving in math.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

HMH, Pearson, Results, and curriculum-embedded performance tasks were used as formative assessments at least 4 times during the school year to modify instruction. The results were similar to the data gathered from the previous category. Students who consistently scored in the intensive band needed support in reading word problems, algorithms, and fluency with basic facts.

## Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All staff met ESEA requirements.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Sixteen out of 18 teachers are fully credentialed. Two teachers are interns. All teachers have received initial training on SBE-adopted instructional materials and have access to ongoing site-based and district-provided professional development.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development is aligned with ELA, Math, NGSS content standards and Social Emotional Learning (SEL). Highland's instructional habits (Consistency, Rigor, and Focus) is the framework that provides guidance for concrete and observable instructional focus areas. In order for students to make progress in all content areas, teachers will receive ongoing training in the following areas: evidence-based reading, writing, speaking, and listening; small group instruction; and integrating DOK 3 and 4 questioning and student tasks.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

A full-time teacher leader and the principal provide differentiated support for all teachers. The teacher leader is the instructional coach who models lessons, conducts classroom observations, provides coaching, facilitates grade level collaboration, and provides staff development on key instructional strategies. The teacher leader also facilitates monthly "new teacher" meetings.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers have several opportunities to collaborate with grade level teams which include the following: bi-monthly collaboration on district professional development days; monthly grade level release days; one additional hour of monthly collaboration outside of the duty day.

## **Teaching and Learning**

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA) All curriculum, instruction, and materials are aligned with content and performance standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Adherence to recommended instructional minutes for reading/language arts and math are evidenced by Highland's instructional minutes schedule.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The VCUSD curriculum pacing guides provide guidance to ensure that all content standards are covered over the course of the school year. Scheduling flexibility exists based on each classrooms intervention needs. Additional intervention opportunities are provided before and after school.

Availability of standards-based instructional materials appropriate to all student groups (ESEA) All student groups have sufficient access to standards-based instructional materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

SBE-adopted and standards-aligned instructional materials, including intervention materials are consistently utilized in all classrooms.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Highland Elementary provides additional services to support underperforming students. Small-group instruction is provided 4 to 5 times per week for students who have scored "intensive" and "strategic" on site-based and local assessments. Imagine Learning and Imagine Math are two web-base resources that provide instruction in reading, vocabulary, phonics, and mathematics. Intervention groups are fluid and are based on the specific needs of students.

Evidence-based educational practices to raise student achievement

Evidence-based educational practices to raise student achievement including the following: student academic and behavioral data analysis, classroom observations and professional development. Student data is analyzed on a consistent basis by classroom teachers, the principal, and support staff. Academic data provides information about specific content standards where students are struggling and also informs professional development needs. Behavioral data provides social-emotional learning needs which often impacts a student's readiness for learning. Instructional focus areas to raise student achievement were developed by the principal and teachers. The basis for identifying the instructional focus areas for 2019-2020 was data collected from classroom observations and staff input. The principal and teacher leader will be conducting instructional leadership walks at other school sites three times this year. Teachers will participate in instructional rounds with a focus on Highland's instructional focus areas.

Triangulation of student data, classroom observations of implementation of instructional focus areas, and teacher surveys will be utilized to measure student achievement.

## **Parental Engagement**

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Support for under-achieving students is initiated by the Student Success Team (SST) process. The Academic Support Provider, Principal, Teacher Leader, Classroom Teacher, and parents collaborate to develop a plan. The SST plan includes goals and strategies to address the specific academic and social-emotional needs of the student. The SST team reconvenes after a 6 to 8 week cycle to monitor the progress of the student, make adjustments to the plan as needed, and seek additional resources if goals are not met. Additional resources include small group instruction, Imagine Learning, Imagine Math, tutoring and intervention classes after school.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Implementation and evaluation of ConApp programs involve the School Site Council (SSC), Design Team, and English Learner Advisory Council (ELAC). Administrative, classified, and certificated staff and parents are represented. Highland Elementary's goal is to increase parent participation.

## <u>Funding</u>

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Services provided by categorical funds include the following: interventions, professional development, instructional materials, technology and social-emotional learning curriculum.

## Fiscal support (EPC)

Highland Elementary receives fiscal support from the General Fund, Title I, and LCAP.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

## Involvement Process for the SPSA and Annual Review and Update

This SPSA was designed in collaboration with parents, certificated staff, and classified staff. Meetings, surveys, and focus groups were the methods in which data was collected to revise the SPSA from the previous school year.

## **Resource Inequities**

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Resource inequities were not identified based on the most recent needs assessment.

## Academic Engagement Chronic Absenteeism

The data provided below is from the 2019 Fall California School Dashboard. Due to the COVID-19 pandemic, state law has suspended the reporting of state and local indicators on the 2020 Dashboard. However, available data that would have been included in the Dashboard are reported on the Department's web site if they were determined to be valid and reliable. Information regarding the reporting status of data is available at COVID-19 and Data Reporting.

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

Lowest Performance Red Orange Yellow Green Blue Highest Performance

This section provides number of student groups in each color.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

## **Annual Review**

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## **ANALYSIS**

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Overall parent engagement has increased as a result of increased communication through ParentSquare, all calls, the school website, text messages, translation services, and support from the bilingual parent liaison. In addition to various parent leadership groups such as SSC and ELAC, parents have multiple opportunities to attend school sponsored events that celebrate culture, music, performing arts, and STEAM.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The budget expenditures were appropriately aligned to implement the strategies/activities that supported the goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Modifications that will be made to increase parent engagement include additional the use of social media to advertise, inform, and showcase school events. Parents will be surveyed to identify workshop needs.

## **Annual Review**

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## **ANALYSIS**

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to COVID-19 current data is unavailable; however, additional professional development in social emotional learning, culturally responsive practices, and classroom management (PAX) will be provided.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The budget expenditures were appropriately aligned to implement the strategies/activities that supported the goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Modifications will include professional development in social emotional learning and increased support to students who have behavioral and academic challenges.

## **Annual Review**

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## **ANALYSIS**

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to COVID-19, current data is unavailable; however, ongoing professional development, classroom visits, and a focus on the integration of social emotional learning and rigorous instruction will be implemented to support this goal.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The budget expenditures were appropriately aligned to implement the strategies/activities that supported the goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Modifications will be made to integrate social emotional learning and culturally responsive practices along with create rigorous and engaging learning environments.

## **Budget Summary**

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

## **Budget Summary**

| Description   | Amount       |

## **School Site Council Membership**

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 4 Parent or Community Members

Name of Members Role

| Amy P. Parangan | Principal                  |
|-----------------|----------------------------|
| Denita Robbins  | Classroom Teacher          |
| Lisa Stevens    | Classroom Teacher          |
| Faustino Cadiz  | Classroom Teacher          |
| Monica Romero   | Parent or Community Member |
| Lauren Wilson   | Parent or Community Member |
| Dia Maldanado   | Parent or Community Member |
| Duke Brown      | Other School Staff         |
| Victoria Avalos | Parent or Community Member |
| Jose Padilla    | Parent or Community Member |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

## **Recommendations and Assurances**

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

#### Signature

#### **Committee or Advisory Group Name**

**English Learner Advisory Committee** 

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 10/11/2021.

## Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at <a href="https://example.com/richards-nc/4">TITLEI@cde.ca.gov</a>.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at <a href="SISO@cde.ca.gov">SISO@cde.ca.gov</a>.

## **Purpose and Description**

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

## **Purpose**

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

## **Description**

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

## Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

## **Resource Inequities**

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEAand school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

## Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

## **Identified Need**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

## **Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

## Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

## Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

## Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

## **Budget Summary**

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

## **Budget Summary**

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the
  total amount of funding provided to the school through the ConApp for the school year. The
  school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of
  the proposed expenditures from all sources of funds associated with the strategies/activities
  reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are
  listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.
 [NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

## **Appendix A: Plan Requirements**

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

## Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    - 1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

## Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
  - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will-
    - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    - b. use methods and instructional strategies that:
      - i. strengthen the academic program in the school,
      - ii. increase the amount and quality of learning time, and
      - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
      - i. strategies to improve students' skills outside the academic subject areas;
      - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
  - Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  - 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  - 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

## **Appendix B:**

# Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

## **Comprehensive Support and Improvement**

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

#### The CSI plan shall:

- Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
- Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <a href="https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf">https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf</a>);
- 3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- 4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

## **Targeted Support and Improvement**

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

#### The TSI plan shall:

- Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <a href="https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf">https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf</a>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

### **Additional Targeted Support and Improvement**

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

### Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
