## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

### School Description:

Cave Language Academy (CLA) is the first Spanish-English dual immersion school serving all of Vallejo since 2011. It is considered a magnet school, as it is a school of choice for those interested in educating their children in two languages. Our dual immersion program includes Transitional Kindergarten (TK) through eighth grade, with an average of two to three classrooms per grade level. Due to research for biliteracy, the program only accepts new students in TK through first grade and transfers from other dual immersion programs. We also currently have a before and after school program through the Greater Vallejo Recreation Department (GVRD), Kids Club. This is our first full year of have the After School Program, Expanded Learning.

CLA is a clean and well maintained campus. Parents, families and community volunteers are encouraged to become active participants in their children's educational experience through a multitude of opportunities for them to service the school and community. As volunteers, many share their special hobbies or talents with the students and school community via free enrichment classes that are offered after school. These opportunities to expand student experiences have included robotics, chess, choir, Girls on the Run, dance, ballet folklorico, theatre, photography, writing, technology, nutrition, gardening, art, and homework club.

CLA has an active PTA, School Leadership Team, School Site Council and English Learner Advisory Council. We also work to offer parent education opportunities, like the Latino Family Literacy Project, English/Spanish PIQUE, and other informational or educational workshops. We are a Full Service Community School with an Academic Support Provider, School Psychologist, Resource Specialist, Mental Health Support Provider and Speech Therapist who are working together to better service all our students and their families.

We enjoy serving our students, families and Vallejo community!

### Mission and Vision:

Cave Language Academy (CLA) strives to provide students the opportunity to excel in future academic pursuits and successfully enter a global market, bilingual and biliterate in Spanish and English. The ability to be multi-lingual is a gateway to

## 2023-24 School Description and Mission Statement

expanded opportunities to make a difference in any chosen career.

### Major Achievements- Most Recent Year

Cave Language Academy (CLA) began in 2011 as the first dual immersion school in Vallejo, California. It started with a vision by Vallejo City Unified School District to expand educational opportunities for its community, coupled with the grassroots efforts of local families that sought out a school that broadened the possibilities for their students to be successful in an increasingly global market. We have worked together as a community to make that vision a reality and offer not only a standard-based, quality education, but an opportunity for bilingualism that research shows cognitively strengthens new learning.

California State Assessment of Student Performance and Progress (CASSPP) are in English, which is not the primary language of instruction for our students TK through 8th grade. As a 90:10 Spanish dual immersion program, our students begin TK through 1st with 90% Spanish and gradually increase English to 50:50 in grades 5th through 8th. In spite of the fact that 3rd-8th grade students have not received core instruction (Language Arts and Math) in English-only, our students continuously exceed the District in Math and English Language Arts. We are comparable or surpass state and county data as well.

Although the benefits of this program go beyond test scores, it is one measure by which we analyze student learning in order to evaluate and develop successful pathways to college and/or career. The computer-based Common Core aligned CAASPP State testing endeavors to better prepare students for the rigors of 21st Century careers wherein problem solving, analytical skills and communication are critical success factors. Our school's efforts continue to improve incrementally and we are proud to compete and often outshine some of our English-only counterparts and other Dual Immersions in the area.

### Focus for Improvement – Most Recent Year

Elmer Cave Language Academy (ECLA) is committed to excellence in education by implementing Common Core standards-based curriculum instruction and testing. We are still committed to supporting academic achievement and using assessment data to drive instruction to further improve individual student success.

LCAP funding is facilitating the expansion of rigorous and enriching experiences for our students with opportunities that include project-based learning through music, art, science and technology. We now have additional support staff and resources that are designated to help lead our students to enhanced achievement. Our school has a full-time Teacher Leader (TL) for teacher coaching and professional development, as well as a full-time Library-Media Technician to support a fully functioning library. We will continue to have a full-time Academic Support Provider (ASP) to implement our Full Service Community School initiative, as well as coordinate Student Success Teams for student interventions. We now have a Mental Health Support Provider to offer Social-Emotional support through our Wellness Centers (Rooms set aside to support students in crisis or need of support that offer restorative approaches to wellness).

### Homework – Most Recent Year

Homework is determined by every teacher and grade level in accordance to grade level standards and differentiated to support individual student progress. School and community flyers are sent electronically through Parent Square and other online programs, like Class Dojo. Currently all teachers are using Google Classroom and computer-based individualized programs like Imagine Math and Imagine Español /English to support differentiated assignments.

### School Schedule – Most Recent Year

School begins at 8:30 a.m. for all students. First through eight grades are dismissed at 3:00 p.m., with an exception of minimum days every Wednesday and other designated days, that have a 1:30 p.m. dismissal time. Transitional kindergarten and kindergarten release at 12:30 p.m. until Thanksgiving break, and then at 1:30 p.m. for the remainder of the school year.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22

Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	4.00	5.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.10	0.20
Local Assignment Options	0.00	0.00
<b>Total Out-of-Field Teachers</b>	0.10	0.20

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	26.4	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks are from the most recent adoption. There are sufficient textbooks and instructional materials for each student. Supplemental materials are utilized to support student interventions and are outlined in the School Plan for Student Achievement. All textbooks are selected from the most recent list of standards-based materials by the State Board of Education (SBE). 100% of students have their own assigned textbook and instructional materials.

## School Facility Conditions and Planned Improvements

Cave School was built in 1952. It was renovated in 2005 and remains in excellent condition. Our grounds are clean and well maintained. Gates and heightened fences were installed that allow the school to completely lockdown and ensure all visitors must check in through the front office in order to enter the building. Our restrooms, both those used by adults as well as those used by students, are clean. Emergency repairs and graffiti are attended to immediately. An updated bell, fire and PA system were installed in Fall of 2017. We were currently renovated in the summer/fall of 2021 through a bond measure wherein the school was painted, North blacktop repaved, HVAC system updated and new play structures were installed in the North and South playgrounds.

Wireless internet was installed which enables the daily staff, classrooms and computer lab access the internet.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	47	50	28	27	47	46
<b>Mathematics</b> (grades 3-8 and 11)	36	38	18	17	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Our families/parents are valued partners and advocates for the success of our students and school programs. Families/parents have several opportunities to become involved at school. We encourage parents to take an active role in our Parent-Teacher Association (PTA), School Site Council (SSC) and English Learners Advisory Council (ELAC). We also invite parents to volunteer their time by providing assistance in classrooms, school events, and on the playground for recesses.

We also have an after school enrichment program wherein staff, community members and parent volunteers provide various extra-curricular activities. This a no-cost program that is volunteer run. Families/community share special talents or teach classes that our students can benefit from academically, culturally or social-emotionally.

Please contact the school office at (707) 556-8410 for information regarding organized opportunities for parental involvement.

## 2023-24 School Safety Plan

Student safety is our foremost priority. Students are supervised and taught not to be in areas where there is no supervision, including an empty classroom. There are teachers or yard supervisors on duty whenever students are present outdoors. Before school the principal, Site Safety Supervisor, noon duty supervisors and other designated staff are supervising students, talking to families and monitoring the yard and drop-off zone.

During the school day, all the school gates remain closed and all visitors must register in the office and wear a visitor/volunteer pass while present on campus. Signs are posted to let all visitors know this. Any visitor without such identification is stopped by site safety and/or any staff members who do not recognize them and are asked to report to the office for proper registration. If students are taken out during the day, they must be signed out and when necessary, proof of identification is required and a match is made to the emergency card.

Our Safety Plan is updated and revised and approved by the School Board annually. The key elements include day to day safety procedures, such as addressing flu procedures, head lice, and supervision of students as well as more unusual emergencies that require lock downs for active shooters, fires and natural disasters. The yearly updated plan is shared with and approved by the School Site Council (11/7/23) and school staff (11/1/23) for the next year.

We have regular fire, lock down, shelter-in-place and earthquake drills to ensure that the procedures are effective and taught to everyone. All students are taught safety procedures and we conduct practice drills monthly with logged and timed responses. We also debrief after each drill to assess success and any needed improvements or updates to drills and school safety procedures and protocols.

We have taken necessary steps to prepare for emergencies. In the case of an emergency, proper authorities and the District officials are immediately notified while ensuring the safety of all students, staff and visitors on campus. Emergency procedures and up-to-date contact information are kept in all classrooms and designated areas. It is important that we are able to contact

## 2023-24 School Safety Plan

all parents in the event of an emergency.

Our District and school call-out system is utilized to quickly notify all families by telephone, text and/or email regarding any emergencies. Traffic reminders are sent home to parents with information about how and where to navigate the automobile pick up and drop off of students in an emergency, as well as, before and after school. Students are monitored by supervisors after school at our pick-up zone. Families and students are reminded to use the crosswalks and to be mindful of cars.

## Fiscal Year 2022-23 Types of Services Funded

Cave Language Academy currently has Title 1 and LCAP Funding in order to support our District Goals: Parent Engagement, Safe, Supportive and Engaging Environments, and Every Student College and Career Ready.

Our Title 1 funds has helped cover the salary of a full-time Teacher Leader (TL). The Teacher Leader is an invaluable asset that works with new and veteran teachers to coach them on methods to improve their practice, conducts professional development meetings and teaches intervention classes for students who need extra support. The LEA is covering the cost of the Teacher Leader now and we will be allocating Title 1 funding for direct benefit to students. We also have Title 1 Parent Involvement funding to support activities such as community partner engagement, parent engagement and education classes and events. Site-based allocation are directed by our School Site Council.

Our LCAP budget funds our extended learning classes taught by our teachers for students in need of additional instruction time after school. The LCAP monies were also utilized to support extended learning and classrooms with the purchase of books, learning materials, and supplies needed to enrich reading through very engaging interactive activities. We use LCAP funding so that teachers can collaborate on best practices and meet as a Leadership Teams/Design Teams to help the school look at ways to improve the school culture, safety, and academic success.

The LCAP funding also provided for Curriculum Enrichment opportunities that include project-based learning through the Arts, field trips and additional support staff designated to help lead our students to enhanced achievement. We have a full-time Academic Support Provider (ASP) to implement our Full Service Community School initiative, as well as coordinate Student Success Teams for student interventions and supports.

ECLA also uses its LCAP funding for Student engagement and recognition that support our Social-Emotional Learning initiatives like PBIS and The Leader in Me. We also purchase prizes, spirit wear, swag and awards that positively promote our academic and SEL initiatives.

## Professional Development

Professional Development, collaboration and coaching for teachers is primarily focused on increasing effective instruction. Each school year, we conduct on-site professional development twice a month for one and a half hours. Teachers also meet in grade level and multi-grade level teams to analyze Student Achievement data and assessments in order to plan and create effective instructional strategies and action plans that clearly identify next steps to accelerate achievement. The following information is analyzed by Grade Levels each Trimester and is based on Student Achievement Data: District Based Assessments- Math/SLA, BPSTs, Core Curriculum Assessments, Fluencies and Writing Samples. Quality district-sponsored professional development opportunities are scheduled for the school year (i.e., BTSA, Math, Language Arts, Teacher Institute, ELD, Teacher Network, etc.) in order to support differentiated professional development opportunities which are not included in the number below.

### Evaluation/Improving Teachers – Most Recent Year

Our teachers are evaluated per the VEA teacher contract guidelines that provide ongoing support for excellence in teaching.

### Substitute Teachers – Most Recent Year

The District provides qualified substitute teachers and a dedicated substitute that is assigned to each school to best support the needs students and staff.

This table displays the number of school days dedicated to staff development and continuous improvement.
