2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Welcome to Dan Mini Elementary School, home of the Bears.

Dan Mini Elementary is a neighborhood school for a diverse population that lives primarily in Rancho Vallejo in North Vallejo. Parents are active participants at the school, assisting in classrooms as well as helping out with different projects within the school. The presence of parents is supportive for students and creates calm, nurturing atmosphere for all.

Parents actively participate in school events with their children. Each year we host a Back to School Night, Family Literacy, and STEAM nights. Parent conferences are scheduled each fall and parents are encouraged to meet regularly in person or by phone with their child's teacher.

Our school uses the strategies and techniques of Positive Behavior and Intervention Support (PBIS) and PAX Good Behavior Game to promote a positive school climate. As issues arise they are dealt with quickly by the teachers and principal. Students are aware of the school rules: Be safe, Be responsible, Be respectful. These rules are kept simple and easy to follow since they encompass all possible issues that arise across the campus. Teachers are working on PAX Good Behavior Game which supports classroom management and instructional techniques throughout the year that will increase academic time, increase student engagement and result in success for all students. Teachers work hard to get to know every student in their classroom through implementation of Community Circles. This promotes the family atmosphere that has been the hallmark of Dan Mini School for many years. Teachers are provided opportunities for professional development in all core subjects, as well as training in instructional strategies to support student academic and social success.

Additionally, Dan Mini is a Full Service Community School. This means that we are committing resources to identify and support the needs of our students and families related to academics, health, and social and mental well being. The goals of our Full Service Community Schools initiative are to improve student achievement, improve attendance, increase student health and social-emotional well-being, and increase parent involvement in their children's education.

Dan Mini has excellent extended day opportunities for students. The Expanded Learning Program provides students with a combination of instructional support from Dan Mini teachers and staff, along with Greater Vallejo Recreation District providing assistance with sports, music and arts and crafts. In addition, extended day programs are offered before and after school using categorical funds focused on providing assistance in Math and Language Arts for those students needing extra help. A spring and summer camp are also planned to extend the learning year.

2023-24 School Description and Mission Statement

Major Achievements – Dan Mini Wellness Center has been recognized as a model elementary center. Surrounding counties and cities have visited the space to gather ideas to guide their own implementation.

Dan Mini performed above the district average in ELA and Math on the last CAASPP assessments. We have worked to integrate technology in all areas of instruction. The ratio of laptops to students is 1:1. Implemented technology programs include Google Classroom, Reflex Math, Accelerated Reader and IXL. Our STEAM programs provide students with integrated hands on learning opportunities to support Common Core and Next Generation Science Standards.

Focus for Improvement – Most Recent Year

Our primary focus for improvement will be on providing explicit direct phonics to increase Literacy proficiency. We will continue to focus on meeting the needs of our English Learners, who are a significant student population. These students are not performing on par with the English Only population on state assessments. Research based strategies, dedicated ELD support and a focus on student talk and rigor are strategies that are being implemented to address the needs of our English Learners. Oral language and writing content are a critical instructional focus area for all students.

Homework – Most Recent Year

Students complete homework each Monday through Thursday. Teachers develop homework in collaboration with their grade level peers to ensure consistency. Student tasks primarily focus on independent reading practice at their instructional level and math practice based upon the current lessons as well as a review of previously learned skills.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks are from the most recent adoption. There are sufficient textbooks and instructional materials for each student. Supplemental materials are utilized to support student interventions and are outlined in the School Plan for Student Achievement. All textbooks are selected from the most recent list of standards-based materials by the State Board of Education (SBE). 100% of students have their own assigned textbook and instructional materials.

School Facility Conditions and Planned Improvements

Dan Mini was built in the 1960s. Over time portable structures have been added to support the expanding student population. Currently there are a total of 34 usable classrooms, with 13 of those classrooms being portable structures. Dan Mini completed modernization in 2006.

The classrooms, main office area and multipurpose room are all in good condition. The paint and wall coverings are well taken care of by custodial staff, as are the floors. The front of the school recently had construction completed in order to ensure safety, accessibility and mobility for our school community. The HVAC system and roof were updated 2023.

Dan Mini has an extremely large play yard area at the back of the school. Some of the area is paved and provides a place for basketball, tetherball and four square. In addition to that area there is a large tan barked area for swings, bars and climbing structures. The remaining area is lawn and is used for field games.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	22	24	18	17	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Our parents are valued partners and advocates for the success of our students and school programs. Parents have several opportunities to become involved at school. We encourage parents to take an active role in Parent-Teacher Association, School Site Council, English Learners Advisory Council, and Design/Leadership Team. We also invite parents to complete the volunteer process so that once we are able to reimplement our volunteer program, parents will be able to assistance in classrooms and in our library. We have parent leaders who facilitate an after school Girls on the Run Club.

Please contact the school at at (707) 556-8570 for information regarding organized opportunities for parental involvement. We provide support in completing the Volunteer Process.

2023-24 School Safety Plan

School Safety Plan – (School Year 2022-23)

Dan Mini is a safe school community. Adults on campus are vigilant and helpful when issues arise, thereby keeping problems to a minimum. All visitors are required to sign in at the main office and wear a visitor's badge while on campus. Any visitor seen without a badge is directed to return to the office, sign in and get a badge.

Students are not dismissed to a parent/guardian from the classroom during the school day. The procedure is that the parent goes to the office, signs the student out and the office calls for the student to come to the office to go home with the family member. This is a strictly enforced procedure to ensure our students' safety.

The school rules at Dan Mini are kept simple and easily understood by all students. Classroom rules are developed to keep students safe and focused on learning, and are similar in nature to the school rules, ensuring that all students understand safe ways to act at all times. Behavior that violates school or classroom rules is dealt with by classroom teachers and administration in an equitable manner for all students.

Dan Mini has a comprehensive School Safety Plan that provides plans for natural disasters as well as other issues. The general plan was developed by the district and updated by the site on an annual basis to tailor it to the specific needs of Dan Mini. The review of the plan takes place each fall. The plan was most recently updated in November 2023. The plan was shared with staff and the SSC on November 8, 2023, and then submitted to the district office for further scrutiny, to ensure that it meets the state and federal regulations.

Fire, Earthquake and Lockdown safety drills are conducted monthly and are logged for review by our site safety team.

Fiscal Year 2022-23 Types of Services Funded

At Dan Mini, the additional funds that come into the school from the state and federal programs are used to supplement the educational program for students. This additional funding supports the Multi-Tiered System of Supports that include academic, attendance, behavior and social-emotional well-being interventions & support offered through Full Service Community School CARE Team Collaborative, after school intervention and tutoring for students who need further assistance. Funds support our STEAM, art and music programs. Our Wellness Center and Social Emotional Learning Programs and education are funded by site funds.

The remaining funds available are used for such things as supplemental materials and supplies, duplication, translation, parental involvement, technology and software, professional development, and extra service agreements for teachers when they work beyond the duty day to assist students in meeting academic goals.
