2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Lincoln Elementary School is located in the heart of Vallejo's historic downtown district. As the oldest school in Vallejo in continuous operation since the 1850's, we are proud of a rich historical heritage and supportive, diverse community. Our school is comprised of 85 students, 4 teachers, a Teacher Leader, and 19 other site support staff. Being such a small school, we have the unique opportunity to get to know each student and their family throughout their TK - 2 schooling.

Major Achievements

Lincoln Elementary School had a focus on reducing exclusionary discipline practices, including school suspensions. This data point decreased significantly during the 2019-2020 school year, and again in the 2020-2021 and 2021-2022 school years.

Focus for Improvement

Lincoln's academic achievement is a major area for improvement. Our school-wide goals are to increase proficient student performance in both ELA and Math by at least 5%, decrease chronic absenteeism by at least 5%, to increase the number of English learners gaining at least one level of proficiency on the ELPAC each year, and to increase active, two-way engagement with our families and surrounding community. Ultimately, we want to set Lincoln students on a path to finish high school having earned their diploma, and poised to enter a four year university with A-G coursework complete.

We hold assemblies twice a month to talk about monthly SEL themes, starting with the PAX Behavior Management System themes of Happiness, Health, Peace and Productivity. These themes are woven into our daily pledge, as well as the vision for each classroom. This program is designed to promote behavior regulation by asking students to plan, monitor and reflect on their behavior and activities that are challenging for them as they participate during class. The assemblies include recognizing individual students for showing positive behavior, as well as recognizing classes for their school spirit, and for their attendance.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks are from the most recent adoption. There are sufficient textbooks and instructional materials for each student. Supplemental materials are utilized to support student interventions and are outlined in the School Plan for Student Achievement. All textbooks are selected from the most recent list of standards-based materials by the State Board of Education (SBE). 100% of students have their own assigned textbook and instructional materials.

School Facility Conditions and Planned Improvements

The current Lincoln School facility was built in 1932. Relevant staff are trained yearly on proper cleaning and sanitization procedures to keep our campus safe and ready for student occupancy. There is an automated work order system to address problems which may occur, such as broken heaters, inoperable restrooms, and vandalism. The Head Custodian performs an early morning inspection to identify and address problems.

On August 22, 2023 a team from SCOE completed a facility inspection using the Facility Inspection Tool (FIT). According to the criteria contained in the FIT, Lincoln Elementary received an overall Facility rating of 95.31%. This percentage rates this school as follows: "The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or resulting from minor wear and tear, and/or in the process of being mitigated."

There are planned modernizations coming for Lincoln to include updated water fountains / filling stations, repaired plumbing and other building safety improvements.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	13	6	28	27	47	46
Mathematics (grades 3-8 and 11)	5	4	18	17	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Lincoln parents are essential partners in our scholars' success!
We currently have 3 parent members on our School Site Council and English Learner Advisory Committee (SSC / ELAC). These are public meetings that take place monthly. We hold monthly parent engagement sessions on a variety of topics. Families are encouraged to attend our PAX Community Circle assemblies every two weeks, and engagement activities are held immediately afterwards. We actively recruit parents and community members for open positions, and encourage families to attend class with their children.
Please contact the school at (707) 556-8540 for information regarding other opportunities for parental involvement.

2023-24 School Safety Plan

Lincoln School's Safety Plan is based on the Vallejo City Unified School District's Comprehensive School Safety Plan, indicating specific procedures for emergencies such as fire, earthquake, neighborhood emergency, or accident. The plan is updated and presented to School Site Council yearly. The site safety plan was reviewed by the School Site Council on October 16, 2023, and was updated on October 31, 2023. As required by law, a monthly emergency drill and evacuation is held to ensure students and staff are well-prepared in the event of an emergency. Although only required once a year, Lincoln school holds multiple earthquake and intruder drills.

The VCUSD Crisis Management Plan is posted in classrooms, so the staff has easy access to guidance when there is an emergency. The office works with families to maintain updated emergency information on every student, so families can be contacted quickly when needed. Visitors sign-in and out and are issued visitor badges, and families picking up scholars early must wait for their scholars to come to the office for dismissal.

D. Other SARC Information Information Required in the SARC

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

2020-21 Elementary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per class). The “Other” category is for multi-grade level classes.

Fiscal Year 2022-23 Types of Services Funded

Lincoln Elementary receives categorical funding to achieve the goals outlined in our Single Plan for Student Achievement (SPSA). The SPSA plan and goals aim to increase academic achievement in service of students finishing high school with a diploma and options for college and or careers, to create a safe and support environment that tends to the whole child, and to engage families and the community in these efforts through two- way communication and parental involvement. Categorical funds spending must align to these goals and is voted on by the school site council. This group meets monthly and is made up of 50% community & parent members, as well as 50% school staff from both the classified and certificated job classifications. Most of our Title I funding supports the salary of our teacher leader. This position is designed to be an instructional coach for all certificated staff, assisting with professional development and coaching of our teaching staff. The remaining funds will be used to purchase materials to support instruction, or to fund parent engagement opportunities.

Professional Development

Lincoln teachers are engaged with the VCUSD instructional priorities. We are particularly focused on improving foundational reading skills, and access to higher order thinking tasks in the classroom. We are also working with consultants through our CSI program funds to build collective efficacy around PAX implementation and other research based strategies to improve student engagement and performance.

Teachers meet bi-weekly for two hours of collaboration. Many of these meetings are directed collaboration, led by the principal, district leader or a district-adopted program rep. All teachers have the option to attend district led professional development and network meetings throughout the month. These include grade-alike ELA, Math, and combination class networks set up for learning and planning together with teachers from across the district. Lincoln also works with the UC Davis Math project to improve instructional practices in Math and to build students' math esteem and conceptual understanding.

Lincoln has a Teacher Leader. The teacher leader meets with each teacher on a bi-weekly basis. The principal schedules formal observations and post conferences according to the schedule laid out by the VEA contract, and conducts multiple, informal observations, walkthroughs and debriefing throughout the school year. The principal has arranged for coverage to allow teachers to observe colleagues at other sites in the district.

Teachers collect benchmark data using district wide assessments and use this information to plan whole and small group instruction. Teacher leader and principal use coaching conversations to help teachers use the data to plan instruction. First and second year teachers receive additional coaching through the Induction program. Currently, all teacher positions are filled.
