2017 Summer Opportunities in Kentucky of Interest to Gifted and Talented Students compiled by the KENTUCKY ASSOCIATION FOR GIFTED EDUCATION (KAGE)

The summer programs listed here are just a sample of the opportunities available to gifted students. Your child's teacher or district G/T coordinator may be able to provide you with additional options. Many Kentucky universities, community colleges, and city governments offer summer programs that would be of interest to high ability young people. At the end of this list are some websites with listings for these and other compilations for area summer camps. We suggest thinking about your child's interests and looking accordingly - for instance, many musical and theatre companies, museums, and nature preserves and parks offer summer camps. Thanks to everyone who sent information. Please let the camps know that you heard about them through KAGE.

Many of these camps have early registration deadlines, so contact them as soon as possible if you are interested. All information is accurate to the best of our knowledge. Inclusion in this document does not mean a recommendation or endorsement by KAGE, but is offered only as a service to families and educators of gifted children. It is not to be considered an exhaustive list.

Please become a member of KAGE and support efforts such as this compilation of opportunities.

We have done our best to ensure that the information provided here is accurate. You should contact any camp in which you are interested to verify dates, deadlines, and age/grade levels. If a deadline has passed for this summer, you might ask to be added to the mailing list for next year. ***Inclusion in this document does not mean a recommendation or endorsement by KAGE, but is offered only as a service to families and educators of gifted children. It is not to be considered an exhaustive list.***

Have a great summer and please support endeavors such as this by becoming a KAGE member!
For membership information, visit our website at www.kagegifted.org or contact us at kage@wku.edu, 270.745.4301.
