Superintendent's Message

Mr. Walid Abushakra

Chairman and Superintendent

Mitch Albom once said, "The way to get meaning into your life is to devote yourself to loving others, devote yourself to your community around you, and devote yourself to creating something that gives purpose and meaning."

These words by Mitch Albom are of vital importance to all our students at AIS especially the Egyptian majority at this point. Students your time has come to devote your talents and expertise to help Egypt become a strong democratic nation and a beacon of hope to all the countries of the Arab World. As Egypt builds its new government and develops institutions that will carry the new constitution forward, our beloved Egypt will need new leaders and able thinkers to help create a society we are all proud to live in. I know our AIS students will be able to fill these important positions. AIS students have been taught how to think, create and be imaginative in problem solving. Dear students you are the future of Egypt and we have faith in you and your abilities.

My heartfelt thanks go out to our entire team of dedicated educators for their firm and unwavering commitment to AIS and to Egypt. All that we have taught to our students and the goals we have achieved with them will lead to a brighter future for our school and our community

Director's Message

Education is the most powerful weapon which you can use to change the world.

Nelson Mandela

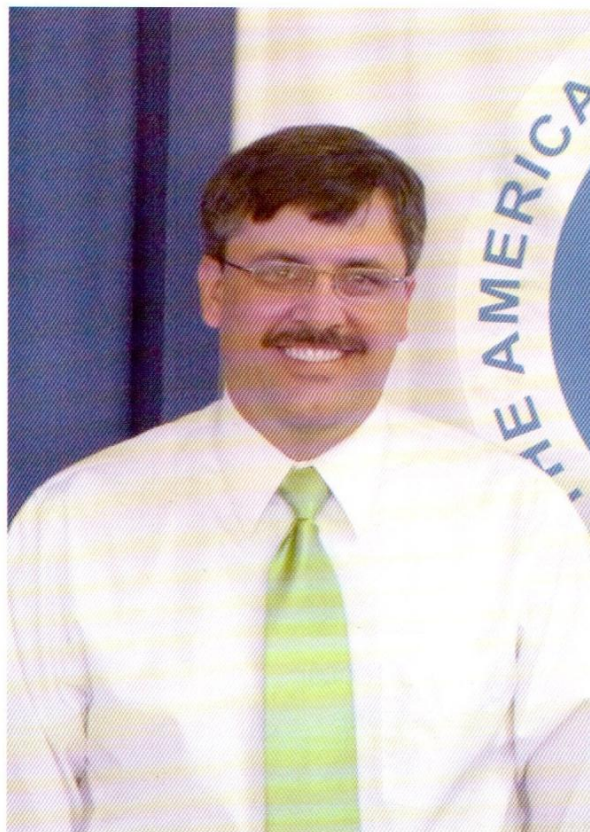

"Intelligence plus character – that is the goal of true education," so said Martin Luther King Jr. about the role of education in society. The goal of education is to develop the ability of students to understand the content and to think for themselves, which is our main goal at AIS. We believe learning is one of the most important activities in which humans engage.

Our staff participates in character education programs by working to teach students about essential life skills and values that go beyond the whiteboard. However, that is not the only benefit of character education, students are taught social awareness, including how to cooperate, work in a group effectively and take turns. Character education also emphasizes responsibility and respect, both of which are necessary for classroom success. In addition, our students learn how to manage their own feelings and deal with them appropriately. We strive to give our students the tools to work well in the classroom, and to understand the actual content they are learning.

I know that as our students enter college and gain greater autonomy over what, when and how they study and learn, the motivation we provide them at AIS plays a critical role in guiding the direction, intensity, persistence and quality of the learning in which they engage. The positive value in a learning goal or activity we provide to our students will provide them with a strong motivation to learn. This is evident in the success of our IB students who have shown great success. In the past three years 100% of our IB Diploma Candidate students have achieved their goal of attaining an IB Diploma. This puts AIS in an elite group of schools worldwide that have achieved this fantastic result.

Class of 2014, I wish you the best in college and your career. Stay in touch, we know you will always make us proud.

Once a Panther, always a Panther.

Early Childhood Center

Dear Students, Parents, and Teachers,
This has been our third year having our own section independently from Elementary. We have developed a very strong program with our own identity. We are a strong team where parents are part of it.

Early Childhood has had a school year full of positive learning experiences. Our students, staff and parents worked very hard to lay the foundation to prepare students when they reach higher levels. Every year we see more growth in our students. Their English and Arabic skills have improved tremendously. Many of them have already acquired the skills for reading.

We enriched our curriculum with fun, but at the same time with learning activities; such as concerts, celebrations, Sports day. We also have some projects to help children who are less privileged than us.

Congratulations to KII promotion because they are the first group who initiated and stayed with us during these three years.

A special thanks to room mothers who have contributed with their help, ideas and time.

A big thank you to all the students, teachers, helpers and school community.

We are a big family and I wish you a wonderful summer and lots of luck!!

Elementary School

Greetings to the amazing students of AISE!!
WOOHOO!

Listed above are the words that fill my mind and my heart as I ponder the past 5 years spent at this extraordinary school. Please allow me this opportunity to express my feelings.

I am elated to have had the chance to live in the great country of Egypt. The excellent adventures I have had, the memorable people I have met across this historic land, and the breathtaking places I have seen will always have a permanent place in my personal scrapbook.

I am so very happy for the chance to have worked at the American International School in Egypt. When one day I look back on my career of more than 30 years in education, I will remember fondly the experiences I have had and the magnificent people who have graced my path during the half-decade spent at AIS. I am extremely appreciative for the opportunity to work, learn, grow and "play" at such an outstanding school.

I am thankful for the wonderful parents who have not only supported me in the Elementary School the past two years, but for the three years prior to that in the Middle School as well. I have felt welcome in this

school community by the parents and I admire the deep abiding love they have for their children.

I am delighted to have worked with so many professional, uplifting, thoughtful and exceptional teachers. The support I have received, the tireless efforts to make our school even better, and the kindness extended to me personally have left an indelible mark on my life.

I am overjoyed for the golden opportunity I have had at AIS to meet, interact with and get to know so many delightful, talented, sweet, kind and amazing students. My heart is filled with an abundance of joy from the laughter and the smiles that have been shared with me these past 5 years. I cannot express in words how thrilled I am to have been your principal. The words displayed above are a reflection of the heartfelt feelings I have as I look back on my career at AIS. I sincerely believe I've received more than I've given, and I am fortunate to note that my life will truly never be the same. Though I will be absent from your 2014-2015 school year, rest assured the many memories embedded on my mind and in my soul will never leave me. YOU will be in my heart – always. Until our paths cross again, please take good care and may peace be upon you all the days of your life.

Middle School

Mr. Kris Achter

Middle School Principal

Mr. Matthew Lippart

Middle School Vice Principal

Congratulations 8th grade students on three amazing years in middle school. You have come a long way and we wish you the best in high school and beyond. Don't forget us when you move upstairs- your teachers love it when you come back and tell them how much you miss them. You might not remember every classroom lesson but if you remember to be respectful, responsible, and act like a scholar, you will achieve great things in High School.

Thank you sixth and seventh grade students for a great year and we look forward to continue to see you grow throughout your middle school years. Remember our character education words of the month. Continue to grow and take risks as inquirers. While the knowledge that you gained this year is important, don't forget the lessons in caring for others and our advice on being a principled student.

Take some time to thank your teachers for all their patience and dedication in providing an amazing education. Thank your parents for blessing you with wonderful educational opportunities.

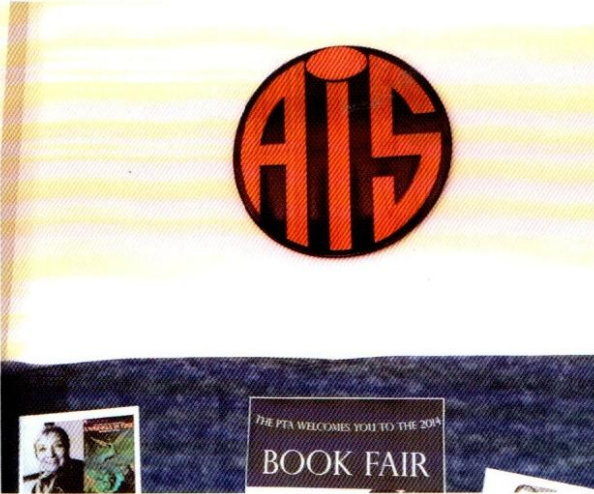

Thank you all for the privilege of serving as your principal. The highlights of every school day were the high fives in the hallways, visiting classes and watching you learn. Cheering our sports teams, attending drama productions, going on field trips, the Valentine's Days, and so many more memories. Continue to be awesome and I assure you there are many more amazing memories in the making!

High School

Mr. Mark Lentz

High School Principal

I'd like to sincerely thank all of the students and all of the staff for making 2013 – 2014 another great year at AISE. We have accomplished a lot again this year and I have been proud to be a part of it with you. I know that you have heard me say this often, but it continues to be true. This is the best year we've ever had in the High School at AISE. How can that be true each year? The answer is simple. Each year our staff and our students continue to work harder to make AISE an even better school than it was the year before. We continue to provide a comprehensive and challenging American and international curriculum that inspires our students to become critical thinkers and life long learners who I am confident will become positive successful members of our rapidly globalizing society.

I wish the very best to our graduating class of 2014. I hope as you graduate and move on to college you will remember all that you have learned at AISE. I also hope that we have prepared you to be successful not only at University, but in life as well. For the juniors, sophomores and freshmen, I hope that you have a great summer and I look forward to seeing you again next year.

All the best

Abdelraouf Abdelfattah

IT'S FINALLY MY TURN! I don't know where to start, but I don't think I need to say much. I believe that my history speaks for itself. I'm the man with the clean history and bright future. There is nothing I didn't do, I overcame every obstacle to get to what I want. I can't choose a favorite moment because then I would have to mention the trips, MUN, Student Council, Green Committee, AIS4EGYPT, Carnival, Varsity, Talent Show, and many other things. To keep things short, I was anything but ordinary, no one that came before and no one that will ever come will be like me in any way. In my conclusion, I would like to tell the people who miss me already "don't cry because it's over smile because it happened," and as for me I promise you that from this point on everything in my career is going to get better and better [isA]. The best is yet to come! I'm done with the longest 14 years of my life, but I know I'm going to miss it. Finally, I would like to thank Wikipedia and Nescafe for making this possible

Ismail Abdellatif

I want to leave one thing, a mindset. My mindset was never to quit. IB and High School like the rest of life, will be a roller coaster of emotions. You will have classes you love and classes that make you feel sick when you enter them. Whatever the feeling, don't quit. Quitting is the easy way out; it's the way cowards deal with things. Unless the circumstances call for it quitting is not the way to go. Learn all you can in high school. Learn how to be a good person. Learn how to advance your own life and get ready for college. But above all never quit. In sports, classes, or in your very own beliefs, never quit.

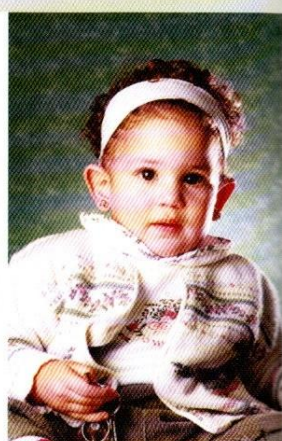

Yasmeen Abu El Naga

It is finally over!! I feel like we have been through so much already!! IB family, thank you for soothing my IB experience! We have all learned a lot from each other and I will always remember you. Baba, Mama, Gedo, Nena and my siblings, you are my life, thank you for everything <3 Mirna and Nadine we are the triplet in trouble. Salma, independence woho! Shado girl don't worry the MB won't arrest you! Farzo, btw, you are funny J Marinzo, take care of those notes, Fatima [lol], Hagaroo, where were you in arabic?, Farahnaz, you owe me cupcakes from 9th grade! Mai, thank you for the tea you never made me. It is time to move on to the real world, as if this was not real enough! Hope all my friends and teachers the best. Hope to stay in touch with you all

Lujaina Abuerban

"Dear past, thank you for all the lessons. Dear future, I am now ready!" -anonymous Mum, Dad, Rudy -my real family-, my IB Family and all of you out there, you know who you are. Thanks for your support. Words cannot suffice. Without you I wouldn't have been able to survive IB. I turn to a new chapter of my life today - from school to university. When you look back at this, remember those hard and good times we had together

Motasem Abdel Fattah

This is my sixth year at AIS; I have had a good run. I would like to thank all my friends for sharing these wonderful years. I would like everyone in future graduating classes to try to capture every single moment, so by the time you have graduated you will have a timeline from start to finish. Before your eyes you will see how you and your friends have grown and changed. Have fun while you still can!

Sara Abdel Rahman

I can't believe that the years have passed, and I am actually writing my senior will. Mum, thank you for always having my back I couldn't have asked for a better mother. Dad, you are an amazing leader and I wish I could have a strong personality as you when I grow up; you are my role model. Hesham, my genius brother, whenever I need help with anything, you are the one that always helps me. Khaled, you are not my brother but also my best friend, whenever I am in trouble or I need advice, I always come back to you. Donia and Maha, I couldn't have asked for better sisters to join my family than both of you, I love you so much. Farah, Farida, and Gamila, you guys are the best sisters in law. Gharabawy my partner in crime. Khodairy and Yoona my favorite sisters. Farwell AISE.<3

Nadeen Abdel-Latif

I would like to thank God for everything, I'm blessed. Mom & Dad, I couldn't have made it without you, love you both endlessly. Jessy, Poussy, and Dalia, you're the best sisters anyone could ask for. Sherif, I love you big bro. I promise you I will try to drink less of.... you know what I mean ;). Nourzie, we will read this in 10 years and laugh. Yasie Fasie "we have such good memories" I love you hatoomi, eww too cheesy!! Gawqa3a, don't worry we will have better memories in uni bro. Dourou, my doppelganger cousin. Nads, we are real dancers. Marmoor&Malouka, old Heliopolis crew. Farzo, irreplaceable. Gamila, Habiba, Esso, craziest girls I know. Loulou&Misty, love you both. IBFam, love y'all. The great memories we shared within these walls will ever last in my mind. Don't get all nostalgic now. Cheer up. We're done and a lot is yet to come. Point.

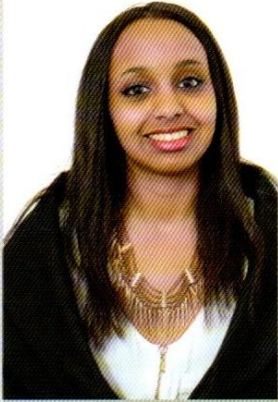

Nour AbdeLatif

I would like to thank all the people who supported me in my life; my parents, who took really good care of me and encouraged me. My freinds, Ahmed Hafez, Omar El Hawary, Karim El Kobrosli, Hossam Sewellam, Konsowa, Mohamed and Hassan Shawki, Ehab Yassen, Fekky and the rest of the grade. These friends made the year pass by as fast as possible

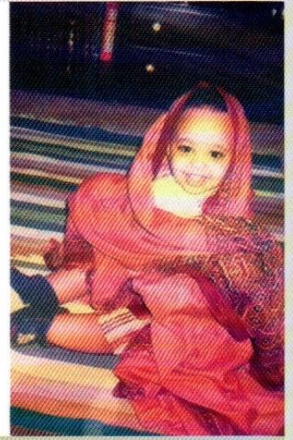

Class of 2014

Iman Abbardo

Mom & Dad: The guardian angels God sent to set a great example for me and provide the life many dream of having. Azza, Isra, Amru: her royal highness is graduating. You're the greatest siblings anyone can ask for. Marielle: My other half! We're graduating together in my heart. I can't forget the "bros I never wanted": Bram, Tag, Mark, Seif, Ali, Eyoab, Timmy. My favorite girls: Rayan, Nadia, Amy, Rachel, Sandra, Laila, Rowan, Hana. The coolest sophomores: Jeena, FarahK, Ola, Yosr, SaraM, Karma, FarahT, Battouty, Yara. My favorite secretariats: Sarah, Farahnaz, Katamish, Ashraf. My THIMUN buddies: Rebby, Evelyn, Fatima, Marina. Meedz—the most encouraging teacher I ever had. Best for last, Giorgio: You'll always be the one and only for me. Although this chapter of our lives finished... "it's only the beginning".

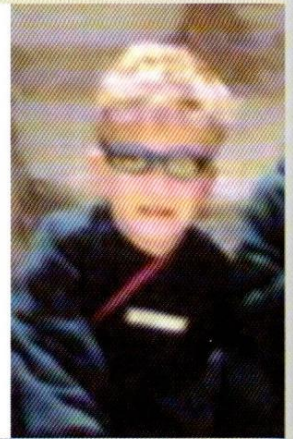

Amr Abdalla

LOVE YOU MOM AND DAD

Seif Abdelaziz

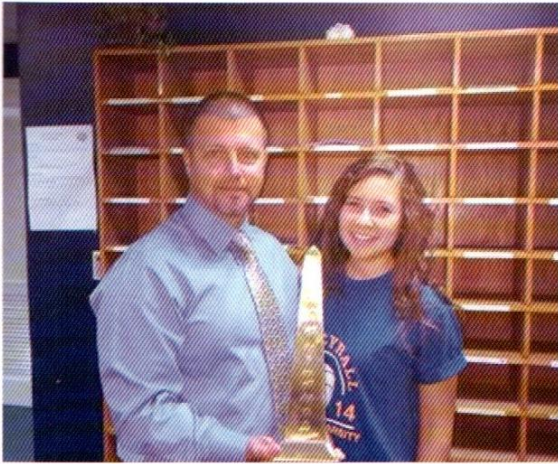

You know I couldn't have done this without you, my parents my life. Farida you're the best sister anyone could ask for. Yazi Fazi you're my second sister I love you very much. I have great eyes. I won them in the senior superlatives. Hehe. AIS, peace and love

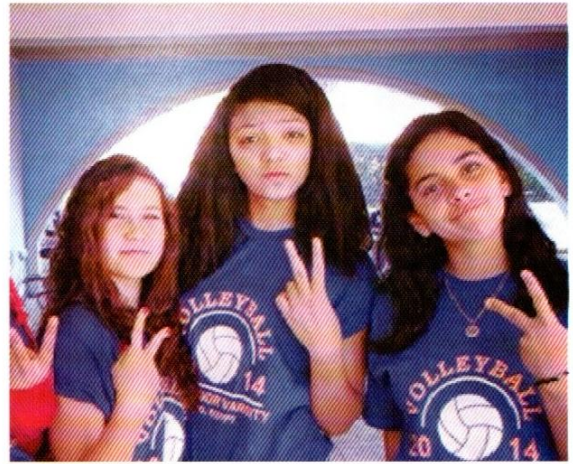

Farahnaz Abdel Bary

Fifteen years at AIS and it's only just begun. Mom and dad, thank you for putting up with me all those years. Dudu, your "motivational" speeches are what kept me going through IB. Hana, hang in there mini me. Yosiqua and Bramaniqua, I will forever cherish our weird conversations about Rick Ross. Rebecca, your lunch was the highlight of my senior year. Fatima, your slightly awkward hugs were oddly comforting. Salma, I will never forget that laugh...(you know which one). Evelyn, I'm going to miss our long conversations about people not understanding us. Mirna, I will never forget you laughing in your sleep when we were roommates. Tag, our conversations will always make me smile. Imato, you know what you are. Mark, those Julio moments made my day. Katamish, I created a death stare legacy to last longer than yours. Saif, two words, pooping unicorns. IB familia

I still cannot believe that 12 years are going to be over. I know that I will soon be missing every inch of this place. To all those still in school "I was who you are". Mom, Dad, Mohamed, and Abeer you have been the best family anyone could ask for. To all my teachers thaks for educating me and thank God for where I got so far in my life. Finally I want to thank my friends for being there for me. Yoona and Gamila's Saturday nights. Habiba's skype studies and gossips. Sherra, Banna, Gebaly best bros. Eissa. Rajooba the khaliji, kons the bet's on, and alaa the muscle man. Mohmaed,yasmina, esraa, habiba, kedwany, fekky u always make me laugh. sara, rawan, yasmina, esraa, and everyone else I didn't mention I LOVE YOU ALL!

Mirna El Banawy

Everyone said that senior year is the best; admittedly without the IB family and friends, it would've been one of my worst year. CAS Retreats, THIMUN, Berlin, staying up all night, crying and procrastinating together is what made the past years memorable and worthwhile. Thank you to my family and friends who supported me at all times. You're the reason why I am able to cry and laugh at the same time. Faroohi Shamboushi, Huggy, Shahd, Marina, Fatima, Nadine, Yasmeen, Rola, Nermeen, Radwa, Menna, I love you. Karim w Salma you make me laugh even when you make fun of my "pooh" walk. I'll miss you all. It's our choice to stay in touch, so I hope we do.

Farah El Barbary

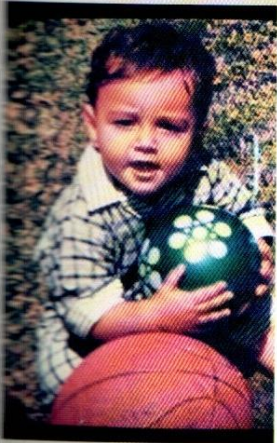

ElHamdulelah seniors we made it! Pa, Ma I couldn't have made it without your support. Essraa, Yazz Insha'Allah Insha'Allah osta ahmed, shalaby. Unforgettable memories. Gamzz, Allam, habibass, Kedwany, salma, alaa, seif, susuu couldn't have made it without you. Seniors 2014. Mission accomplished!! Bye Bye A.I.S

Yasmine El Dessouky

It was one thing after the other, and in between the thrill of it all I forgot to remember to think. I doubt we'll remember it as we passionately live it now. But if years from now all that remains is these words, the vague/generic lines of gratitude, and blurred memories of what used to be then surely I have not lived right. Goodbye? Really? No, of course not. Why say goodbye when we all know it isn't?

Abdelmeguid Amer

I DON'T WANT TO GRADUATE!! I'll really miss my friends because nothing will ever bring us close together as school and nothing will make us laugh that hard ever again. Goodbye bros: Amin, Hossem, Hassan, Nour, Raouf, Shawki, Allam, Konsowa, Feky, Ihab, Moatassem, Sadek, Mohy, Tag, Banna, Entabi, Hawary, and Hafez. I'll miss playing soccer on the field, filming TheThreeCapitanos, Dancing in Thepatio, running late to class EVERYDAY, skipping the mile-run, MUN and Mr.Hardman/Mohsen/Hanaa's class! AIS, you gave me most memorable days, it's always hard to forget those that gave you too much to remember. Thank you Dad for working day&night and thank you mom for raising me, I know it was harder than Mission Impossible 2. Thanks Omar Amer, my brother+role-model. Nada Amer, my sister/ 5-star chef, Ashraf the playstation-KING, and Aliaa for raising my lovely nephews. Thanks BIBO (my 'twin'), Nadoosh(FamilyComedian), Karim Salem, Doooooz ,Tifa/Atef, and Am Abdo.

Above all, ELHAMDOLILAH!GOOD LUCK SENIORS14!

Mohamed Amin

I'd like to say that this has been a rough journey, and I'm glad to say that it is finally over. To all the people I've met in AIS you're awesome! Will never forget our long nights (Geedo, Omar Naga, Tarek, Ahmed Tarek ,and Taha) Will miss you guys a lot. My favorite music buddy, Nour Farrag! I'll never forget my years here at AIS, it has been my second home for well over 10 years. While it might be hard to finally grasp that my education at AIS is over, I must look onto the bright things in life. While age may change me, I will never forget my friends at AIS. Since it's my senior year, and I'm not going to hold any grudges; I want to end my last year of high school on a happy note. Love you Mama, Baba, Amينو, and Simzo

Going back to Syria was the only thing on my mind since the first month of leaving the country and honestly it still is. But when I look at what I went through, I really find that the two years I spent in Egypt were so beneficial. I learned that changes in our life are going to happen whether we like it or not and that we should always be ready for it. "Life is like riding a bicycle. To keep your balance, you must keep moving"

— Albert Einstein

I'm really glad I joined AIS and I'm happy to graduate from it. I have made a lot of unforgettable memories with the great people I met. Egypt will always be my second home after Syria. Special thanks to my parents for supporting me in every step I take and making sure I'm safe and happy. Peace Out

After staring at this empty word document, waiting for it to write itself, I realized that everything eventually falls into place. (I wish I told myself that last year because it would have saved me lots of time spent on mental breakdowns). I didn't want to make this cheesy but oh well. Thanks to everyone who made me feel at home when I joined AIS in 2012 (no matter how awkward I was), to those who taught me very useful Arabic words that I will definitely use in my every-day life (can't mention them because they may or may not be senior will appropriate), to those who listened to me rant whenever I needed to, and to La Familia who made IB worthwhile. Finally, thanks to my parents and brother for always being there for me, I hope you look back at this and remember all the lovely stressful times.

Class of 2014

Salma Aldirawi

First I would like to thank my amazing parents and friends who have been there for me through my ups and downs. Even though IB was like a wax strip, short and painful, I have made unforgettable memories and if I had a chance to do it all over again I wouldn't. I will especially miss the long nights full of a poop pile of Biology IAs haha just kidding. Rebecca, Evelyn, Mirna, Marina, Fatima, Farahnaz, Yasmeen, Yaz, Bram, Role, Nermeen, Radwa I love you all so much, life without you is like socks without a feet. And remember haters hate because they are what you ain't

Omar Allam

Hello World. I know it sounds cliché, but it was almost as if it were yesterday, the time that I was being interviewed, 14 years ago, for admission to AISE. I remember that senior who looked down at me and said, "its going to be a long, long journey." Now I realize, he was dead wrong. It has been an adventure... one filled with excitement, stress, happiness, and great great fortune. An adventure in which I got to work with some of the most influential people in my life, an adventure that has molded me in to the person I am today. I am in debt to all my teachers – from Ms. Jackie [KG2] to Ms. Depollo [first grade], to all my IB teachers. Above all, I am in debt, with my existence, to the person who stood behind my back, who was always there to help me up whenever I fell, whenever I stood before a seemingly impenetrable hindrance... my mother. Lastly, my will: cherish every second because it will all be over in a blink of an eye.

Youssef Allam

For the past 18 years I never got the chance to actually thank my parents and family for everything they have done for me. Without every single one of them I would not be the person you see today. Every one of them has shaped me and my future in a specific way and all what I can do for them is thank them for their guidance and wisdom. I would like to take a moment to thank the most important two people who have raised me and taught me right from wrong. Hopefully I will do the exact same thing to my children and raise them as well as you did with me. I would also like to thank the people closest to me for being there for me you know who you are, especially my one and only Gamila Moustafa, I love you so much!!!m

Omar Aly

I just wanna say to all seniors of A.I.S class of 2014 that WE DID IT. We have been through alot in our lives and we always thought that this day would come and now seeing it before me it is definitely so much better than i ever imagined it would be. I also want to take this opportunity to thank my family, friends, teachers and supporters for helping me be a graduating student of the class of 2014. Every one of us might think that this is the end of the line, but to me it will always be the beginning. The beginning of a new page where we can all have the chance to change the world and make it a better place for millions of people and for us. I also want to thank the role models that I look up to because if we didn't have strong figures in our daily lives we wouldn't have all had such dynamic characters and personalities. Most importantly I want to thank God for teaching me how to learn by my mistakes, and giving me the opportunity to understand the definition of the word hope. So as my final words in the senior will I wanna say thank you everybody for being a part of my life and being with me till the end of time. Thank you everybody I love you

Seniorssssssss!!!!!!!!!!!! Everybody live your life to the fullest.

Aly Abushanab

La Familia, I don't even know if it is even possible to meet a better group of people, even though I wasn't planning on knowing you guys, I ended up having a second family. Our junior CAS retreat was the beginning of 2 years, IB, full of memories. But IB wouldn't have been the same without Arabic, Faltaz you know what I mean. "Asatok," "No one knows this movie?" Sokhna, the list and Magic are the best high school days and memories. Nado the smartest person alive, Nestle, Situps and BorkinaFaso. NourS shorts and boxers. NadaH I will never forget the day we met at El-Gezira Club. Shorty, Chahd enough theories, dreams. Varisty Mohy "French-fries." Essa we come and leave together, Tifa it's been 16 years my friend. Mum, dad and little sister thank you for everything and I'm sorry for all the times that I annoyed you. Four Heart

I'd like to be able to use the 150 characters I've been allowed here to accurately deliver the thanks I owe to my loved ones, but that's probably unachievable. So let me just say what I think should go in here: Mama and Baba, I know everyone always says this to their parents, but I really mean this, you really are the best parents anyone could ever ask for. Ma, Mada...I love you. I could dedicate an entire book to how much you mean to me, but I only have 57 words left. All of my friends, who've helped me through stress, listened to my complaining, and given me unforgettable memories... you've made my high school years ridiculously rich. Thank you AIS.

Yasmine Al Maghraby

Mom, Dad you guys were my rock through this whole experience. I know i was a lot to handle and you stood by me and always believed i can do it, for that and for so many other things, thank you and I love you so much. Aly you're honestly the most supportive brother anyone can ever ask for, love you Laloh you're the best. Thank you to all my friends, couldn't have done it without you, you know who you are. Love you guys. Karim and Farah don't know what to say, both of you mean so much to me. You guys are family to me. I don't know what i would do without either of you. Love you guys so much. A big thanks to all the teachers who've helped me and who've inspired me to do better. People are always going to try and tear you down, show them your strength by smiling and succeeding. Fantastic is a suitable word I can use to describe the years I spent here. Ultimately thinking that shifting schools would destroy my social life, I was mistaken as I learned a more valuable aspect about life. Communication was the key player that urged me to make a whole new group of friends that I'm truly honored to know. Knowing that this is my destiny, I am now proud to be a graduate of AIS

The hag and the haga, thank you so much for everything you've done for me. My goal is to make you proud.

To anyone reading this, don't take anything for granted and appreciate who and what you've got. Don't take the easy way out, just take the hardest and keep grumbling about it.

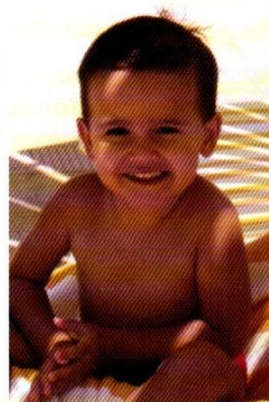

IB has been an adversity and an opportunity, but mostly a laxative.

I see no farewells necessary; if the love's mutual, we'll meet, eventually.

We're gonna be the best chief officer duo of all the time, you know who you are. O

Big One.

Keep Calm and Be Chihuahuaed.

Here's to me. A rebel. A troublemaker. A round peg in a square hole. I'm not fond of rules. I have no respect for the status quo. You can quote me, disagree with me, glorify or vilify me. Firstly, I want to thank Mom, Dad, May, Youssef, Zizi, Phil, Julia, Danny, Alex. You are the best family I could ever ask for! The two years I've spent here are easily, the best years ever. I will never forget people like Sally, Karim, Christina, Sherra, and all the people on the trip to Vienna and there are so many other people who have helped make these years even more memorable! There are so many memories over the past two years that I will always remember. I've had so many experiences over this short period of time that I don't know where to start. There was everything from cramming for exams, goofing off, travelling, studying, and so much more. I'm so grateful of all the people I've met and gotten to know during my time here and I really can't believe that it's over. We're all finally graduating. I want to give my best wishes to everyone and wish them all luck in the future, no matter what it may have in store. Congratulations Class of 2014!

Wonderful! Writing this just before my mocks. El7amdullah, I made it with a smile on my face. It's worth it, the challenge only makes it more fun. If I try naming who helped making this year amazing for me, I would probably need the whole yearbook. But it's worth mentioning Aly with a «Y» who was always there to support me. The best moments in phrases starting with "yoogarrt" "4" "7essan?" "mother Dina" until "the boll in za goll" and so on... Hossam and Ehab try stop eating as much, I know its hard but... u know! Omar and Heema, love u guyz- take it easy, don't study too much:D. Heema stop procrastinating. Mrs.Belal more like a mother than a teacher, loved u support! Sherra, Adnan and Marghany -enough said. Tifa, Gaby and Farah- " Na2ah" " Shu2ub". Friends, 7abayeb, Family and Boss - Gedo. El7amdulla!

Gabriella Makarios

I, Gabriella, do hereby make and declare this to be my Will and Testament to this ending chapter of my life.

All of the advice stated below I bequeath to the students at AIS so that they can benefit from it as they see fit.

Be wise when choosing friends, and create strong bonds with the ones you have chosen, for they will be your support in times of boredom, fear, and sadness. They will be the source of your most cherished memories, inside jokes, and bellyaching laughter.

Take advantage of what your teachers have to offer, disregarding your personal preference for them, for they are an endless source of knowledge and experience you lack.

Join clubs, sign up for internships, read books, and help as often as you can. Find your passion and cultivate it for the rest of your life.

Mahmoud Mandour

Sometimes, I forget to thank the people who make my life so happy in so many ways. Sometimes, I forget to tell them how much I really do appreciate them for being an important part of my life. So in my senior will I wanted to make sure that they know how much I love them and appreciate them. These people are my parents, since I'm used to them always supporting & helping me I might have forgotten that they do it because they love me not because they have to do it. So I wanted to make sure that they know how much I LOOOVEEEEE THEEEMMMMM and that I'm very thankful for having them as my parents. This year wouldn't have been completed without these people: Nooniii, Dayana, Rawdaaa, Yahia, Menna, Maha, Rana, Melli, Kekhia, Farooq, Dodo, Karim.

Also I would like to thank all my best friends who have always supported and encouraged me when I needed it (Nour, Ehab, Hossam, Shawky, Raouf, Abdelmegeed, Amr, Gebaly, Hawary, Ali Sherra & Entabi). I will always love these friends because they truly care about me just as I care about them. I would like to end my senior will with a quote that I have always liked because it is very true. "The love of family and the admiration of friends is much more important than wealth and privilege"

Mohamed Shawky

Family and friends are always the main reason for a person's success. This is because they're always there for help and because of the support they provide you. Having them besides you is a motivation to keep you going until you reach success and accomplish your goals. I would personally like to thank my friends and family members for being there for me and for never giving up on me. I consider friends like Mohamed Hussien, Abdelaziz Konsowa, Mohamed Essa, Ahmed Sherif, Nour Shoukry and Dania Sheta as part of the family and I would specifically like to thank them for showing me support and for giving me advice whenever I needed it. My brother, Omar, was also a motivation to me, even though he wasn't that good in school, because he was always available when I needed him and showed me that there will always be hope.

Mom and Dad, I thank God everyday for your presence, patience, love, and care. Ayten, although you are not with me, you are always on my mind; how telepathic we can be, how alike we look, you know me best out everyone in this world. Family is everything.

Since Arabic isn't allowed, literal translation here we go:

With the prayers on the prophet, let me hear the best greetings to the class of 2014, meaning finally we graduate, meaning the IB FAMILY, meaning the bitter-sweet two years of our lives, meaning the best memories with the best people whom I will never forget, and make me dance man.

But for real, what did I get out of high school at AIS? Youssef Darwish <3 and the best second family anyone could ask for, the IB family! Thank you AIS, couldn't wish for any better.

I've only been in AIS for a short time and I don't really know people as much as I wanted to, but I enjoyed my time here very much and I liked how students made this one of the best years in Egypt. There are so many memories from this year that I don't know where to start. Everyone was very welcoming and helped me understand the Egyptian culture. I will never forget the jokes between us and how much support and help I got when learning Arabic. I loved the experience of seeing Vienna in the Week-Without-Walls trip, and how we all had a chance to become closer and get to know each other better. I never imagined that I would end up in Egypt but after this year, I can say that it is something that I will never forget. Thank you, from your Greek friend. ☐

It has come to that time of senior year where we all have to fill out a template paragraph thanking every single friend and family member for bearing with us for the past 12 years. Mama, pops, bro, Tiruye, Tejiye, I couldn't ask for a more loving support system. I hope I made you proud, and I'll continue making you proud. Love you! Mentioning every single friend by name will not only make this sound like a death will, but exclude people. I've met some of the best people, and I couldn't thank everyone enough for helping me get to where I am. I love you all, you know yourselves. Last but not least, IB fam, the only good part about IB was complaining about it with ya'll, CAS retreat(s) memories, and seeing everyone online at 3 am. Didn't seem like it, but we (finally) made it!
We out.

I know it sounds cliché, but it was almost as if it were yesterday, the time that I was being interviewed, 14 years ago, for admission to AISE. I remember that senior who looked down at me and said, "its going to be a long, long journey." Now I realize, he was dead wrong. It has been an adventure... one filled with excitement, stress, happiness, and great great fortune. An adventure in which I got to work with some of the most influential people in my life, an adventure that has molded me in to the person I am today. I am in debt to all my teachers - from Ms. Jackie (KG2) to Ms. Depollo (first grade), to all my IB teachers. Above all, I am in debt, with my existence, to the person who stood behind my back, who was always there to help me up whenever I fell, whenever I stood before a seemingly impenetrable hindrance... my mother

Yeo Han Yang

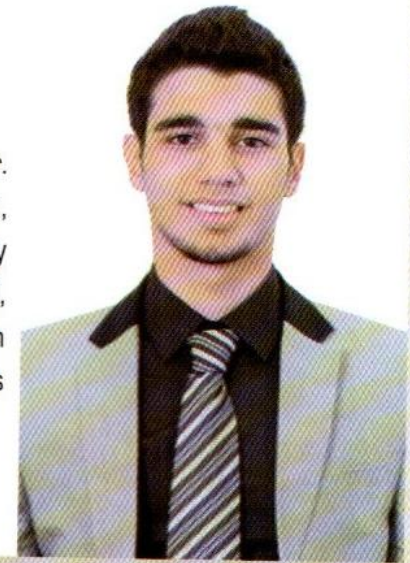

Don't get the wrong idea.
Taking IB or AP, and getting a GPA 4.0 does not make you smart.
Mocking someone does not make you cool.
Acting friendly in order to pick up a girl or a boy does not make you a good person.
Those actions do not show people that you are a nice person or clever person.
Consider what you say and how you act.
Because you may look moronic and stupid even though you've got a high quality of education.

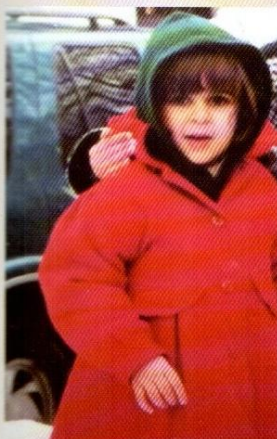

Ihab Yaseen

FINALLY, It is over..., I cannot believe that the years I have spent in AIS are over. This was an awesome journey full of moments of sadness and joy. Thanks to Mom, Dad and my bros for always being there for me whenever I needed them, (cheesy statement but I had to say it). I cannot forget my friends, HASSAN, NOUR, HOS, GEDO, RAOUF,, GEBALY, SADEK, HAFEZ, KONS and the funniest person I have ever known OMAR SELIM [the short Selim not the tall one]. IN SHA2 ALLAH, I will see you guys again. Time to move on and experience the next phase of life, UNIVERSITY.

Education, Friends, and Fun are the reason why I find school remarkable. I could never ever forget the time I spent at AISE, a place where I have been all my life. Even though, most of the times felt boring, I have met many great people which later became more than brothers. People like Amr Mohy, Abdel Meguid, Mohamed Shawky, Ahmed Hafez, Ibrahim el Gebaly, Hassan Shawki, Ihab Dhafir and Nour Farrag. Moments with these wonderful people and the fantastic times I had in School could not be forgotten. They were the reason for my smile, not only that, but many people in the class of 2014 were. Thank you all for making the last days in school unforgettable.

Editors' Message

As the editors in chief of the American International School in Egypt's 2014 yearbook, we are proud to say it has been an absolute pleasure working with this year's yearbook team of hardworking students who have been very helpful, supportive, and cooperative.

For the first time in four years the yearbook was completed a month earlier and that was due to the great work done by all of the electronic journalism team.

Our small staff was very dedicated to get the 2014 yearbook done very early, and fortunately, they succeeded. Our goal was to make a better yearbook, and our amazing staff helped us achieve that, and for that we are very thankful and proud.

We would also like to thank our amazing teacher and mentor, Meedz. Without you, we wouldn't have made it through the year, and we wouldn't have been able to create this wonderful yearbook. You have assisted us greatly. Having you as our teacher for two years in a row has been really fun. I think we can all agree that you have been the best teacher ever.

It was a roller coaster with its ups and its downs. We faced great difficulties but, thankfully, we were able to overcome them, and make a lasting yearbook that the whole school can be proud of.

Despite those difficulties, we managed to stay positive and optimistic about finishing the yearbook on time.

We would like to thank everyone that has helped us with the yearbook, and we would love to work with you once again. It's been a great experience.

Yours sincerely,
The 2014 Yearbook Editors-in-Chief,
