Yearbook 2019-2020

an  **Esol Education** school

SUPERINTENDENT'S Letter

As we approach the conclusion of the 2021-2022 school year, we can take pride in all that we have accomplished on many fronts. Our students have continued to excel academically, with many of our graduates gaining admission to some of the best universities in the United States and elsewhere. Our athletic, arts, and other activities programs are thriving, with exceptional levels of participation and achievement.

The Covid-19 pandemic has taken a significant toll, and our school community, led by Dr. Kaponi Ciotti, is continuing to cope with its challenges. We've enjoyed a welcome return to normalcy this year.

My thanks go out to every member of our school community for their commitment to AIS. As we conclude our 32nd year as a school, we look forward to an even brighter future.

Mr. Walid Abushakra
Chairman and Superintendent

DIRECTOR'S Letter

Dear AISE Community,

Congratulations on the completion of a fantastic school year. We have made it through Alph, Delta, and Omicron together and have come out stronger on the other end. We have grown as learners, as teachers, and as a community. We have gotten closer as we supported each other and realized how much we all mean to each other as the pandemic forced us to be a part. This year, more than any, AISE is the home we all come back to. It's where our friends are, our mentors, and our family.

As we leave this school year behind us, I remember how powerful we are when we are one community. Have a restful and safe summer, and see you back in September, ready to learn!

Sincerely,

Dr. Kapono Ciotti

PRINCIPAL LETTER

Principal

Matt Novak

Elizabeth Anis

Lavesa Devani

Dear Amazing AIS Community,

These past months in Cairo and at AIS have shown each and every one of us the strength of our spirit. This can do attitude that is focused on solutions and understanding exemplifies a special word, grit. Our community has experienced so much yet still moves forward. The challenges of today will serve as a guiding force for a better tomorrow.

What is special about AIS grit is the joy that is once again present on campus. Our students laugh, run and play with their friends. Joy and hope are special lessons that our students give us. We have begun to move past the fear and worry that was thrust upon the world. Instead we are gradually and safely reopening and returning to a new normal.

While challenges remain it goes without saying that the adaptability and drive to succeed that is present in our community will continue to navigate the obstacles that come our way. AIS students make the world a better place yet each and every one of us is part of that student experience. You are the best.

Sincerely,

PRINCIPAL LETTER

Caleb Hatfield
Principal

Kimnada Bobb
Assistant Principal

AIS students make the world a better place and the 2021-22 school year proved that once again! Through the many challenges presented by COVID-19 and the ever-changing climate of uncertainty, our middle school community came together and made the world a better place. Learning continued, friendships were forged, and every day we found new and better ways to accomplish our goals. As I reflect on this school year, I consider all the ways our students learned that they may not have been able to during a typical school year.

Adaptability. Independence. Resiliency.--All words that come to mind when I think of how our students have grown during the last year. These attributes aren't always explicitly written into our curriculums, but any adult who has passed through the difficult years of grade school would agree that these traits are key to being successful in the years after school. A global pandemic that shifted our learning from week to week from on-campus to online, and then back again refined these qualities. Growth happened, even if you can't measure it on a standardized test!

An initiative that brought a lot of spark into our school year was our House Program. All students were sorted into houses and day by day earned points for their house by doing good and displaying our AIS Portrait of Graduate traits. The second year of the program wasn't immune from some difficulties, but our student community showed adaptability all along the way. We look forward to this program continuing to grow in the many years to come!

Our middle school theme, "More Than Me", continued to be a big part of our DNA. Students learned more about what it meant to live out our theme in their daily lives and began the foundational work of developing their own service projects in the future. We are excited to build on their experiences, capitalize on their independence, and continue to make our world a better place!

My third and final year leading our middle school community has reminded me a lot about the blessings we have. I want to say thank you to our teachers and staff. They were gracious, patient, and joyful throughout all the challenges we faced during this year. They really are the best educators in Egypt! I also want to thank our hundreds of parents. With the constant changes, middle school parents were like their children, resilient. Your support this year did not go unnoticed! And finally, I want to thank our students. It was a difficult year but you all made the best of it. Each of you is the reason we do what we do here at AIS. Thank you for your smiles (even behind the masks), positive attitudes, and the hard work you put in!

S9:E1 High School

It has been a great year this year. #learning-has-been-thework!

We all knew that coming back from the challenges of the last two COVID interrupted years would be challenging, but I don't think we understood or expected just HOW challenging that would be. Getting back into routines, rebuilding our "academic fitness", relearning how to work together to resolve conflicts, finding our ability to collaborate, etc, etc, etc. And that was just the teachers!

All jokes aside, this was the reality for us all. We all - students, teachers and parents worked through these challenges. We coped with the semi-regular quarantining as we continued to grapple with COVID and we did our very best while in face-to-face mode to capitalize on being with each other. We began our year with a hashtag to focus our efforts and at the end of the year can look back and truly say that this year, more than most I can think of, LEARNING really WAS the work.

And like most work, there is a reward at the end. Students have achieved excellent results in all aspects of their year in high school. Seniors have been accepted in universities around the world that are the perfect fit for their talents and aspirations, many of them in some of the most competitive universities in the world! Students have excelled in sports, have shone with their writing and have distinguished themselves with their creative output. Our grade 10 students have worked through the pressure of choosing their 11th and 12th-grade path for the next two years and our 9th-grade students have survived (and thrived) through their first year of high school. Our juniors are set to embark upon their penultimate year and are well prepared to do so.

None of this could have been possible without the collective responsibility that has been shared between school and home. It was my pleasure to continue to build and strengthen this critical partnership, recognising its importance and the investment that this relationship truly is.

We have accomplished much this year and have set the foundation for a year ahead that will allow us to build and enhance and strengthen and develop all the positive things we have started and continued this year.

Thank you to the teachers for all their efforts, their time, their dedication, their flexibility, their readiness to stretch into new places, their forgiveness, their professionalism and their selflessness. Thank you to the students for all their efforts, their dedication, their smiles, their forgiveness, their flexibility and their youthful happiness. Thank you to all the parents for their support, their expectation of excellence, their readiness to listen and their staunch advocacy of their children. As many of you who have visited me in my office have heard me say, this is your job - to advocate for your son or daughter."

It has been a great year this year. #learning-has-been-thework.

ADHAM ABBAS

I never imagined this day would ever come, the day I graduate. I have been at this school for almost 14 years and it has been one heck of a ride. I have experienced many ups and downs that have influenced me to be the man I am today. But like Rocky Balboa once said, “the world ain’t all sunshine and rainbows. It’s a very mean and nasty place and I don’t care how tough you are it will beat you to your knees and keep you there permanently if you let it.”

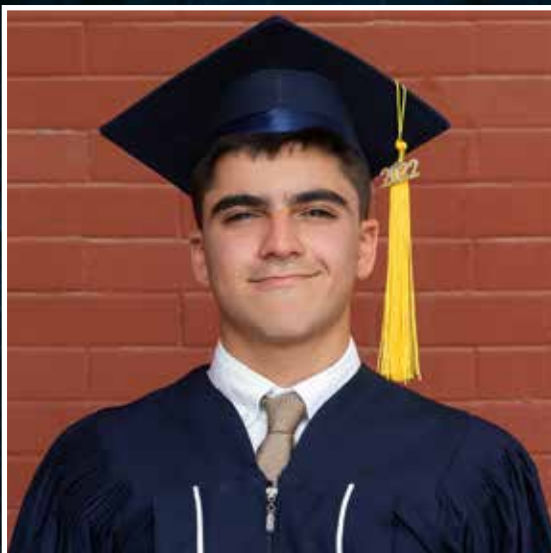

I wouldn’t be the man I am today without my mom. I would like to tell her thank you for making all those sacrifices in order to see me grow. You are a true hero.

MAYA ABD EL HADI

I spent all of high school waiting for it to end, now that it’s ending I wish I could go back and experience it again with a different mindset. If I’m being honest I didn’t think I would make it this far, but I did. If I can do it anyone can, it wasn’t easy but this journey taught me a lot, both about myself and about the world. Even though my mind worked differently than most people, never realizing what the problem was, I eventually used my differences to my advantage and completed things with a unique perspective. Thank you to everyone who believed in me. To those who tried to drag me down, I hope you realize you were wrong about me.

SHAMS ABDELAZIZ

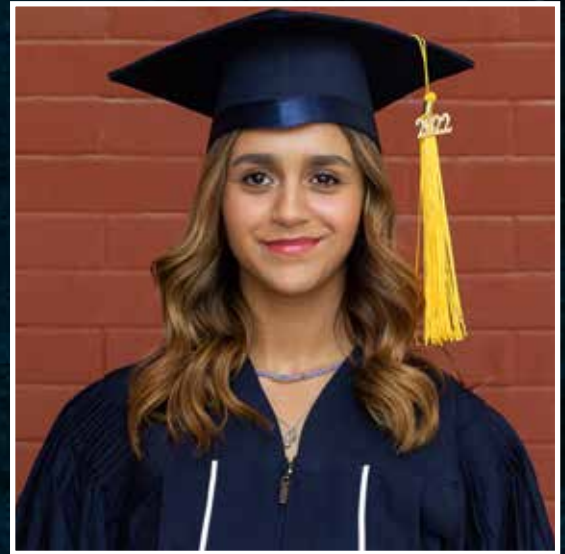

In this journey, school taught me very valuable lessons, but in a tiresome way. To start this off, I’d like to thank my parents for supporting me with all my decisions in this journey. I want to thank my sisters who helped me with all the challenges I encountered, couldn’t have done it without them. I want to specifically thank my brothers for making this miserable journey, an unforgettable one. I love y’all. I appreciate everyone that helped and supported me throughout the years, but as always all journeys must come to an end, and I’m glad it ended this way. See you in the next one.

AHD ABDELDAYEM

I'm sorry i couldn't make it most of the days my bed needed emotional support.

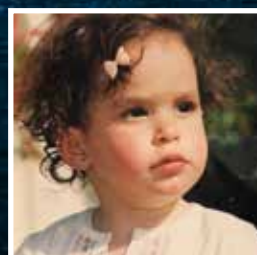

YOUSSEF ABDELRAZEK

"Follow your dream and work hard and you will make it"

ALYA ABDELSALAM

High school wasn't fun, but it was definitely... a memorable experience. Besides my parents and my siblings, I'm not going to thank individual people because there are way too many, but I clearly couldn't have done this alone. I've been trying to graduate for 12 years, but I think I might miss it, or at least the memories. Nonetheless, I'm glad it's finally over.

NOUR ABDO

Mr. Yenshaw once told me “Veni Vedi Vici”(JC) and I live by that.

AHMED ABOELKOMSAN

I'd like to thank my parents for constantly being there for me throughout all 12 years of my education. I'd also like to thank my brother Mohammed for being fun to be around and generally being a second part of me. I'm going to be blunt here, I hated every second of school but it did offer me a fair amount of life lessons. It taught me routine, time management and how you should never fully rely on others. These are all lessons that will be valuable throughout my life and for that I'm thankful.

MANSOUR ABOU HUSSEIN

I really enjoyed my years here at AIS. Thank you everyone!

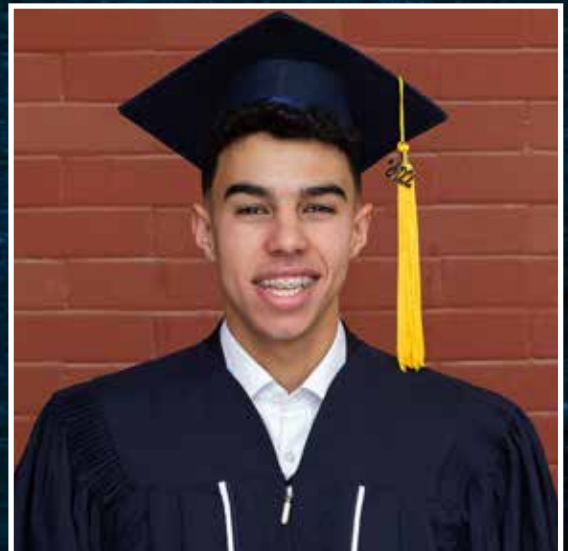

YASEEN ABOU HUSSEIN

I couldn't wait for success, I went ahead without it.

MOHAMED ABOUEITA

"Cheers to all my haters! Be patient. So much more is coming."

REEM ABOUELNAGA

Firstly, I wanna thank my family for always doing the most to support me. I want to thank my best friend's Sara and Yassmin. They say the longer the friendship is the more "real" it is but I couldn't agree less. We've only known each other for 2 years but, you guys are my REAL friends.

"Last but not least, I want to thank me. I want to thank me for believing in me. I want to thank me for doing all this hard work. I want to thank me for having no days off. I want to thank me for never quitting. I want to thank me for trying to do more right than wrong. I want to thank me for just being me at all times" - Snoop Dogg

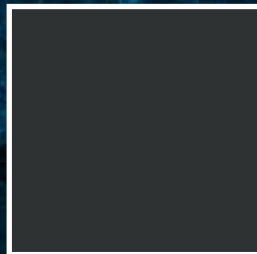

FARIS ABOUELSEoud

I really enjoyed my years here at AIS. Thank you everyone!

ALY ABOUMANSOUR

I really enjoyed my years here at AIS. Thank you everyone!

SALMA ABOUNASRA

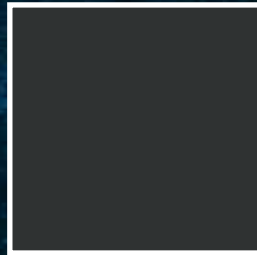

I owe my high school success to those who stood beside me including my family and my besties. But most importantly I want to thank myself for keeping it together and as Meek would say, "B I graduated call me big fish" - Abounasra out

ZIAD ABOUSHAHBA

I really enjoyed my years here at AIS. Thank you everyone!

MALAK ABOUTALEB

Happy it's over, sad it happened

HANA ABULKHEIR

This was nothing like high school musical.

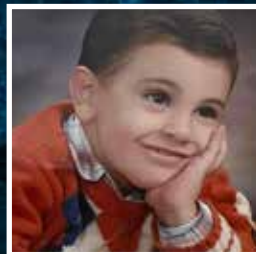

AHMED AHMED

I would like to thank all my family and friends who helped me through my journey and a special thanks to all the teachers and my school.

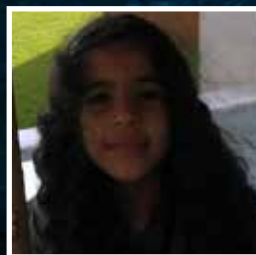

ALI ALGHITANI

“Tables turn, bridges burn, you live and learn.”

SARAH ALHAWARY

To my future self reading this, I hope by the time you're looking back at this, you're in a situation where you're surrounded by what you've always wanted. I hope you've found your passion, and been able to look back at your mistakes in this school and fix them. This goes by saying, that what you've achieved wouldn't have been possible if it weren't for your friends, family and God's blessings. So forth, I express my gratitude to all those who've been with me in the 11 years I've been in AIS.

MOHAMED ALKOUMANI

I really enjoyed my years here at AIS. Thank you everyone!

SELIM ALY

“It’s gonna be champagne wishes and cavia dreams from now on!” - Donkey

YASSMIN ALY

After 4 years of high school, I still don’t know much but what I do know is that surviving through this would have been impossible without my best friends. Thank you sara and reem. Whoever said trios never work out was very wrong. I owe my best memories to you guys <3. Thank you to my parents, my sisters. Thank you to everybody who was so welcoming when I first moved here. High school has been unexpected to say the least but definitely unforgettable. I’ll try my hardest to forgive High School Musical for the unrealistic expectations that they set.

ADAM AMER

Sometimes I wonder if these 4 years happened because I didn't forward that message to 10 people.

YAZID ATALEMANAN

Even though my high school experience had been impeded by the pandemic, through my wonderful friends and encouraging teachers I have made the most of it. So I would like to thank everyone who have made these past few years an enjoyable and thrilling experience.

ADHAM BAKR

School's tough and it's definitely not for everyone, trust me I know. But the right people make school a million times better and I'd like to dedicate this will to those people who made my experience less of a pain. You know who you are, and even if we didn't have the longest of friendships, I appreciate and value the time we spent together nonetheless. And to the teachers that put in the effort and time to make me the best I could be, I extend my sincerest thanks, and wish you the best in all your future endeavors.

AYTEN DAHROUG

o/10 would not recommend doing this, never again.

HALA DARDIR

We finally made it. First, I would like to thank my family: my brother who always had my back, my mom who always provided a shoulder to lean on when I needed it the most, my dad who always made me feel like I deserved better and always gave me hope, and my sister who always comforted me when I was at my lowest. Secondly, I would like to thank all my friends that made

high school a bit more bearable: my never-ending conversations with Malak and the constant laughter with Nishtha. I would also like to thank my best friend Salma for always supporting me, even though we live in different countries. I love you all and thank you for all the unforgettable memories.

ALI DARWISH

“If it doesn’t challenge you, it won’t change you.” This quote definitely got me through high school, especially my time in IB. High school has been very challenging with the pandemic, but it has also been a very influential part of my life: The people that I have gotten to know, my classmates, teachers, and friends. When I look back at my time in high school there have been

ups and downs, but if I could do it all over again, I would. I will always remember AIS as my second home, it is the place where I built my character, relationships, and discovered my goals in life. It feels like yesterday when I first entered high school. And I never thought this point would come, and I am grateful.

NISHTHA DEVNANI

The last two years have been unbearably challenging, however with the support of my parents, brother, teachers, and friends I somehow managed to make it. In that regard, I would like to thank my mom and dad for always being there for me, my older brother that never failed to motivate me when I was down, my teachers who pushed me the hardest, and my exceptional friends that made IB a little less tragic. Though we haven't known each other long, thank you for standing by my side and always making me laugh (though we all know that isn't much of a challenge). Nonetheless, I know I found my soulmates and I love y'all endlessly <3

SELIM ELASSAR

I want to thank my family for all their love and support, especially my mom, without whom none of this would be possible. My five years at AIS have been whirlwind. The teachers at AIS are the foundation, without Ms.Z, Mr.Kuhl, Ms.Lamia, Mme Valladeau, Mme Buccanti, Ms.Jensen, and Ms Pugsley, my journey wouldn't have been the same. I also want to give a very big shoutout to my IB 22' classmates and the siwawians who have managed to be my main source of entertainment while still working so hard! To everyone who has been with me from the start, sorry you're all stuck with me #NSZ #27! Friends, 6 waves, and even foes, thank you. Enzo Out Habal

KHADIJA ELBAZ

JANA ELEMBABY

Forever thankful to my friends and family for helping me finish this journey. SEIFALLA ELGAMAL

I faced alot of challenges growing up. I was outcasted, constantly failing at school, and was aimless with my life. But through all of my obstacles reaching to this point, i never gave up, i always held my head up high and focused on my dreams, and i couldnt be more prouder of myself. So to the person reading this, just know that no matter how tough things get, you can't give up because

your goal is waiting for you on the other side. And i hope we may meet eachother at the top, see ya

Dear future self,

I hope your not dead by now, and I hope your reading this on your balcony in Paris like we planned. Omar, I hope you look back at all the memories and realize that you made it, you always had it and still have it in you. I hope you also know that there is so much left in life to discover and realize that theres never anything "bad", its either a memory to laugh back on or a lesson to learn. So either way its all good. I want you to know that you deserve to be proud of yourself for getting through everything you've gotten through. Keep pushing w rabena mazana.

RAZAN ELMASRY

Thank you to my family and teachers who supported me through this 14 year journey at AIS. IB people you're all crazy, hilarious, and dramatic I needed it during these two years. 6 waves bahebeko; only reason I was social. Confessions stay spontaneous with me! 22, we had our moments lol. ALI ELTOUMY

“Take pride in how far you have come and have faith in how far you will go, but don’t forget to enjoy the journey.”

SALMA ELWAKEEL

Senior year has been labeled with so many lasts, and finally here we are, the last hundred or so days of high school. With everything that happened throughout these twelve years, I can’t believe it’s almost over. I couldn’t have made it without my family and friend’s constant support, words can’t describe how much you guys mean to me. It has not been easy, but at least I’m getting two diplomas.

KENZI ELWASSIEF

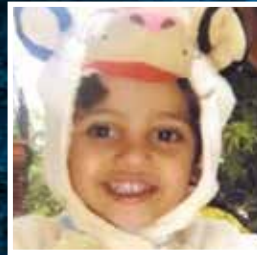

Thank you to my family and friends who have helped me get through this far. I can’t wait to start the next part of this journey.

YOUSSEF ELZEINY

I want to thank my family for supporting me throughout all my choices and decisions. High school has taught me that you could do anything if you are determined enough. Anything. If you really wanted to, you could do it. I loved my school experience especially my IB years! Thank you to my bros who helped me through these past couple of years, I love you all. Tired to write

anymore so I would like to end this off by a quote by entrepreneur Elon Musk, "Its better to lose women chasing a bag than to lose a bag chasing a woman."

YAHIA GABR

The most important years in life are these. Thank you to everyone who stood by my side and made these 12 years pass as great as anyone could ever wish. Most importantly, thanks to my family who I made live some of the most difficult days, but together we managed to pass by these days and live better ones. I met a lot of people throughout the years, some of these people became more

than just friends, more like brothers. My brothers, we continue our journey after we graduate and will always stay together.

ABDELRAHMAN GHANEM

I would like to thank specific teachers who have made my life in school more bearable. You know yourselves. Same goes to the people I meet during my time in this school. My only advice I could possible give is not to procrastinate, yes its cliché but it really is the only thing limiting us.

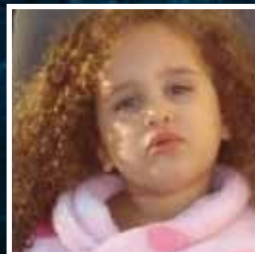

SELIM HAFEZ

First of all I would like to thank my parents for allowing me to graduate from a school that I get to call home. I've spent most of my life in this school and I wouldn't have it any other way. This whole school is like my second family, starting with the workers, teachers, and peers. Hanyu you have a legacy to fulfill, and you need to make our family proud. A big thank you to 6 wave, Biac, and everyone who's been a part of my incredible adventure at ais.

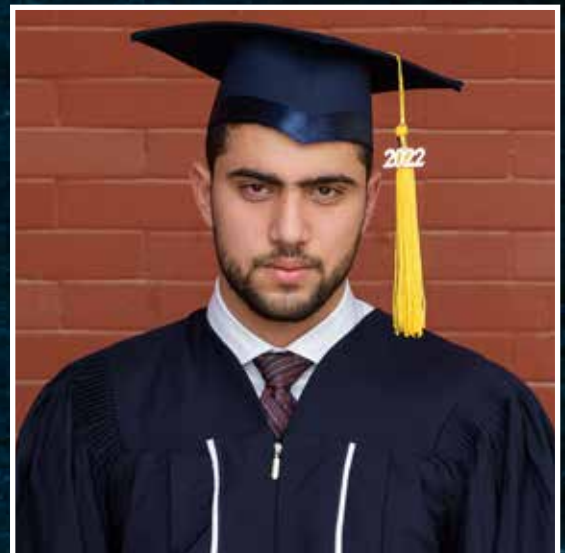

SELENA HAMDAN

Cant wait to graduate, never have kids , and become a rich white lady. I would also like to thank my mom.

ISMAIL HAMDY

I'd like to express my gratitude to all of my friends and family for making these last 12 years the most memorable of my life.

LAYLA HASHEM

Always Winning

LOGYNE HEGAZI

These past two years in IB have been one of the most challenging phases of my life. I couldn't have made it through without the constant support from my mom. She always stuck by me regardless of how difficult I am and always looked past my flaws and constantly believed in me. Throughout the constant procrastination and late night studying my mom always came through with that plate of fruits. She's the backbone of who I am. I owe everything I am and everything I will become to her. Thank you to my dad and my brothers for being my saviors whenever I'm in trouble. Always coming through with solutions and advice. I wouldn't have been able to make it through highschool without my family.

HABIBA HEGAZY

it's okay i have no idea what i'm doing either

MONA HELAL

I wouldn't have made it through school without my family. I always thought this school never gave or taught me anything, but i was wrong. It gave me unforgettable memories, people who are not family, but became family, breakdowns in the bathroom, and every so often it just made me hate my life. At times I never thought I'd make it, but to everyone who I encountered, thank you because I would've never made it without you. To all my 'ABAZA' cousin, I'm the first one out, but you have a legacy to continue and fulfill because I didn't make all the workers call me 'Mona Abaza' all of my life for nothing!

ADAM HENDY

Been in the school since Kg, as time is value, I have seen this value grow and sprout into something great. The greatness shall remain as we were all destined for greatness, remember me but more importantly remember yourselves.

YARA HOKAN

I want to thank my friends and family for making this the best 14 years of my life. I couldn't have made it without you. Thank you to my mom for always being here and supporting my decisions and my dad fo always working hard and getting us into this school. A special thanks to Jana, Youssef, Toumy and Maya. I have made the best memories in this school from spending lunches eating in the school bathroom crying to cramming right before tests in Ms. Amy's classroom. AIS has been my life and my home for the past 14 years and i'm so sad to go, but I'm ready to move on to the next chapter of my life. Love you all my sk too. First Hokan out.

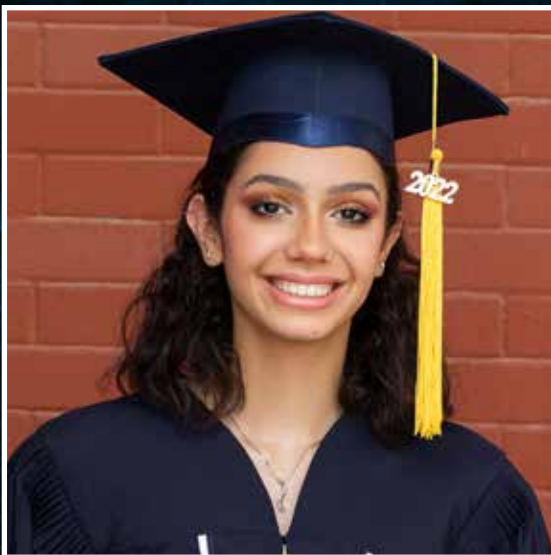

MAYAR HUSSEIN

Mama w baba ba7eboko awy, couldn't have done this without you. Thank you for pushing me to do my best. E5waty el gomal, Mohd, Miré, and Zoozy, you made life easier for me and I wanna thank youu. I also wouldn't have been able to make it through highschool without my 7/8 girlies. I love each and every one of you. Special thanks to Rumrum, Youssef Selim and Sarsoora who've been with me since sixth grade. Alya always making my lunch hours bearable, love you for that. My english and environmental partner Sohila bgd ba7ebek awyy. ily all, thank you for making my school years memorable. Motreb #3 out!

FARAH IBRAHIM

I have entered AIS without ever realizing the personal growth I will be experiencing, especially during High School. During each year of High School, I always had something changed about myself to fit my true personal identity. Though along the way, I have found lingering peace in art making and an interest in Psychology that have accompanied me till the end. I wouldn't have become the person I am now without such influence in my life.

HANA IBRAHIM

I would like to thank everyone that stuck by me through difficult times and my friends that made me look forward to going to school every day. I would like to thank my parents who have shaped me into the person I am today, and were there to turn to when things were tough. I would also like to thank most of my teachers which have been so supportive and understanding during my last two years of school here at AIS. Last but most definitely not least, I would like to thank myself because i'm awesome and amazing. I'm very proud of myself for making it this far, and I experienced so much growth during my senior year which I wouldn't trade for the world.

YOUSSEF IBRAHIM

High school is over but life is just about to begin. I want to thank all the people I met on this long, exciting journey. Thank you mama w baba for everything. Thank you to my family and friends who made these past few years fly by, I couldn't have done this without you. SIUUU

RAHMA ISMAIL

I first want to thank my parents for everything. Thank you for being there for me for as long as I can remember, I wouldn't have been able to do this without you. I also want to thank my older siblings, Omar and Salma, who have always been proud of me, love all of you guys. I want to thank all of the amazing people I've met here, you all know who you are (aloula, miro, wahina, susu, josef, and so many more). All the inside jokes, trips and memories, I'll make sure to hold onto forever. I'm so happy to have had the opportunity to meet every single one of you and I will never forget you guys, love you all!!!! WE OUTTTTT!!!!

I, salma Kassem, want to first and foremost thank my teachers for all their assistance and support during my difficult times. I also want to thank my parents and friends. Thanks for everything! thanks for always being there for me, especially when the times were toughest. I'm looking forward to exploring what's out there and learning about life. Personally, I believe that school is the first stage of our lives, with more to come later. So I'm very excited in seeing what the future holds, and I hope to achieve my goals!

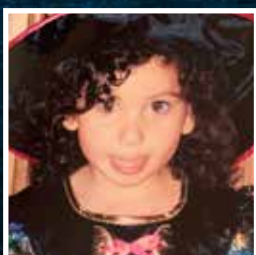

JOY KHALIFA

14 years AIS, I hope I can say it was worth it. I'd like to thank my family for being the greatest support throughout these difficult years, especially with IB. I love you all so much, you're the greatest blessings and I'm forever grateful. My 7/8 girls (Kenzi, Mayar, Sarah, and Jana) thank you for being incredible. I love and care about you all so much. (Jana Baby & Logine) J Squared plus L I love you. Logine, thank you for everything <3 My IB gang (team 4 feat joe) I love you all so much. To all IB 2022 students, I hope it was worth it. HANA MAHMOUD

I really enjoyed my years here at AIS. Thank you everyone!

JANA MAHMOUD

Before all, I thank God for all my blessings. Thank you to my family, who believed in me when I didn't believe in myself. Mom, you taught me to see beauty in resilience and sacrifice. Dad, you showed me how to give seeds time to sprout. Lana, you taught me to persevere in times of hardship. Saja, you sprinkled joy into my life every day. Nana, you showed me that kindness and

gentleness are the noblest characteristics of all. Thank you to my friends, who made my time here worthwhile. Thank you to my teachers, who taught me all I know. Finally, to my future self reading this: I hope we made it, and I hope we made it far.

MAYA MOAWAD

I originally thought that my High School experience was gonna be something similar to the movies, but I couldn't have been more wrong. I am fully putting the blame on Disney channel for making me grow up watching unrealistic standards. High School was really hard and without my friends, I wouldn't have been able to go through that every day for the past 4 years now! Even

though Covid stole a huge chunk of my High School experience I still managed to make memories that I definitely won't be forgetting anytime soon and I'll be leaving with at least a friend or two that I know will be with me for a very long time. I would also like to thank my dog, Lucy, for putting up with my weekly mental breakdowns!!

ABDELRAHMAN MOHAMED

If there is one thing I learned in High School it is to always scaffold.

JANA MOHAMMED

First of all, I would like to thank my family for being my number one supporters in everything I do. Secondly, I would like to thank the friends I made here in the past two years they have made school much more fun. Finally, I would love to thank everyone I have ever met because they all taught me something. Thanks, Byee.

SARA MOSTAFA

One thing I've learned is this: you can't do it alone, and I'm grateful I didn't do this alone. Yassmin and Reem, I wish I had met you earlier, but you know what they say, "time is not a measure of love." Not gonna lie, ever since we met, the sentence "god please give me the patience to deal with them" has never left the tip of my tongue. But, thank you for walking with me when I needed support, for walking ahead of me when I needed guidance and for walking behind me when I needed someone to watch my back. #ElAhly #LoveYouJumbo

YOUSSEF MOSTAFA

First, I would like to thank God for everything I have, especially the people in my life. A mother that stayed up with me when I had exams, praying and helping in any way she could. A Father who had hope in me at times where I'd lost hope in myself and never failed to provide. An older brother that always motivated me and was there for me even when he didn't have the time.

Two younger brothers that I could always turn to for a good laugh when I felt down. Friends that always had my back and made school a memorable experience. Teachers that helped me achieve my academic goals. Thank you all for everything.

AMINA NOSHI

I want to thank my family, friends and teachers for their endless support. Thank you especially to Miss King for lifting me to where I was able to witness a new dimension of art-making, Mr Kuhl for his impeccable mentorship and intellectual generosity, Miss Sheaffer for her life-changing counsel and Miss Buccianti qui a fait chaque cours un beau voyage à travels le monde francophone. Good luck to everyone in the class of 2022! I hope we learned from all the challenges that we faced.

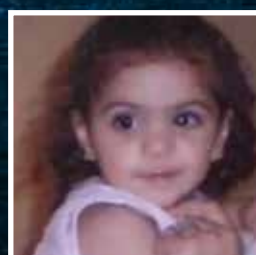

HASSAN RASMY

My family has never let me down once, always supporting me through my hardships. Malak thank you so much for putting up with me and I can proudly say that I'm your brother. Dad, I'll forever hold onto the lessons you've taught me. Mom, I couldn't have asked for a more caring soul to raise me. Salma Elhalafawy, Dodo, Diana, and Ezz are just a few friends that made high school not only bearable but an experience that I'll cherish forever. Not to mention Chris, a best friend since birth, nobody even comes close to the number of memories we've shared and it feels like our lives have just begun. We'll get to see what life has in store for us together as always.

DANA SAAD

They told me high school would go by fast but I didn't know it would go by in a zoom

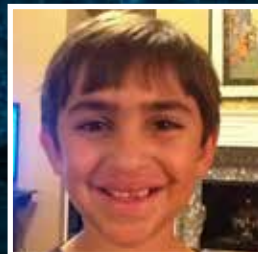

YOUSEF SAID

It has been a long road all of these years. Couldn't have come here without my family and the closest people to me. My father isn't here to experience what I have become but I will forever be grateful for him helping me get to this level. Heres to a new beginning in lifee!

ADAM SALEEM

When in doubt, hygin.

14 years ago, my parents decided to enroll me in AIS, and back then grade 12 seemed so far away, but looking back at all those years, all those ups and downs, all I can remember are the people that made those 14 years enjoyable. Mama, words cannot explain how much I love you, thank you for all the comfort and compassion. Baba, If I turn out to be just half the man you are, I'd

be lucky, and I hope I can make you proud of me one day. Love you, Gedo! Eraki, Ali, Zack and Zizo you are the real fam. RNs, Nouredin, The Boys, Samsyamsrams, Balenci, Lola, Biba, Fatemah, Halafawy w Hassan, Ahmed, all the SIWAWIANS, and kol shabab IB, you all have a special place in my heart and I love you all!

KARIMA SALEM

I would like to thank my family and friends for getting me through the last two years, without their support and encouragement I would not have been able to finish this year with my sanity intact. These last two years have been difficult but unforgettable with some of the best moments filled with laughter. Nothing can compare to what I have learned in these years, but the quote I live by is "You can never be overdressed or over-educated"-Oscar Wilde.

So here's to an inspiring life in style;)

I want to thank my family, friends, and anyone believed in me throughout these high school years and supported me when times were hard. I genuinely wouldn't have made it where I am today without them their support, when I thought I couldn't pull through they stood by me. One person I would say helped me through hard times the most is my mom I would like it thank her for all her efforts put towards me.

ALIA SARHAN

Thank you to my parents who made all my high school experiences possible, and to my grandma and sister who always knew how to make my stresses go away, thank you to my dog Chloe who never failed to cheer me up when I was upset about school. And thank you to my friends who always put up with my private story complaints... Finally, thank you Kiki for making moving back to Egy and my senior year 100x better. Goodbye to 12 years I will never forget.

YOUSSEF SELIM

My time at AIS was full of the most memorable memories and obstacles that I will cherish for the rest of my life. This rollercoaster of a journey has shaped me to become who I am today and I wouldn't change a single aspect of it. Completing this path wouldn't have been possible without my parents. Mom, thank you for guiding and supporting me through this journey and giving me big hugs that made me forget all my problems. Dad, thank you for being my backbone and role model since I was born. I love you both beyond words can explain. Gido and Touty, I hope that you can see me from above and are proud of who I've become. AIS, thank you for being my home for the past 15 years.

And thank you Miks for never answering my texts and being annoying, love you. To my girlies who will probably never get to read this, so grateful for you all and miss you! And lastly, thank you Alia for getting me through this year, meeting you has been the best thing. Peace out high school.

YASIN SIAM

First and foremost I would like to thank my grandma and my parents for supporting me throughout my years at AIS. Sino out habal! Oh and thank you 6 waves w beta3.

First and foremost, I would like to thank my dear mother, who is the most important person in my life. She is and has been my mentor and my biggest supporter. Thank you for sticking by me through thick and thin. I would also like to thank my family for always being there for me. Finally I'd like to thank my friends who have helped me all throughout highschool. Highschool is not the easiest phase of one's life, but it does come with valuable life lessons. In these four years, I have learned that faith and self belief are crucial to success. Farewell high school.

Despite leaving my homeland, Lebanon, to attend this school less than a year ago, I never once felt like a foreigner. The teachers, students, and faculty have all been incredibly welcoming and warm, and I feel so grateful to have met them. Thank you to Mr. Gerald Redd for helping me transition schools and for regularly checking up on me, and thank you to everyone else who helped me in this process — you know yourselves. I'd like to thank my sister for always being my pillar of support, and my hardworking parents who never once hesitated in sacrificing their own comfort to ensure I had the resources necessary to be writing this today. Finally, a special shoutout to my cat, Rosie: Ana bhebik ktir :).

HAMZA ZIADA

After completing 7 amazing years at AIS I'm finally graduating this year. It has been a great experience as an IB student with great teachers and classmates.
