BOARD OF EDUCATION MISSION STATEMENT

The Board of Education is committed to the School District’s overall success and improvement. The central focus of all meetings and discussions will be on establishing, monitoring, and supporting the District’s goals. We will actively engage all segments of our community in this ongoing focus and provide an instructional program to assure that our students meet or exceed the highest and most rigorous standards.

2. The Board of Education directors will choose from the following questions to discuss:
 - a. How would you describe your current responsibilities? How do you maintain focus?
 - b. What are the challenges and successes you hear in the perspectives of the community?
 - c. How do you use the 27J Evaluation System to improve instruction? How do you help your staff improve?
 - d. Everyone has a story, a complaint, an opinion, etc. How do you listen to those comments and what do you do with them?
 - e. We are always hearing new educational phrases. Help us to understand rigor and how do you provide it?
 - f. What is the best thing about your school?

- g. We all have tools in our work. What tool do you find most useful in your role as the principal? What tool do you need?
- h. Knowing that TCAP results are embargoed until mid-August, describe your TCAP results. Are you pleased? What do you plan to do to improve them?
