You are one of the best judges of the abilities of your child. Gifted children are a diverse population and each one will exhibit different signs of their intelligence, motivation, and development.

A parent referral does **not guarantee** the student will be placed in gifted services. After receiving this form, the Gifted Coordinator for your district will review previous test scores and will schedule your child for testing during the **FALL** or the **SPRING**. The student may be given any assessment from the Ohio Department of Education's list of approved instruments for gifted identification. Testing results will be shared with appropriate school personnel.

#### Mark the Area/s for Referral:

COGNITIVE ABILITY       MATH       READING       OTHER: \_\_\_\_\_

- I request that my child be tested for gifted identification. I understand that my child may be tested in one or more areas by a gifted coordinator, and that prior testing results will also be reviewed.
- I understand that my child may be given additional assessments based on the results of this evaluation.
- I understand that my child may be tested on any business-day within 90 days after the referral for gifted evaluation is received by the gifted coordinator.
- I understand that these testing results will be evaluated for potential placement in gifted services according to my district's placement policies and procedures.
- I will receive testing results within 30 days of the testing date. I have the right to appeal these results.
- I understand that neither a parent referral, gifted testing, nor gifted identification **guarantee** my child a position in gifted services. Space in gifted services is limited.
- Please indicate below if your child receives special services and already has a **formal** document outlining testing accommodations:       IEP       504       ESL       NONE      \*Attach documentation if available.
