CITY OF HILLSBORO URBAN RENEWAL DISCUSSION

SITUATION

City of Hillsboro representatives will present a report on the City's urban renewal plan for north Hillsboro.

RECOMMENDATION

The Superintendent recommends the Board of Directors listen to this report and ask any questions they may have.

HILLSBORO SCHOOL DISTRICT 1J
June 9, 2015
DISCUSS COMPENSATION FOR NONUNION EMPLOYEES
AND THE SUPERINTENDENT

SITUATION

The Superintendent, Cabinet members, administrators, confidential, supervisory, and technical / specialist personnel are not included in a bargaining unit. Annually, the Board authorizes their compensation, subsequent to performance review and approval of the planned budget, and after receiving recommendations from the Superintendent. Per state public meeting laws (42 Op Atty Gen 362 [1982]), salaries for nonunion employees and the Superintendent may not be discussed in executive session. The Board is scheduled to take action regarding compensation for nonunion employees and the Superintendent during the regular session Board meeting on June 9, 2015.

For the 2015-16 school year, it is recommended that the Board approve the following resolution, as discussed during the April 28 Board meeting:

The Hillsboro School District 1J Board of Directors hereby resolves that, for 2015-16, the District will increase its total expenditures on the salary and employee benefits of the Superintendent, Cabinet members, administrators, confidential, supervisory, and technical / specialist personnel by the same percentage as it ultimately increases its expenditures on licensed personnel as a result of the collective bargaining process, including in this expenditure the same District insurance contribution that is bargained for licensed employees.

RECOMMENDATION

The Superintendent recommends the Board of Directors hear the report on proposed compensation for the Superintendent, Cabinet members, administrators, confidential, supervisory, and technical / specialist personnel.

BUDGET UPDATE – REINVESTMENT DISCUSSION

SITUATION

On May 7, 2015, the Budget Committee voted to approve the proposed Hillsboro School District budget for 2015-16, and requested an opportunity to participate in discussions regarding funding priorities, if upcoming State School Fund forecasts reflected that additional funds would be received.

During this budget update, Budget Committee members will receive information regarding the State's most recent budget forecast, and have an opportunity to discuss the District's budget recommendations.

The budget hearing is scheduled to take place during the June 9 regular session, followed by the Board's adoption of the District's 2015-16 budget.

RECOMMENDATION

The Superintendent recommends the Budget Committee listen to this report and ask any questions they may have.

THOUGHTEXCHANGE REPORT

SITUATION

The District initiated its second Thoughtexchange process on Monday, April 6, in order to begin the discussion about the District's long-range planning efforts. The three questions asked of participants were:

1. What should students be able to experience and achieve in a world-class school district?
2. What are your thoughts about our District making a change to elementary schools serving grades K-5, and middle schools serving grades 6-8?
3. What other thoughts do you have about the future of our District?

More than 2,400 people ultimately participated in the process, which first involved people sharing their thoughts, and then involved people assigning stars to the thoughts that best reflected their own points-of-view.

The "Star" process closed on Wednesday, May 6, and Thoughtexchange staff are analyzing the results to identify patterns and themes. The data will be shared with the Board tonight, and then will be shared with the broader public via a customized website where they can view the results for individual schools and the District.

RECOMMENDATION

The Superintendent recommends the Board of Directors listen to this report and ask any questions they may have.

RECOGNITION

SITUATION

Members of the Hillsboro School District Board of Directors serve four-year terms with expiration dates that are staggered by two years. This year, terms for three of the seven Board positions are expiring, and one director—Adriana Cañas—decided not to run for another term.

Adriana was appointed to the Board in 2009, and was elected in 2011. Over the past six years, she has volunteered countless hours of her time to learn about the inner workings of the District, visit schools, participate on a variety of committees—such as the licensed and classified bargaining teams, the equity committee, the technology input committee, the Hillsboro Online Academy steering committee, and more—and engage in professional development to ensure that she could make the best possible decisions for the District and, ultimately, its students.

An integral member of and staunch advocate for the Latino community, Adriana provided an insight and perspective to the Board that it did not previously have. We will certainly miss her voice at the table.

Adriana's commitment to the betterment of the District's educational system is commendable. We truly appreciate her service, and wish her well in all future endeavors.

RECOMMENDATION

The Superintendent recommends the Board of Directors recognize and thank Adriana Cañas for her many years of dedicated service to the Hillsboro School District.

HOLD BUDGET HEARING

SITUATION

On May 7, 2015, the Superintendent and Chief Financial Officer presented the District's 2015-16 Proposed Budget to the Budget Committee. The eleven committee members who were in attendance approved the budget by a majority vote (10-1).

District Policy DBG: Budget Hearing and ORS 294.430 require a public hearing prior to Board adoption of next year's budget. During the hearing, any person may speak for or against items in the budget document. The Proposed Budget will be voted on during the Action Items portion of the meeting.

RECOMMENDATION

The Superintendent recommends the Board of Directors hold the budget hearing.

Board Chair Strelchun called the meeting of the Budget Committee to order at 7:35 p.m. and led the Pledge of Allegiance. Wayne Clift, Adriana Cañas, and Rebecca Lantz were unable to attend the meeting. Monte Akers participated via speaker phone, joining the meeting at 7:43 p.m.

Ms. Strelchun called for a motion to approve the agenda. Janeen Sollman MOVED, SECONDED by Glenn Miller, to approve the agenda as printed. The MOTION CARRIED (10:0).

Chief Financial Officer Adam Stewart described the District's budget development process, including the following key points:

- The District's Budget Committee has opportunities to receive information and provide input prior to the Budget Committee meeting
- During the Budget Committee meeting, the Budget Committee has the opportunity to approve the District's full budget, setting an aggregate level of expenditures for the upcoming school year, setting the permanent tax rate to support the general fund, and setting the debt service levy amount to support the debt service fund
- After the Budget Committee approves the budget, the Board conducts a budget hearing (scheduled for June 9)
- Following the budget hearing, the Board adopts the budget, setting the aggregate level of expenditure for the upcoming year, making appropriations by fund and function, and imposing and categorizing ad valorem taxes
- The county assessor levies the taxes on all eligible properties

Superintendent Mike Scott said that one of the primary goals of the Budget Committee meeting was to provide an opportunity to answer questions and receive input.

Chief Financial Officer Stewart provided information regarding:

- The District's budget level since 2009-10
- Assumptions (revenue and expenditures) used in developing the 2015-16 proposed budget
- Options that were considered as the proposed budget was developed
- The ending fund balance anticipated for each year of the upcoming biennium
- The projected shortfall at the end of the 2016-17 school year, calculated at -\$1,787,813, is equivalent to less than one percent of the District's annual budget
- Another revenue forecast is anticipated within a week, and it is expected to include increased revenue
- Chief Financial Officer Stewart feels comfortable with the proposed level of investment

Superintendent Scott discussed the District's five-step reinvestment plan, which identifies reinvestment priorities over the next five biennia to predict student success, increase graduation rates, decrease drop-out rates, and increase college- and career-readiness metrics. Because the District is not receiving the level of funding that was hoped for as the plan was being developed, the challenge is to carefully prioritize reinvestments.

Reinvestments recommended for 2015-16 include the following:

- Graduation Coaches (2.0 FTE – classified staff): \$80,000
 - Add 0.5 classified FTE per feeder for middle / high school
- Instructional Coaches (4.0 FTE – licensed staff; school-wide AVID support): \$340,000
 - Add 1.0 licensed FTE per high school
- Talented and Gifted / Advanced Options: \$200,000
 - Add \$200,000 for TAG programming, staffing, and professional development
- Athletics / Activities: \$100,000
 - Add \$100,000 for athletics / activities to offset costs currently incurred at schools

Potential investment areas recommended for consideration if additional funding is received:

- Physical education (PE) / music at the elementary level: \$374,000
 - Provide longer PE / music periods and more time for teacher preparation / collaboration
 - (Clarification regarding legislative changes to PE requirements has not yet been received)
- Classified hours: \$110,000
 - Increase hours / days for classified staff
- Targeted class-size reductions: \$160,000
 - Lower a grade-level student / teacher ratio by 1
- Decrease reliance on Gain Share: \$700,000
 - Recent legislation might reduce the level of Gain Share funding received by the District
- Additional high school athletics / activities funding

Additional areas of discussion included:

- Reserves the District has set aside for PERS, and variables that affect PERS costs

- Suggestion that funds be reserved for future expenses, including anticipated PERS costs, rather than invested in current students
- The District's obligation to taxpayers and students to provide for current students' educational needs, rather than holding funds in reserve for a future potential shortfall
- Number / demographics of participants who provided feedback on the five-step reinvestment plan
- Value of the reinvestment plan for showing legislators what is needed in order to achieve the 40-40-20 goal and ensure student success
- Value of recommended reinvestments
 - Data
 - History of funding for these areas
- Suggestions of additional areas for reinvestment
 - Technology
- Inadequacy of available funds
- Funding provided by community partners
- Questions about corporate sponsorships
- Request that a contingency plan be developed, identifying priorities for additional state funding that might be received

Ms. Strelchun explained that, per policy DBEA, the Budget Committee annually needs to elect a chair. She called for nominations. Ms. Sollman nominated Ms. Strelchun for chair. Mr. Miller seconded the nomination. Hearing no further nominations, Ms. Strelchun closed the nominations and called for the vote. The vote was 11:0 in favor of Ms. Strelchun. Ms. Strelchun continued chairing the meeting.

Budget Committee Chair Strelchun asked the Budget Committee to consider moving "Public Input" forward on the agenda, prior to "Committee Discussion." She then asked Superintendent Scott to read the budget message.

Superintendent Scott read the following budget message into the record.

In accordance with ORS 294.391, I am submitting to you the Hillsboro School District 1J proposed 2015-16 budget.

In the 2014-15 budget message, I remarked that it was the first time since I became Superintendent that our District was able to restore funds to the system, rather than reduce them. The interesting thing about our position last year is that 2014-15 was the second year of the 2013-2015 biennium. As a result, we were able to simply focus on 2014-15, knowing that a new state budget allocation for K-12 would be coming for the 2015-2017 biennium.

Last fall, Hillsboro joined the Oregon School Boards Association (OSBA), the Confederation of Oregon School Administrators (COSA), and school districts across the state in advocating for a K-12 allocation of at least \$7.5 billion for 2015-2017. At \$7.5 billion, districts would be able to implement full-day kindergarten and otherwise remain "flat" for the biennium. We also echoed the call for a higher K-12 allocation—of \$7.875 billion—to initiate true reinvestment in education in Oregon.

To generate a functional long-term vision for what meaningful reinvestment in our system would look like, we created a comprehensive five-step reinvestment plan for

Hillsboro School District. We knew that such a plan would need to be far more thoughtful than simply adding back to the same areas that were reduced over the last several years. Rather, this reinvestment plan had to reflect the types of staffing, support, and curricular and extra-curricular offerings that would allow us to ensure predictable student outcomes and a significant narrowing of our achievement gap—to get us to the state’s 40-40-20 goal of all students graduating, 40 percent continuing on to a four-year college, 40 percent entering a trade school or 2-year college program, and 20 percent joining the workforce directly.

Although we understand that our reinvestment plan is aggressive, it provides a useful framework for discussing where to add additional resources as they become available, even if we are not able to complete everything outlined in each individual step.

Unfortunately, the amount currently allocated to K-12 education for 2015-2017 is only \$7.255 billion—\$265 million short of what is needed to keep school districts across the state flat. Initially, we thought this allocation would leave Hillsboro School District \$4.5 million short in 2015-16, and \$6 million short in 2016-17. However, the Legislature modified their State School Fund (SSF) disbursement strategy and some assumptions for 2015-2017, and districts have received several revised estimates for the 2013-14, 2014-15, and 2015-16 SSF allocations this spring, all of which have changed the outlook for Hillsboro dramatically. (*See information on page 2 about provisions in House Bill (HB) 5017 that could alter the funding amount for K-12 in 2015-2017.)*

A typical distribution of funds to school districts is 49 percent in year one of the biennium, and 51 percent in year two, which takes into account the increased cost of doing business during the second year. HB 5017, the K-12 funding bill for 2015-2017 that was signed into law in early April, called for a 50 percent/50 percent distribution, and also increased assumptions for both the total amount of property taxes assessed in the state, and the collection rate for those property taxes. As a result of these changes and the revised SSF allocations, Hillsboro School District is anticipating a surplus of approximately \$5.8 million in 2015-16, and a shortfall of just over \$500,000 in 2016-17, if we continue this year’s investments for the next two years, and use the entire 2015-16 surplus to mitigate the shortfall in 2016-17.

We certainly could do that, but there are a few key factors to consider:

- Our desire to make strategic investments to positively impact student achievement;*
- A provision in HB 5017, whereby 40 percent of any increase to the state revenue forecast between March 2015 and June 2015 will be allocated to the SSF (a forecast will be released in mid May); and*
- The fact that revised SSF estimates for the 2013-14 and 2014-15 school years have generated over \$3.9 million for Hillsboro School District this spring. It is possible that next spring’s revised estimates to the 2014-15 and 2015-16 school years will generate additional revenue that can offset any potential shortfalls in 2016-17.*

Another variable at this point in time is what will happen with Gain Share. Currently, Hillsboro School District is assuming an annual gift of \$1.2 million in Gain Share

funds from the City of Hillsboro and Washington County. However, two pieces of Gain Share legislation are currently being debated in Salem. Depending on the outcome of that legislation, the District may be in a position of receiving less Gain Share funding than we anticipate over the coming biennium.

Considering all of these key factors, Hillsboro School District proposes using \$720,000 of the 2015-16 surplus to make targeted investments that will continue in 2016-17, and carrying over the remaining \$5.1 million to 2016-17. Doing so will result in a shortfall of nearly \$1.9 million in 2016-17, if nothing changes between now and next spring.

That being said, we feel confident in our budget proposal at this time, which includes the following additions:

- One instructional coach (licensed) at each high school to improve instruction and assist with school-wide AVID (Advancement via Individual Determination) support
Total cost: \$340,000.*
- One half-time graduation coach (classified) in each feeder to support middle schools and high schools in preparing students to graduate on time
Total cost: \$80,000.*
- Additional funding for talented and gifted/advanced options for students
Total cost: \$200,000.*
- Additional funding for high school athletics and activities to offset costs currently incurred at the school level
Total cost: \$100,000.*

Our proposed budget also includes providing full-day kindergarten at all 25 of our elementary schools, holding a full school year, meeting contractual obligations, and continuing all other budget elements from the 2014-15 school year, with the exception of the one-time technology infrastructure investment of \$500,000.

Of course, our preference would be to see many more additions to our budget, including investments that would lower class sizes. Unfortunately, it currently requires nearly \$2 million to lower class size by one student across the District. Making a meaningful impact in this area will necessitate a significant reinvestment at the state level.

I would like to take this opportunity to thank our staff, Board of Directors, Budget Committee, and community for their patience throughout this budgeting process. Information is changing on what seems to be a daily basis, but much of that change is positive and is due to people stepping up and making their voices heard in Salem. My sincerest thanks to everyone who took the time to attend a town hall meeting or coffee chat with their local legislators, or who wrote or called their elected officials in Salem. Your efforts are creating urgency around K-12 funding, and we could not have done it without you.

We look forward to another productive year in Hillsboro School District, and pledge to continue our efforts toward ensuring that students' educational experiences are engaging and lead to their future success.

*Respectfully submitted,
Mike Scott
Superintendent*

Chief Financial Officer Stewart provided information and answered questions regarding the Proposed Budget document. He explained that a five percent ending fund balance is a target, not a requirement. Although some districts have defined their ending funding balance requirements in their policies, Hillsboro School District's Board chose not to do so because they did not want it to be perceived as a maximum amount. In recent years, many districts whose policies specify an ending fund balance have needed to revise or suspend their policies.

Budget Committee Chair Strelchun invited public comments. Three requests to address the Budget Committee were received.

Sharri Anderson introduced herself as the parent of two music students, the daughter of two music educators, and a musician. She spoke about the importance of music and the arts in improving creativity, problem-solving, and growth and learning across disciplines. She also shared that she believes every student should learn at their highest level, and said she feels that budget restrictions have sometimes deprived her children of this opportunity at school.

Ray Severns introduced himself as a band director at Glencoe High School and the parent of a District student. He shared statistical information regarding the academic success of band students, and said that making performance music elective opportunities available for more students will help meet the District's academic goals for students. He emphasized the importance of making these opportunities available as early as possible, saying that if students do not become involved in performance music by the sixth grade, there is a less than ten percent chance that they will continue in these programs. He also said that sixth grade band is taught outside of the curricular day, and requested that it be included in the curricular day and treated as a curricular course.

Sean Jackson introduced himself as softball coach at Liberty High School, and talked about the hard work, commitment, and success of student athletes in sports and academics. He discussed the need for funding to provide opportunities and ensure the safety of student athletes.

Following the public input, Budget Committee discussion continued. Key points of the discussion included:

- Interest in the information shared by Mr. Severns regarding how sixth grade participation in performance music impacts high school participation, and the importance of ensuring that opportunities for participation in these programs are equitable
- Suggestion that funds be reserved, rather than reinvested, because of future budget uncertainties
- Suggestion that the ending fund balance be reduced, and reinvestments be increased
- Method of identifying reinvestment areas and amounts
- Importance of ensuring that reinvestments are equitable and impactful

Ms. Sollman MOVED, SECONDED by Mr. Barry, that the Hillsboro School District 1J budget for 2015-16 in the aggregate amount of \$284,495,297 (total of all funds) be approved as proposed, and that the permanent tax rate of \$4.9749 per \$1,000 of assessed value be assessed in support of the General Fund. This permanent rate is expected to raise \$59,944,998. Ms. Sollman further MOVED that tax levies totaling \$31,662,107 be approved for the debt service fund for the purpose of the retirement of bonded debt owed by the District. The MOTION CARRIED (10-1), with Mr. Seligman voting in opposition.

It was agreed that the reinvestment in athletics / activities would be increased from the recommended amount of \$100,000 to \$200,000, with no reductions to any of the other recommended reinvestments.

It was further agreed that if additional revenue is included in the May 14 state budget forecast, the Budget Committee will provide input for prioritizing additional investments. A discussion of funding priorities will be added to the June 9 Board work session.

Chief Financial Officer Stewart clarified that the Board can legally make revisions within the approved budget by up to ten percent within any given fund. Assuming that the District does not receive additional revenue in excess of this amount, the Board has the authority to make these adjustments.

The Budget Committee meeting was adjourned at 10:19 p.m.

Discuss Board Meeting Dates for 2015-16

Board members discussed the draft Board meeting schedule for the 2015-16 school year. It was reported that Board member-elect Lisa Allen will be unable to attend the September 8 meeting in person, but expects to be able to attend remotely. No other scheduling conflicts were reported. Board members discussed whether to schedule

the August retreat as two partial days or one full day. The consensus was that one full day should be scheduled. It was suggested that the August 17 meeting be scheduled from approximately 8:30 a.m. until approximately 6:00 p.m. The meeting dates will be presented for Board approval on June 9.

Long-Range Planning Calendar / Input

Chief Financial Officer Adam Stewart reviewed the Long-Range Planning Committee's (LRPC's) 2014-15 and 2015-16 goals and work performed to date, and the next steps in the District's long-range planning process. Key points of the discussion included:

- A comprehensive list of District facility needs has been developed
 - The list includes seven categories, organized by building:
 - Electrical / Mechanical / Plumbing
 - Safety
 - Seismic
 - Roofing
 - Technology
 - Asphalt / Concrete
 - Other Projects
 - Engineering reports and detailed cost estimates are available for each item
 - All items will be prioritized; funding might not be available for all items
 - The list will be available to the public, and public input will be requested
 - The list is intended to be used as a basis for discussing a future school bond issue
- Infrastructure construction in urban growth boundary (UGB) areas is expected to begin in early 2016
 - Estimated population growth timelines have changed, and construction is beginning later than anticipated
- The District has approximately 90 acres of property for future construction of elementary, middle, and high schools
- Relevant reports and studies:
 - Portland State University's Population Research Study was presented to the Board in April 2012, and is scheduled to be updated during the 2015-16 school year
 - A facilities assessment report was completed by Mahlum Architects, and presented to the Board in April 2012
 - An enrollment capacity report, updated to include full-day kindergarten, was presented to the Board in 2014
 - A report of estimated enrollment and facilities needs (combining the facilities assessment report, the population research study, and the enrollment capacity survey) was presented to the Board in November 2012
- A comprehensive plan is being developed to prepare for a November 2017 bond; the plan is expected to include:
 - Projected bond issue timeline
 - Projected new construction needs
 - Because the population growth timelines have changed, it is difficult at this time to know whether construction of one school or two needs to be discussed for the bond plan
 - Process for determining remodeling / maintenance items to include in the bond

- Formation of a Community Bond Involvement Committee
- The LRPC will continue to monitor progress in the South Hillsboro, South Cooper Mountain, and Cornelius UGB expansion areas
- Potential expansion of all four middle schools to accommodate grades six, seven, and eight, with a capacity of 1200 students at each middle school, would involve different work at each school, since every school has different facilities
 - The average total cost estimate to accomplish this work at all four schools is approximately \$62,002,506
 - The existing middle schools have adequate land for this expansion
 - Another option to be considered is the construction of a new middle school
 - The updated PSU Population Research Study will provide additional information regarding the anticipated growth at each school level (elementary, middle, and high school), with estimated timelines for when this growth is anticipated; this information is necessary to plan for adequate school capacity

4. RECOGNITION / PRESENTATION

Student Presentation: Groner Elementary School – Sixth Grade Band

The Groner Elementary School sixth grade band students performed their music.

3. APPROVAL OF AGENDA

Director Miller MOVED, SECONDED by Director Seligman, to approve the agenda. The MOTION CARRIED (6-0).

4. AUDIENCE TIME

Board Vice Chair Clift explained the procedure for addressing the Board according to policy BDDH: Public Participation in Board Meetings. Two audience members requested to address the Board on nonagenda items.

Larry Dickinson (parent)

Larry Dickinson encouraged the Board to reduce students' fees for participating in athletics, so that more students will be able to participate. He discussed the history of athletic fees in the District, and estimated that fees are waived for approximately half of

the students, but said that many students who would like to try a sport, do not attempt to join because they are afraid to.

Superintendent Scott thanked Mr. Dickinson for his volunteer work with clubs throughout the District, and shared that a reinvestment of \$200,000 has been allocated for athletics and activities in the 2015-16 school year. This amount is not adequate for all that needs to be done, but will be targeted toward coaches, officials' fees, transportation, and similar expenses. Superintendent Scott explained that funding is not yet available to reduce participation fees, but this is included in the District's ten-year reinvestment plan, and it may be possible to take steps toward this goal within the next few years.

Tim Carlisle (staff)

Tim Carlisle emphasized the importance of encouraging students to participate in IB, and described the benefits of the program, which include significant personal growth; the development of confidence; the ability to speak and think clearly, to handle the pressures of deadlines and multiple tasks, and to function effectively as an individual and a team player; and the potential of qualifying for significant scholarships.

7. CONSENT AGENDA

Director Sollman MOVED, SECONDED by Director Cañas, to approve the Consent Agenda as printed. The MOTION CARRIED (6-0).

Consent Agenda items were as follows:

- a. Approve Minutes of April 7, 2015
- b. Approve Minutes of April 28, 2015
- c. Approve Routine Personnel Matters
- d. Accept Donations
- e. Approve Consolidated ESEA Subgrants
- f. Adjust Appropriations

Director Sollman spoke about the value of the Liberty High School dual credit fire science program. She commended Portland Community College, and everyone involved, for the generous donation of a fire truck for the program.

8. ACTION ITEMS.

- a. Approve High School Course Proposal: Early Childhood Development Associate (CDA) Certificate

Executive Director Travis Reiman presented the Early Childhood Development Associate (CDA) Certificate high school course proposal for approval. Options for helping students with the \$425 fee in their senior year were discussed. Ideas that were suggested included developing a scholarship fund, setting up monthly payment plans, and establishing sponsorships in association with internships.

Director Sollman MOVED, SECONDED by Director Cañas, to approve the proposed new high school course, Introduction to the CDA (Child Development Associate) Certificate. The MOTION CARRIED (6-0).

- b. Approve Further Exploration of Boundary Adjustment Proposal

Superintendent Scott and Chief Financial Officer Stewart discussed the process developed by the Board to review boundary adjustment proposals, and the steps that have been taken regarding Director Miller's boundary adjustment request.

They clarified that the goal of the evening's discussion was to determine whether the Board wants to approve conversations with Beaverton School District regarding the boundary adjustment request and, if so, to charge the District to begin engaging in these conversations. They presented for the Board's consideration a proposal that the School Board Chair, Superintendent, and select administrative staff of both the Beaverton and Hillsboro School Districts meet to discuss the adjustment of the following school boundaries:

- 170 acres of Beaverton School District property located in the South Hillsboro urban growth expansion area
- 240 acres of Hillsboro School District property located in the South Cooper Mountain urban growth expansion area
- Additional shared boundaries between the districts may also be discussed

Information regarding the size of the requested adjustment areas in acreage, and the number of impacted students and families was provided.

Board members discussed potential benefits of the boundary adjustment proposal, as well as their concerns. Key points of the discussion included:

- Potential benefits:
 - Director Miller suggested that the proposal could save the District from eventually having to pay for the construction of an additional school, allowing more funds to be available for use in the classroom
 - Director Miller suggested that families already residing in the impacted areas could be grandfathered in to their current districts
- Concerns:
 - Community members have expressed concerns; it is important to gather as much community input as possible
 - Political pressure might lead to a decision that is not in the best interest of students
 - Focusing on the issue might detract time and energy from closing the achievement gap
- Additional information is needed, in order to make the best decision

Director Miller MOVED, SECONDED by Director Seligman, to approve further exploration of possibilities related to boundary adjustments between the Hillsboro and Beaverton school districts. The MOTION CARRIED (4-2), with Directors Miller, Seligman, Akers, and Clift voting in favor; and Directors Sollman and Cañas opposed.

c. Approve Policy Revisions

1. Policy BFD: Availability of Policy Manual

Superintendent Scott presented policy BFD: Availability of Policy Manual for approval.

Director Seligman MOVED, SECONDED by Director Cañas, to approve the revisions to policy BFD: Availability of Policy Manual. The MOTION CARRIED (6-0).

9. REPORTS AND DISCUSSION

a. Discuss City View Charter School (CVCS) Draft Contract

Superintendent Scott summarized the Board's February action regarding the CVCS charter renewal request: approving the City View charter renewal for a period of ten years; approving an increase in the enrollment cap to 432 students; maintaining CVCS's State School Fund (SSF) amount at 80 percent; and charging District staff to reach an agreement with CVCS regarding additional services, up to a value of five percent of current CVCS per pupil ADMw, that could be provided to assist CVCS without reducing funds in the District's operating budget. He said that Chief Financial Officer Stewart has met with CVCS officials to identify services that would be helpful.

Chief Financial Officer Stewart explained that May 26 was the 91st day since the Board approved the charter renewal, and that the District and CVCS agreed to an extension of the 90-day period within which a new charter must be negotiated. Chief Financial Officer Stewart also explained that revisions to the previous contract include updating language throughout the document, drafting language regarding the additional funding, and developing a spending plan. He explained that a spending plan will be developed for each year of the contract, and said that the District and CVCS are proud of the document and confident that it will last through the ten-year charter renewal.

Director Seligman asked whether the funding for CVCS could be increased to 85 percent of the State School Fund, plus 5 percent in services, saying that when the Board approved the charter renewal during the February regular session, he was attending the meeting remotely, and he did not recall the Board ratifying the 80 percent State School Fund amount. Board members discussed Director Seligman's question, and determined that the action taken by the Board in February was based on a healthy discussion, and included agreement regarding the funding amount.

b. Financial Report

Chief Financial Officer Stewart presented the monthly financial report. The report is included in the Board meeting packet.

Chief Financial Officer Stewart provided the following information regarding state funding:

- The latest revenue projection from the state indicates that the District may receive a funding increase of approximately \$3.6 million
- Distribution details and the latest update from the State School Fund (SSF) have not yet been received, but are expected soon
- Recommendations for the use of these additional funds will be discussed with the Board and the Budget Committee during the June 9 work session
- Because the additional funding is below the ten percent threshold, the Budget Committee will not need to take additional formal action
- The Board has the authority to increase or decrease the amount approved by the Budget Committee by up to ten percent in any fund

Superintendent Scott said recommended investments will include:

- Classified hours / days
- Elementary physical education and music

- Targeted class size reductions (focusing primarily on middle schools)
- Reserving funds for PERS increases

10. NWRESD / HCU / HEA Reports

HEA President Maureen Barnhart commended all District educators for their contributions to all District students – not only this year's graduating class of 1500 students, but also all of the students who are still on their journey. She also said that teachers appreciate the budgetary focus on additional hours for classified staff.

HCU President Devin Hunter shared lessons he has learned in his first year as HCU president. He spoke about the importance of basing classified hours on reliable funding sources with equitable guidelines, and the discrepancies that can occur between schools when funding is based on fluctuating sources, with principals creating their own plans; he observed that salary half-steps cause confusion; he commended the Board for their hard work, dedication, and commitment to student achievement; he commended staff for their commitment to students and the District; and he emphasized the importance of celebrating staff accomplishments.

11. Superintendent's Time

Superintendent Scott shared the following thoughts:

- Congratulated Mr. Hunter on his recent wedding
- Observed that being able to grant half-steps allowed the District to increase salaries at a time when funding was not available for full steps
- Said he was incredibly thankful for the Gain Share funds the District received for the 2014-15 school year, and explained that Gain Share funds allowed the Board to restore three days to the school calendar
- Congratulated Board Chair Strelchun, Vice Chair Clift, and Board member-elect Lisa Allen on their success in the recent election
- Thanked all Board candidates for their interest in the school district
- Said he is looking forward to participating in six District graduations next week
- Reminded everyone that the Proud to be HSD Festival will take place on Saturday, May 30, in conjunction with the Hillsboro Farmers' Market

12. Board of Directors' Time.

Board members shared the following thoughts:

- Director Miller
 - Congratulated the successful Board candidates, and encouraged all candidates to stay involved in the District
 - Shared that he is looking forward to the upcoming graduation ceremonies
- Director Sollman
 - Shared that she appreciates the District's principal selection process, which includes input from parents, staff, and students; and said that the community and families appreciate the opportunity to participate
 - Spoke about the recent District retirement celebration, and commended an employee who was retiring after 37 years of inspiring and helping students
 - Spoke about the benefits that the College and Career Pathways program provides to students
 - Shared her excitement regarding the upcoming Proud to be HSD Festival

- Shared that the second of her two sons is graduating this year, and thanked the District for all of the opportunities that are available for students
- Director Akers
 - Did not share additional comments
- Director Cañas
 - Spoke about the closing of her term as a Board member, and thanked her fellow Board members for the years of transformation and growth
 - Spoke about the value of bilingual education
 - Spoke about the importance of inclusion, differentiation, and focusing on the value of different learning styles
- Director Seligman
 - Thanked Director Cañas for her years of service
- Director Clift
 - Shared that he is excited that the election is over, and that he is “Proud to be HSD” and proud to be a member of the Board
 - Said he is looking forward to the upcoming graduation ceremonies, the closing activities that occur at each grade level, and the excitement and opportunities experienced by students throughout the District

ACCEPT GIFTS AND DONATIONS

SITUATION

District Policy KH states that the District may receive donations of gifts that may serve to enhance and extend the work of the District, subject to Board approval. Individuals who desire to make contributions are encouraged to consider donations for equipment or services that are not likely to be acquired from public fund expenditures.

The purpose of this report is to describe to the Board the donations received that are valued at \$5,000 or more.

- Donation of \$5,785 from Westport Church to Reedville Elementary School to be used for the Science, Technology, Engineering, and Math (STEM) program
- Donation of \$68,395 from Intel Volunteer Grant Program to be distributed and used as follows:
 - \$10.73 to W. L. Henry Elementary School for general education
 - \$435.00 to Lenox Elementary School for general education
 - \$754.27 to W. L. Henry Elementary School for the backpack project
 - \$1,195.00 to Patterson Elementary School for general education
 - \$1,730.00 to Farmington View Elementary School for general education
 - \$1,995.00 to Butternut Creek Elementary School for general education

May 7, 2015

In accordance with ORS 294.391, I am submitting to you the Hillsboro School District 1J proposed 2015-16 budget.

In the 2014-15 budget message, I remarked that it was the first time since I became Superintendent that our District was able to restore funds to the system, rather than reduce them. The interesting thing about our position last year is that 2014-15 was the second year of the 2013-2015 biennium. As a result, we were able to simply focus on 2014-15, knowing that a new state budget allocation for K-12 would be coming for the 2015-2017 biennium.

Last fall, Hillsboro joined the Oregon School Boards Association (OSBA), the Confederation of Oregon School Administrators (COSA), and school districts across the state in advocating for a K-12 allocation of at least \$7.5 billion for 2015-2017. At \$7.5 billion, districts would be able to implement full-day kindergarten and otherwise remain “flat” for the biennium. We also echoed the call for a higher K-12 allocation—of \$7.875 billion—to initiate true reinvestment in education in Oregon.

To generate a functional long-term vision for what meaningful reinvestment in our system would look like, we created a comprehensive five-step reinvestment plan for Hillsboro School District. We knew that such a plan would need to be far more thoughtful than simply adding back to the same areas that were reduced over the last several years. Rather, this reinvestment plan had to reflect the types of staffing, support, and curricular and extra-curricular offerings that would allow us to ensure predictable student outcomes and a significant narrowing of our achievement gap—to get us to the state’s 40-40-20 goal of all students graduating, 40 percent continuing on to a four-year college, 40 percent entering a trade school or 2-year college program, and 20 percent joining the workforce directly.

Although we understand that our reinvestment plan is aggressive, it provides a useful framework for discussing where to add additional resources as they become available, even if we are not able to complete everything outlined in each individual step.

Unfortunately, the amount currently* allocated to K-12 education for 2015-2017 is only \$7.255 billion—\$265 million short of what is needed to keep school districts across the state flat. Initially, we thought this allocation would leave Hillsboro School District \$4.5 million short in 2015-16, and \$6 million short in 2016-17. However, the Legislature modified their State School Fund (SSF) disbursement strategy and some assumptions for 2015-2017, and districts have received several revised estimates for the 2013-14, 2014-15, and 2015-16 SSF allocations this spring, all of which have changed the outlook for Hillsboro dramatically. (*See information on page 2 about provisions in House Bill (HB) 5017 that could alter the funding amount for K-12 in 2015-2017.)

A typical distribution of funds to school districts is 49 percent in year one of the biennium, and 51 percent in year two, which takes into account the increased cost of doing business during the second year. HB 5017, the K-12 funding bill for 2015-2017 that was signed into law in early April, called for a 50 percent/50 percent distribution, and also increased assumptions for both the total amount of property taxes assessed in the state, and the collection rate for those property taxes. As a result of these changes and the revised SSF allocations, Hillsboro School District is anticipating a surplus of approximately \$5.8 million in 2015-16, and a shortfall of just over \$500,000 in 2016-17, if we continue this year's investments for the next two years, and use the entire 2015-16 surplus to mitigate the shortfall in 2016-17.

We certainly could do that, but there are a few key factors to consider:

- Our desire to make strategic investments to positively impact student achievement;
- A provision in HB 5017, whereby 40 percent of any increase to the state revenue forecast between March 2015 and June 2015 will be allocated to the SSF (a forecast will be released in mid-May); and
- The fact that revised SSF estimates for the 2013-14 and 2014-15 school years have generated over \$3.9 million for Hillsboro School District this spring. It is possible that next spring's revised estimates to the 2014-15 and 2015-16 school years will generate additional revenue that can offset any potential shortfalls in 2016-17.

Another variable at this point in time is what will happen with Gain Share. Currently, Hillsboro School District is assuming an annual gift of \$1.2 million in Gain Share funds from the City of Hillsboro and Washington County. However, two pieces of Gain Share legislation are currently being debated in Salem. Depending on the outcome of that legislation, the District may be in a position of receiving less Gain Share funding than we anticipate over the coming biennium.

Considering all of these key factors, Hillsboro School District proposes using \$720,000 of the 2015-16 surplus to make targeted investments that will continue in 2016-17, and carrying over the remaining \$5.1 million to 2016-17. Doing so will result in a shortfall of nearly \$1.9 million in 2016-17, if nothing changes between now and next spring.

That being said, we feel confident in our budget proposal at this time, which includes the following additions:

- One instructional coach (licensed) at each high school to improve instruction and assist with school-wide AVID (Advancement via Individual Determination) support
Total cost: \$340,000.
- One half-time graduation coach (classified) in each feeder to support middle schools and high schools in preparing students to graduate on time
Total cost: \$80,000.
- Additional funding for talented and gifted/advanced options for students
Total cost: \$200,000.
- Additional funding for high school athletics and activities to offset costs currently incurred at the school level
Total cost: \$100,000.

Our proposed budget also includes providing full-day kindergarten at all 25 of our elementary schools, holding a full school year, meeting contractual obligations, and continuing all other budget elements from the 2014-15 school year, with the exception of the one-time technology infrastructure investment of \$500,000.

Of course, our preference would be to see many more additions to our budget, including investments that would lower class sizes. Unfortunately, it currently requires nearly \$2 million to lower class size by one student across the District. Making a meaningful impact in this area will necessitate a significant reinvestment at the state level.

I would like to take this opportunity to thank our staff, Board of Directors, Budget Committee, and community for their patience throughout this budgeting process. Information is changing on what seems to be a daily basis, but much of that change is positive and is due to people stepping up and making their voices heard in Salem. My sincerest thanks to everyone who took the time to attend a town hall meeting or coffee chat with their local legislators, or who wrote or called their elected officials in Salem. Your efforts are creating urgency around K-12 funding, and we could not have done it without you.

We look forward to another productive year in Hillsboro School District, and pledge to continue our efforts toward ensuring that students' educational experiences are engaging and lead to their future success.

Respectfully submitted,

Hillsboro School District, a unified school district, is the fourth largest of 197 districts in Oregon. The District is projecting to serve approximately 20,767 students during the 2015-16 school year. Hillsboro School District enrolls approximately 3.7 percent of the total Grade K-12 student population in Oregon. Hillsboro School District comprises four high schools, four middle schools, twenty-five elementary schools, two alternative education schools, one online academy, and one charter school.

Hillsboro is conveniently located 18 miles west of Portland (Oregon's largest metropolitan city), 60 miles east of the Oregon coast, and 80 miles from the ski slopes of the Cascade Mountains. Encompassing 195 square miles, Hillsboro School District serves families from multiple communities such as Hillsboro, North Plains, Cornelius, Aloha, and a portion of Sherwood. District property is located in three separate counties: Washington, Multnomah, and Yamhill.

From high-tech companies to institutions of higher education, strong community partners provide extensive resources to the District through grants, volunteering, and donations. The City of Hillsboro is a key partner with Hillsboro School District, providing an abundance of parks, recreation, and after-school and summer programs for children.

Hillsboro's government takes pride in its business-like efficiency, concern for livability, and careful planning for residential and industrial growth. Professionally advanced police and fire departments provide comprehensive emergency response service to community residents. In addition, residents of all ages have access to parks, libraries, and community centers that provide recreational, educational, and social opportunities.

BUDGET PRESENTATION

Hillsboro School District is proud to publish and provide budget information to the Budget Committee and our community.

The District's main goal is to present the budget data in a manner that provides a clear, accurate account of the District's educational programs and services for the 2015-16 fiscal year. The information contained in this budget document has been developed, in part, from a combination of District staff and community feedback.

We welcome the opportunity to discuss any financial information or to answer questions regarding the data presented in this report.

BUDGET PROCESS AND SIGNIFICANT CHANGES

The annual budget process comprises five phases: planning, preparation, adoption, implementation, and evaluation.

The budget climate continues to stabilize in the wake of the 2008 recession, with a potential for reinvestment rather than reductions. With a slow and steady economic recovery, the District has designed a five-step plan for investing in relevant, targeted areas to increase student achievement. Although the plan is not funded as required, the document will provide guidance for strategic targeting of resources.

At the time of this Proposed Budget, state funding for K-12 education is appropriated at \$7.255 billion for the 2015-2017 biennium. This funding level is appropriated in a non-traditional 50/50 split over the two years.

The most significant budget impacts are a result of:

- Public Employee Retirement System (PERS) rate reductions as a result of legislative changes being upheld in court. These rate reductions, along with savings from the 2015 PERS UAL Bonds, will result in a decrease in PERS rates of 2.78 percent for Tier One and Tier Two employees and 5.47 percent for Oregon Public Service Retirement Plan (OPSRP) employees. There is legal action pending the 2013 PERS reforms. The District will maintain the PERS reserve of \$1.5 million in 2015-16 to offset a portion of future increases.¹
- No discretionary reserve funds are appropriated for use in the general fund operation budget.
- Both employee group contracts are currently in negotiations. A full calendar year, salary step movement, and estimated cost of living increases are projected and included in the Proposed Budget.
- Changing student demographics, and the implementation of instructional strategies designed to increase student achievement.
- Gain Share funds distributed for use in the General Fund budget in the same manner as during the 2014-15 year.
- Full-day kindergarten will be implemented at all elementary schools.
- New residential construction within the District, and school boundary adjustments.

STATE FUNDING OF K-12 EDUCATION

During the 1990s, Oregon voters approved a property tax limitation that shifted major responsibility for funding K-12 programs from local property taxes to Oregon's General Fund. The measures approved by the voters required the Oregon Legislature to replace these property taxes. As property taxes were reduced, the reliance on the State General Fund increased.

¹ Currently estimated at a 2.0 percent increase each biennium in the long-term expenditure projections.

As one of the few states that does not have a sales tax, the State of Oregon's primary revenue sources are the state income tax and lottery revenues. Therefore, the funding levels for K-12 education statewide are significantly affected by fluctuations in the economic climate. In addition, prior to 2007, Oregon's Kicker Law required the state to return any income tax collections in excess of two percent of projections to tax payers. This effectively kept the state from being able to "save" during the good times in anticipation of economic downturns. During the 2007 legislative session, a bill was passed that allowed the state to create a Rainy Day Fund—a first attempt to stabilize state funding.

The unprecedented economic recession, which began during the second half of 2008, necessitated reductions to Hillsboro School District's current service level budgets nearly \$70 million over the last six years. The reductions have come in the form of reduced FTE, lost school days, and reduced budgets at every level.

The State School Fund (SSF) allocates funding for each attending student in Oregon through a weighted distribution system. A ten-year historical review of the SSF dollars per ADMw (Average Daily Membership weighted) is shown in the chart below.

ENROLLMENT GROWTH

In the past 13 years, student enrollment in the Hillsboro School District has increased by 2,055 students, with a projected student population of 20,905 for October 1, 2015, compared to 18,850 students in the 2002-03 school year. To handle the population growth, since the beginning of the 1998-99 school year, the District has opened eight new elementary schools, one new middle school, two new high schools, and shifted ninth grade from junior high school to high school. In addition, major renovations have been made at three middle schools and one high school. During this time, the District has also decommissioned two elementary schools and one middle school. For the 2015-16 school year the District will operate twenty-four elementary schools, serving Grades K-6; one elementary school, serving grades K-8; four middle schools, serving Grades 7-8; and four high schools, serving Grades 9-12. Hillsboro School District also serves students in one alternative high school, one alternative middle school, one online academy, and one charter school.

The 2012 Portland State University (PSU) Population Research Center report estimates that overall student enrollment will grow by an additional 2,284 students by the 2025-26 school year. The District's Long-Range Planning Committee meets regularly to review the needs of our existing facilities, and to continue the planning process for new facilities to address this projected growth.

The PSU Population Research Center report can be viewed on the District's website at <http://www.hsd.k12.or.us/AboutHSD/TheFutureofHSD/EnrollmentForecasts.aspx>.

DISTRICT ENROLLMENT

District enrollment, as measured by the annual October 1 student count, has grown by 2,055 students between 2002 and 2015.

A Period of Growth

New legislation from the 2014 session finalized the urban reserve issue that would allow for development in South Hillsboro and other areas. Coupled with the economic upturn, this means the District will need to accommodate more students within existing facilities².

The District's Long-Range Planning Committee regularly monitors residential and commercial development within the District. As of November 2013, a total of more than 2,000 new housing units have been approved for development within Hillsboro School District boundaries. Based on per-unit projections provided by PSU, the District is anticipating 800+ new students from these developments, with 257.55 new students projected in the 2015-16 school year.

Funding through the State School Fund (SSF) is based on our annual Average Daily Membership weighted (ADMw). The ADMw calculation is an average of the number of students enrolled in the District throughout the school year. In this formula, kindergarten students are counted as 0.50. It is anticipated that the District will add 1.0 instructional FTE for each 29 student increase.

2015-16 BUDGET AT A GLANCE

- The 2015-16 school year is the first year of the 2015-2017 biennium.
- General Fund operating revenue will increase by \$12.98 million, or 6.67 percent.
- Employee insurance cap increases are included in this budget for all employee groups. The District is currently bargaining with the Hillsboro Classified Union (HCU) and the Hillsboro Education Association (HEA) to determine the 2015-16 District contribution. The 2014-15 District contribution for all eligible staff is budgeted at \$1,075 per month, and is prorated by FTE per negotiated agreement. .
- Hillsboro School District's combined rate, including the debt service payment for the Unfunded Actuarial Liability (UAL) bonds, is 18.9 percent for Tier One and Tier Two employees, and 14.21 percent for Tier Three employees.

PASSING THE TEST – ACHIEVEMENT AND ACCOUNTABILITY

Schools and students in the Hillsboro School District, and across the state, continue to be evaluated based on rigorous standards. For example, our HSD annual statewide report card includes student demographics, school staff information, state and national assessment results, dropout and graduation rates, early childhood data, alternative education information, and public school funding. We use this information to share with the public each year and to monitor our progress.

Another way administrators and teachers look at individual student achievement is through their Professional Learning Communities (PLCs). PLC teams in each building are designed to improve student success by giving teachers a collaborative structure for talking about their students. By asking, “What is it we expect students to learn? How will we know when they have learned? How will we respond when they don’t learn? How will we respond when they already know it?” these PLC teams focus on results, which are ongoing in every school, rather than intentions.

In the Hillsboro School District, we continually evaluate our efforts to ensure that resources are being used efficiently and effectively. Ongoing monitoring of student performance provides reassurance that District efforts and dollars are helping each Hillsboro student learn.

SUMMARY

The 2015-16 Budget for Hillsboro School District is based on the following objectives:

- The top priority is the effective use of resources to improve student achievement.
- To the extent possible, the budget must ensure financial stability through the end of the 2015-2017 biennium and look forward to the next several biennia. The long-range forecast for the State of Oregon shows a slow recovery.
- Resources are provided to implement the fifth year of the 2011-2016 District Strategic Plan.
- The District will continue to target efficiencies within general operations and support services, with quality instruction as a high priority.
- The District will not spend any remaining discretionary reserve funds in the General Fund operating budget.

LOOKING AHEAD

Below is a graph showing anticipated revenues and expenditures for the next five years. The following assumptions are included in calculating these figures:

Revenues

- Growth in the SSF will mirror projected growth in State Revenues - based on the most recent (March 2015) Oregon Office of Economic Analysis Quarterly Forecast.
- Annual District & ESD Local Revenue increase of 3 percent.
- The District will continue to receive Gain Share funds at the current distribution level.
- No reserve funds will be used to support the General Fund budget.
- Ending Fund balance target of 5 percent of total Revenue.
- Enrollment is based on historical trend analysis plus projected impact of new construction.
- 50 percent/50 percent split of State School Fund allocation for 2015-2017 biennium; 49 percent/51 percent split for 2017-2019, 2019-2021 biennia.

Expenditures

- Full school year for all years - 2015-16 through 2019-20.
- Current collective bargaining agreements expire with all bargaining groups on June 30, 2015. A cost-of-living adjustment (COLA), plus full step advancement and insurance cap increases for all eligible employees are included in the projection.
- PERS rate reductions as a result of legislative changes will be upheld. These rate reductions, along with the savings from the 2015 PERS UAL Bonds, will result in a decrease in PERS rates of 2.78 percent of payroll for Tier One and Tier Two employees, and 5.47 percent for OPSRP employees. Biennial increases of 2 percent of payroll have been included for 2017-2019 and 2019-2021.
- A total of 29.5 licensed FTE has been added to accommodate full-day kindergarten in 2015-16.
- Maintain existing staffing levels for classified, administrative, and supervisory/technical employee groups.
- Five percent annual increase in utility, equipment, and property/liability costs; two percent annual increase in supply costs.

ORGANIZATION OVERVIEW

BOARD OF DIRECTORS

The Board meets in regularly scheduled meetings on the fourth Tuesday of each month. Regular sessions, special sessions, work sessions, and Budget Committee meetings are open to the public. Executive sessions are held as needed for specific purposes as provided by state law. Notices of all meetings are posted on our District website: <http://www.hsd.k12.or.us/AboutHSD/Governance/BoardofDirectors.aspx>

SUPERINTENDENT

Superintendent Mike Scott was appointed by the Board to serve as the chief executive officer of the District. The Superintendent is a professional educator employed to advise the Board on all matters concerning management of the schools, as well as administering laws, regulations, and policies adopted by the Board.

As the leader for teaching and learning in Hillsboro School District, the Superintendent is responsible for guiding the development of the curriculum and educational programs that address the needs of students, and providing leadership and advocacy for education. The Superintendent is accountable for the fiscal management of the District, guiding the direction of employees, and ensuring their ongoing professional development.

CHIEF FINANCIAL OFFICER

Chief Financial Officer Adam Stewart is responsible to the Board and administration for all financial operations.

STRATEGIC PLAN

The Hillsboro School District Strategic Plan is our roadmap for educational excellence. The Strategic Plan represents the cumulative effort of many stakeholders to articulate our priorities, and align our work toward a common, student-centered outcome.

In the 2011-2016 Strategic Plan for Hillsboro School District, you will find the following:

- *Mission Statement* *The focal point of the plan; an actionable, concise statement of our purpose as an educational system.*
- *Objective* *The end goal and results we want to achieve.*
- *Vision* *The way we want to approach the work to be done.*
- *Agreements and Commitments* *The foundation of our planning process that describes our ethical code, values, and the boundaries within which we will operate.*
- *Strategies* *The bold commitments of our resources toward achieving the objectives; a “how-to” for realizing the mission.*

MISSION

Engage and challenge all learners to ensure academic excellence.

OBJECTIVE

All students will graduate with college and career-readiness skills by reaching achievement benchmarks throughout their K-12 experience.

VISION

Shared ownership, responsibility, and commitment to success among all stakeholders.

AGREEMENTS AND COMMITMENTS

- Every child deserves a quality education.
- All students can learn and achieve.
- Engaging education develops intellect, creativity, interpersonal and civic skills, and fosters a lifelong love of learning.
- Excellent teaching leads to increased achievement of all students.
- Focused, ongoing, research-based professional development ensures the integration of best practices into the classroom.

- A strong school district is one in which staff, students, parents, and community members work together to promote and enable learning.
- All students in the Hillsboro School District will have access to rigorous instruction that leads to high levels of learning.

STRATEGIES

Instruction Ensure that systems of instructional improvement lead to the highest levels of learning for all students and staff.

Engagement Inform, involve, and engage all stakeholders.

Equity Ensure increased awareness and action in the implementation of equitable systems, programs, and practices.

Facilities Utilize resources effectively and equitably, and plan for future growth.

Safety Create and ensure a safe learning and working environment.

BOARD OF DIRECTORS

Hillsboro School District is governed by a Board of Directors, comprising seven elected members serving four-year terms. Board members are community volunteers and do not receive compensation for their work. The Board elects a chairperson and a vice-chairperson from the seven members. The Board has legal authority for all public schools in the Hillsboro School District within the framework set by the Oregon Legislature and the State Board of Education. The Board establishes policy based on Oregon and federal laws governing schools. The Board acts to interpret the educational needs of the District, then meets those needs with policies and facilities that motivate students and stimulate the learning process. The Board is also responsible for employing the Superintendent to administer the District.

The ongoing duties of the Board include allocating resources, formulating policy, and interacting with the community in support of the District's mission. The Board of Directors supports the District's efforts to achieve the objectives of the Strategic Plan by setting annual Board goals that align with the main strategy areas, and by holding staff accountable to show measurable progress toward identified outcomes.

The Board members and the expirations of their terms are as follows:

Position	Name	Expiration
Position 1	Janeen Sollman	2017
Position 2	Glenn Miller	2017
Position 3	Monte Akers	2017
Position 4	Kim Strelchun	2015
Position 5	Adriana Cañas	2015
Position 6	Erik Seligman	2017
Position 7	Wayne Clift	2015

BUDGET COMMITTEE

The Hillsboro School District's Budget Committee comprises all seven Board members and an equal number of community members who are appointed by the Board. No staff members are allowed to serve on the Budget Committee.

The appointive Budget Committee members are appointed for three-year terms. The terms are staggered so that, as near as practicable, one-third of the appointive members' terms end each year.

According to Board policy DBEA: Budget Committee, "The budget committee shall hold one or more meetings to receive the budget message, to receive the budget document, and to provide members of the public with an opportunity to ask questions about and comment on the budget document." Those official meetings occur in May of each year.

This year, the District invited its Budget Committee members to participate in several Board work sessions to learn and ask questions about the budget and become more directly involved in the budgeting process.

PROPOSED PLANNING CALENDAR - 2015-16 BUDGET

2015-16 BUDGET GENERAL FUND REVENUE

The General Fund is used to account for all transactions related to the District's operations, except those required to be accounted for in other funds. Major revenue sources include local property taxes and the State School Fund.

General Fund expenditures encompass the day-to-day operations of the District, except for those expenditures related to programs funded by federal, state, and local sources for designated purposes, payment of bonded debt, capital facility acquisition and construction, food service, internal services, and trust and agency.

General Fund expenditures are subject to appropriation. Year-end unreserved fund balances are carried forward to the following year as Beginning Fund Balances.

GENERAL FUND REVENUES

Current Year's Taxes

The current tax levy is one of the main sources of revenue for funding the operation of the Hillsboro School District. It is based on the assessed valuation of all taxable property within the District. It is collected by the County Treasurer and includes current taxes, prior year taxes, and any penalties or interest paid.

The tax amount remains stable due to property tax limitation Ballot Measures 5, 47, and 50. The current rate is \$4.9749 per \$1,000 of assessed value to support the General Fund.

2012-13 Actual	2013-14 Actual	2014-15 Adopted	2015-16 Approved
\$53,826,766	\$56,278,999	\$57,526,623	\$60,936,409

Interest on Investments

Interest on investments is interest earned from the investment of District revenue. Investment of all funds is the responsibility of the Chief Financial Officer and follows the District investment policy.

2012-13 Actual	2013-14 Actual	2014-15 Adopted	2015-16 Approved
\$182,385	\$183,270	\$273,000	\$284,034

Other Local Revenue

Other local revenue consists of fees, building rentals, prior year property taxes, and gate receipts.

\$1,432,392	\$1,283,555	\$1,182,905	\$1,703,297

County School Fund

An act of Congress granted roughly 6 percent of acquired state lands for the support of K-12 education. Revenue comes from state leasing rights, unclaimed property, forest management, and gifts. The funds are invested and the earnings are distributed to K-12 districts.

2012-13 Actual	2013-14 Actual	2014-15 Adopted	2015-16 Approved
\$371,920	\$558,364	\$250,000	\$324,101

ESD Pass-Through Dollars

The Northwest Regional Education Service District (NWRESA) provides a menu of services for districts to purchase using service credits. Revenue from the state flows through the NWRESA to the individual districts as either service credits to be used for support in special education, curriculum planning, or professional development, or as cash (up to 90 percent).

2012-13 Actual	2013-14 Actual	2014-15 Adopted	2015-16 Approved
\$500,000	\$769,489	\$2,525,000	\$2,910,532

Gain Share Funds (formerly known as Strategic Investment Program [SIP])

Gain Share revenue is paid to counties, cities, and school districts in lieu of property taxes. The SIP program was first implemented in the mid-1990s, with Intel being the largest participant. The replacement Gain Share program was implemented in 2014.

2012-13 Actual	2013-14 Actual	2014-15 Adopted	2015-16 Approved
\$11,619	\$1,218,772	\$1,980,000	\$1,250,000

State Sources

State sources make up approximately 59.4 percent of all revenue received in the General Fund. The State School Fund, Common School Fund, state timber taxes, and transportation reimbursement comprise state sources. The Oregon Department of Education is required to provide districts with estimates of State School Support in March of each year. The current estimate is based on a \$7.255 billion K-12 allocation for the 2015-2017 biennium¹.

BEGINNING FUND BALANCE AND FINANCIAL STABILITY

With the uncertainty in state funding, an important element in maintaining sustainability from one year to another is the Beginning Fund balance. The Beginning Fund balance is used to maintain a positive cash flow until tax revenues are received in November, and to smooth out unexpected shortages of revenues.

The District maintains a Beginning Fund Balance target of 5 percent. The 2015-16 budget includes \$16,569,390 as the Beginning Fund balance, which is a \$95,409 decrease from the 2014-15 adopted budget balance.

GENERAL FUND EXPENDITURES

Each year, the Oregon Department of Education (ODE) calculates the spending per student for the General Fund based on actual data compiled from District audits reported to ODE¹.

At the end of the 2013-14 fiscal year, the average operational cost of educating a student in the Hillsboro School District was \$8,876. This figure is determined by taking total General Fund expenditures for 2013-14, \$175,173,148, and dividing by our total Average Daily Membership (ADM) of 19,734.8 ($\$175,173,148 / 19,734.8 = \$8,876$). The breakdown of the \$8,876 is as follows:

Instruction (\$4,026 per student). Staffing, materials, and supplies for classroom instruction, alternative education, ESL, Youth Corrections program, summer school, and Talented and Gifted (TAG) program.

Special Education (\$1,057 per student). Staffing, materials, and supplies for students with disabilities in less restrictive programs and students with disabilities in restrictive programs.

Student Services (\$614 per student). Staffing and office supplies for attendance, guidance, health services, media services, assessment, testing, and instructional staff development.

¹ Expenditures do not include transfers, contingency, or ending fund reserves.

Central Services (\$322 per student). Expenditures related to the Board of Directors, Superintendent, Business Office, Print Shop, and Human Resources.

School Administration (\$702 per student). Principals, assistant principals, teachers on special assignment (TOSAs), supplies, materials, purchased administrative services, and support at each campus.

Facilities (\$955 per student). Personnel and supplies for custodial and maintenance services, plus major maintenance projects districtwide.

Transportation (\$661 per student). Transportation costs for home-to-school, special education, and athletic/activity events. Seventy percent of eligible transportation costs are reimbursed by the state.

Technology (\$203 per student). Staffing and new technology for classroom instruction.

Community Service (\$38 per student). Personnel and supplies used to perform a variety of community services, primarily the Office of Hispanic Outreach.

Debt Service (\$27 per student). Principal and interest payments for the administration building.

2015-16 BUDGET – SPECIAL FUNDS (PART 2 – NUTRITION SERVICES)

Hillsboro School District's Nutrition Services department plays a supportive role in the education environment by supplying nutritionally complete breakfast and lunch meals to students at a reasonable cost.

Nutrition Services' approved budget is \$8,922,805 for the 2015-16 school year, an increase of .45 percent from last year's budget. Nutrition services is a federal- and state-funded meal program that provides breakfast, lunch, and various after-school snacks for the students of the District. Nutrition Services provides meals to four high schools, four middle schools, twenty-five elementary schools, two alternative schools, and Head Start programs in five of the schools.

The Nutrition Services department is self-supporting and receives no funds from the District's general operating account. Nutrition Services pays wages and benefits for 125 employees. This includes warehouse, office, and District maintenance staff. Salary and benefits average 40.29 percent of the department's budget.

Food, paper, and chemical supplies average 36.4 percent of Nutrition Services' budget. The department funds provide for repair and/or replacement of kitchen equipment.

Nutrition Services operates a food warehouse and food distribution program that transports government commodities and food supplies to all schools. The department maintains and operates four transport trucks and two vehicles.

Beginning with the 2014-15 school year, 14 schools qualified for the Community Eligibility Program (CEP), in which all students are offered breakfast and lunch at no cost. Of the 20 non-CEP schools, the percentage of free-and-reduced-price-eligible students totals 41.56 percent or 6,237 students, with two sites having more than 50 percent of the students eligible.

Average Daily Participation (ADP) equates to 54.48 percent of District student enrollment.

À la carte and snack vending is provided in all secondary schools.

The chart below shows the year-to-date meal participation at District schools.

Month	Elementary School	Middle School	High School	District

2015-16 DEBT SERVICE FUND

The Debt Service Fund is designated for repayment of long- or short-term debt from the sale of bonds used to finance capital construction.

The primary revenue source is property taxes that fall outside the limits set for operation. The tax levy for debt service is determined by dividing the bonded debt by the assessed value of the District.

The voters passed a construction levy in November 2006. Since that time, the Board has approved three bond refinancing options and authorized the sale of Pension Obligation Bonds in order to minimize interest expenses and the pending unfunded actuarial liability cost of the Districts retirement obligation.

The District collects tax revenues for past bond issues. The total outstanding debt as of July 1, 2015, is \$163,460,000 in bonded debt, and \$131,410,000 for PERS Pension Obligation Bonds. The debt limit for Hillsboro School District is based on an assessed value of \$1.951 billion. The debt ratio as of June 30, 2014, was 14.19 percent.

2015-16 BUDGET CAPITAL CONSTRUCTION FUND

The Capital Construction Fund consists of the 2001 and 2006 bond issues. According to data from Portland State University's Center for Population Research, the enrollment in Hillsboro School District will increase by more than 2,400 students during the next 12 years. In November 2006, the voters approved a capital construction bond that would fund projects to:

- Accommodate rapid growth in enrollment by the construction of four new elementary schools and one new middle school. Three elementary schools (Free Orchards, Lincoln Street, and Quatama) opened in August 2008. The fourth elementary school (Rosedale) and the new middle school (South Meadows) opened in August 2009.
- Add classroom space in existing schools. Remodels and expansion of Brown, Evergreen, and Poynter Middle Schools are complete.
- Renovate and upgrade safety, security, seismic, and utility systems. A list of current projects is available by request.
- Expand the technology infrastructure for classroom instruction and school management. Current projects include VoIP phone systems and smart board technology.
- Purchase parcels of land for elementary school construction. Properties were purchased for Quatama and Rosedale. A 40-acre parcel was purchased in 2012-13, and another 10-acre parcel was purchased in 2014-15 for the South Hillsboro Urban Growth Boundary Expansion area.

The bond included 52 individual projects ranging in cost from \$200,000 to \$36,000,000. After the completion of all the projects listed in the 2006 bond issue, the remaining interest was used for numerous construction projects around the District including, but not limited to, ADA upgrades, security improvements, and maintenance work Districtwide.

2015-16 BUDGET INTERNAL SERVICE FUND

The Public Employee Retirement System (PERS) Reserve Fund was established during the 2005-06 school year to offset anticipated increases in the employer contribution rate beginning in July 2007. Contributions of \$750,000 were made in 2005-06 and 2006-07, and a contribution of \$3,000,000 was made in 2010-11, creating a fund balance of \$4,500,000. The District was able to meet the PERS employer contribution rate increases in 2007 without having to tap these resources.

As a result of the global financial crisis beginning in the fall of 2008, the 2008 System Valuation report for the PERS system showed a loss of 27 percent of fund value. In order to make up for this loss, PERS employer contribution rates increased beginning in July 2011 by 2.4 percent for the biennium. The 2015-16 Adopted Budget preserves the \$1.5 million of the PERS Reserve Fund. The PERS Reserve was reclassified to Fund 100 in 2012-13 per Generally Accepted Accounting Principles (GAAP), and as prescribed by the District's independent auditor.

REVIEW SUPERINTENDENT'S PERFORMANCE AND
APPROVE PERFORMANCE EVALUATION

SITUATION

The Board of Directors met to conduct an evaluation of the Superintendent's performance in accordance with Policy CBG: Evaluation of the Superintendent on April 7, April 28, May 12, and May 26.

The Board determined that the Superintendent's performance met or exceeded all of the performance goals and objectives established by the Board for 2014-15.

RECOMMENDATION

The Board commends the Superintendent for his leadership of the Hillsboro School District, and directs that the evaluation letter be placed in his personnel file.

Superintendent Mike Scott
Hillsboro School District 1J
3083 NE 49th Place
Hillsboro, OR 97124

Re: Annual Board of Directors' Evaluation of Performance

Dear Superintendent Scott,

The Hillsboro School District Board of Directors has completed your evaluation for 2014-15 according to Policy CBG: Evaluation of the Superintendent. This year's standards-based model included 360° feedback from selected stakeholders, a Board survey, and a self-evaluation that examined your leadership and operational performance. In the sixth year of your superintendency, you continue to be an exceptional and respected leader throughout our District and community.

You were evaluated on the eight Standards for Superintendent's performance, including Leadership and Culture, Policy and Governance, Communication and Community Relations, Organizational Management, Curriculum Planning, Instructional Leadership, Human Resources Management, and Values and Ethics. The Board used a four-point scale with the following descriptive terms: Exceeding, Proficient, Developing, and Does Not Meet. Overall, the Board's view of your performance is solidly between proficient and exceeding on every standard. Your highest rated standards were Leadership and Culture, and Values and Ethics.

You are a positive, empathic, and dedicated leader. You are clearly well respected as a leader by our staff and community leaders. As part of your process for continual improvement and community feedback, we appreciate your continued involvement in coffee chats, Spanish-speaking chats, staff listening sessions, and other feedback groups. Your investment in cultivating and inspiring leaders, through programs like Future Leaders and your K-12 administrator meetings, makes our team stronger. Your impeccable ethical behavior was noted by Board members, staff, and community leaders. You have an amazing ability to find common ground and build consensus when dealing with difficult or controversial issues.

You ranked quite high in Policy and Governance. You have developed relationships with legislators and are seen as a leader, not only in Washington County, but in the state. You and your team took our legislative outreach to new levels this year, engaging many of our community members. We believe you could have a dramatic impact at the state level, as is seen with your work at the Oregon Leadership Network, and we would like to see you grow more in this area. We recognize it will require precision to manage the demands of our District, while growing your role in our state.

You have surrounded yourself with highly qualified staff who help shape vision and turn vision into reality. You listened to Board requests for a stronger, longer vision for our District, and dedicated much time this year to our Five-Step Reinvestment Plan. You also continued to gather public and community input in a variety of ways, including Thoughtexchange and a better utilization of the website for surveys. While there has been great growth in our community outreach areas, and we ranked you between proficient and exceeding, this is one area where we would like to see continued growth. We are especially concerned about reaching the 70% of community members who are not active in our schools, as well as the overall perceptions of our District.

Our facilities and technology management area is a very strong area for you. Hillsboro continues to lead the way in safety and emergency planning and procedures. We recognize that funding hampers your ability to fully realize the technology plan for our District. We would like to see more creative solutions like the high school math adoption, and look forward to brainstorming solutions in this area with your team.

Human Resources Management was one area where the Board could not come to consensus on the measurements. We propose digging deeper into this category at our summer retreat, and setting goals for this area with you.

Mike, overall you ranked quite high this year. We recognize Hillsboro School District is fortunate to have such a strong leader. We are pleased with this year's accomplishments. We asked you to grow our college and career pathways work this year. Not only did you meet that goal, our District was nationally recognized for this work. When we talk about District improvements, you are all in. We are thrilled with your visionary leading and goal of District accreditation. Once again, you are willing to be completely transparent in your desire to be the best school district we can be. And, once again, Hillsboro School District will start a trend in the state.

Despite state budgetary constraints, you have made Hillsboro a destination district, attracting some of the best and brightest. As described by Jim Collins in *Good to Great*, we believe you are the strongest of leaders. You have the uncanny combination of humility and strong resolve. You are collaborative in nature and focused on developing your team. You are relentless in tackling the tough issues and building consensus. We look forward to working with you this summer on goal-setting for the next school year. We thank you for your consistent leadership and dedication to engage and challenge all learners to ensure academic excellence.

Sincerely,

APPROVE COMPENSATION FOR NONUNION EMPLOYEES
AND SUPERINTENDENT FOR 2015-16

SITUATION

Cabinet members, administrators, confidential, supervisory, and technical / specialist employees are not included in a bargaining unit. Annually, the Board authorizes their compensation, subsequent to performance review and approval of the planned budget, and after receiving recommendations from the Superintendent.

The compensation and benefits for the position of Superintendent are authorized by the Board, based on the Superintendent's required responsibilities and performance, in accordance with policy CBC: Superintendent's Contract and Benefits. The amount of compensation and types of benefits are set forth in an individual employment contract between the Superintendent and the District.

RECOMMENDATION

For the 2015-16 school year, the Superintendent recommends that the Board approve the following resolution:

The Hillsboro School District 1J Board of Directors hereby resolves that, for 2015-16, the District will increase its total expenditures on the salary and employee benefits of the Superintendent, Cabinet members, administrators, confidential, supervisory, and technical / specialist personnel by the same percentage as it ultimately increases its expenditures on licensed personnel as a result of the collective bargaining process, including in this expenditure the same District insurance contribution that is bargained for licensed employees.

APPROVE SUPERINTENDENT CONTRACT EXTENSION

SITUATION

In accordance with Policy CBC: Superintendent's Contract and Benefits, the terms and conditions of the Superintendent's appointment are included in a written contract that meets the requirements of state law and is mutually acceptable to the Board and Superintendent. The Board is scheduled to approve an extension of the Superintendent's contract during the June 9, 2015, regular Board meeting session.

RECOMMENDATION

The Superintendent recommends the Board of Directors approve the following resolution:

Be it resolved that the Hillsboro School District Board of Directors approves the 2015-16 individual contract with the Superintendent, with a one-year extension through June 30, 2018.

APPROVE BOARD MEETING DATES FOR 2015-16

SITUATION

The Board annually sets the schedule of Board meeting dates for the upcoming school year. Board meetings are typically held on the second and fourth Tuesdays of the month, except for the December and March meetings, which may be held on the third Tuesday to accommodate winter break and spring break. Summer months may only have one meeting. The recommended Board meeting dates for the 2015-16 school year are listed below for Board approval.

July 21, 2015	Regular Session (third Tuesday)
August 17, 2015	Full-day Work Session / Regular Session (third Monday)
September 8, 2015	Work Session
September 22, 2015	Regular Session

ANNOUNCE BUDGET COMMITTEE VACANCIES

SITUATION

Policy DBEA: Budget Committee requires the public announcement of vacancies on the Budget Committee. The appointed positions on the Budget Committee are for three-year terms, with staggered expiration dates. Two positions expire on June 30, 2015.

<u>POSITION</u>	<u>EXPIRES</u>	<u>HELD BY</u>
3	June 30, 2015	Nina Carlson
4	June 30, 2015	Rebecca Lantz

The Budget Committee consists of seven members appointed by the Board, plus the elected Board members. To be eligible for appointment, the appointive member must:

1. Live and be registered to vote in the District; and
2. Not be an officer, agent, or employee of the District

Each June, the Board identifies vacant Budget Committee positions, which must be filled by appointment of the Board. The Board will announce the vacancies and receive applications from interested persons by September 4, 2015. Such applications will include a signed statement that the applicant is willing to serve as a member of the Budget Committee and adhere to the policies of the District. The Board may appoint Budget Committee members for as many consecutive terms as are deemed appropriate.

In September, the Board will review the names of persons filing applications and persons who have served previously and are willing to be reappointed, and determine the selection process. At the Board meeting in October, the Board will appoint candidates to fill the vacant positions.

RECOMMENDATION

The Superintendent recommends the Board of Directors announce the Budget Committee vacancies and direct the administration to publicize the vacancies.

ANNOUNCE CITIZENS' CURRICULUM ADVISORY COMMITTEE VACANCIES

SITUATION

In accordance with policy IFF, the Board of Directors has established the Citizens' Curriculum Advisory Committee (CCAC) to provide for citizen involvement in the development of the schools' curriculum and instructional programs, and input into those curricular areas identified by the Board. The CCAC consists of parents and/or citizens who reside in the District attendance area, and includes student representation, as appropriate. The Board, in consultation with the CCAC chair and District staff, determines the number of participants that is sufficient to fulfill the responsibilities of the committee.

CCAC members are appointed by the Board. The term of service for CCAC members is two years, and terms are staggered so that one-half of members' terms end each year. The Board may appoint CCAC members to as many consecutive terms as deemed appropriate.

Each June, the Board identifies vacant CCAC positions. The Board will announce the vacancies and receive applications from interested persons during the months of July and August. Such applications will include a signed statement that the applicant is willing to serve as a member of the CCAC, and adhere to the policies of the District.

In August, the Board will review the names of persons filing applications, and persons who have served previously and are willing to be reappointed. During the first regular meeting in September, the Board will appoint persons to fill the vacant positions. The new members will be appointed in time to participate in the first 2015-16 CCAC meeting, which is scheduled for October 5, 2015.

Terms for three members of the committee will expire on June 30, 2015. There are five additional vacancies due to resignations (including one student resignation). Therefore, a total of eight members (including one student) must be appointed by the Board.

Vacancies resulting from members who are completing their terms and resignations are listed below.

Member Name	Term Ends
Lisa Allen - Chair	June 30, 2015
Eddie Chavez Bolaños – Vice Chair	June 30, 2016
Melanie Coffee Hesselberg	June 30, 2015
Lynn Coffin	June 30, 2016
Melissa Oviedo	June 30, 2016
Mary Phelps	June 30, 2016
Kim Thayer	June 30, 2015
Shirley Ariaza Santaella (Student)	June 30, 2016

RECOMMENDATION

The Superintendent recommends the Board of Directors announce the Citizens' Curriculum Advisory Committee vacancies, direct administration to publicize the vacancies, and nominate candidates by the September Board meeting.

FINANCIAL REPORT

Business Office. This time of year is especially busy for the Business Office, as the 2014-15 fiscal year is being closed, while work is beginning for the 2015-16 fiscal year. This transition requires many staff members to double-enter information into two separate databases for accounts payable, general ledger, and payroll. All District buildings and departments require extra support during this transition period, and managing grants can be particularly complicated.

Finance Team – Banking and Accounts Payable. Ann Ballard and the finance team are continuing to support schools and departments with purchasing and cash controls. Some management-level changes in facilities, construction management, and transportation have created a unique opportunity for system and workflow analysis. Several processes will be tested this summer for implementation this fall, with improvements in facilities-use tracking and inventory controls.

Payroll Team. Payroll Supervisor Kim Grannis and the payroll team are preparing for the final 2014-15 payrolls. Because contracts are annualized over twelve payments, all ten-month employees receive three paychecks in June. The June, July, and August paychecks printed in June cover eligible employee benefits through September. Reminders have been sent to staff members regarding changes of address, bank information (direct deposit), and emergency contacts, to ensure timely payments.

Benefits Team. The benefits team will be working hard through the month of June to prepare for the upcoming insurance enrollment period. This year will be especially challenging because of the Dependent Eligibility Verification and Mandatory Enrollment required by the Oregon Educators Benefit Board (OEBB). In August, the benefits team plans to spend several days in various locations throughout the District, assisting staff with enrollment. In addition, a benefits fair will be held on September 9, and staff members will be able to bring their spouses and explore all of the benefit programs available (optional and required).

The benefits team has also been working with both associations to develop strategies for minimizing out-of-pocket insurance costs for staff.

Grants. Grants Coordinator Jeff Jones is working closely with grantees to ensure that funds are accounted for and used for allowable expenditures prior to expiration. In addition, he is developing budgets for grants that will be available in the new fiscal year (July 1).

Risk Management. Risk Manager Leah McCarthy has provided information regarding student and staff incidents throughout the District. She is already working closely with industry partners, human resources, benefits, and safety staff on comprehensive risk management strategies.

Worker's Compensation Report. The District has received 8 additional worker's compensation claims in May 2015. Currently, there are 36 open claims; 18 are for medical costs only, and 18 include time loss. There were 7 employees on modified work plans during May.
