District News: School and District Report Cards. State law requires that parents be alerted to the availability of school and district report cards for the previous school year no later than January 15 of the current school year. These reports are available on our website under [Academics/School and District Report Cards](#). There, you will find links to the report cards in both English and Spanish, as well as a compilation of all data in one spreadsheet, titled [2012-13 HSD Annual State Report Card Summary](#). Each school has also posted a flyer indicating the various ways parents or other interested parties can view the report cards, including viewing the reports on [ODE's website](#) and requesting a paper copy from the school or from the [Communications Department](#).
