Week of December 9, 2013

District News: TAG Information Night. As a result of feedback we received during the Coffee Chats and Superintendent Listening Session in October, we have arranged for a TAG (Talented and Gifted) Information Night next Wednesday, December 11, from 6-7:30p.m. at Evergreen Middle School. Information will be shared on the District's TAG programming, with an opportunity to speak with some of our building coordinators. We will also be soliciting parent input on what they'd like to see offered for our most advanced learners. Spanish translation will be available. Please join us!

Bilingual Workshop on Affordable Health Care. This workshop will explore health care markets such as Cover Oregon, as well as the enrollment process and financial assistance alternatives for low income families, Thursday, December 12, 6:30-7:30pm at Century High School. Information will be presented in Spanish and English, free childcare provided!

Story Time with Santa. Anyone who's ever met our District Librarian, Tim Carlisle, knows he bears a striking resemblance to the "Big Guy" himself—he has even gone through Santa School! So to share his love of literacy with others and celebrate the spirit of the season, he will be hosting Story Time with Santa Wednesday and Thursday, December 11 and 12, from 2-5pm in room 213 at the Administration Center (3083 NE 49th Place, Hillsboro). Please feel free to bring your children or students by for the fun!

Century Feeder
