**District News: Hillsboro Schools Foundation Wants to Hear from You!** Since 2000, the Hillsboro Schools Foundation (HSF)—a private, non-profit organization—has funneled over \$2.8 million to innovative programs in Hillsboro Schools—from STEM to learning gardens, musical instruments, arts, reading, after-school programs, and more! But what is next and how can they grow? The HSF Board has been working through a strategic planning process to chart their course for the future, and one goal is to double their annual giving within the next three years. This is where they need our help: how can they increase their funding and what should the money be used for? Please take a few thoughtful moments to answer their [nine-question survey](#) and ensure your voice helps shape the future of their strategic investments in Hillsboro schools and students!
