Week of October 21, 2013

District News: October is Bullying Prevention Month. October is National Bullying Prevention Month and students are encouraged to make the statement: “The end of bullying begins with me!” According to information on PACER’s website (Parent Advocacy Coalition for Educational Rights), more than 55% of bullying situations will stop when a peer intervenes. Adult support and awareness is critical as well. For more information and resources, visit www.pacer.org.

Join the Hillsboro 2035 Vision Task Force! Hopefully everyone has heard of the Hillsboro 2020 Vision and Action Plan—the plan for a progressive, vibrant, livable city that was collectively created by our community and executed by a host of local organizations over the course of the past 16+ years. As we near our original target date of 2020, it is necessary to look even further into the future and determine our priorities moving forward. To do that, we need volunteers to help conduct outreach activities and collect feedback from fellow community members. If you’re interested, please contact Chris Hartye at the City of Hillsboro (chris.hartye@hillsboro-oregon.gov or 503-681-5233).

Superintendent Coffee Chat—10/23, 8:15-9:15am at Longbottom (4893 NW 235th Avenue)—Spanish translation available.
