Week of September 23, 2013

**District News: Involvement Opportunities & Superintendent Coffee Chats.** One of the key elements of a successful school district is an involved community, so we've been working hard to put together a comprehensive list of all the various focus groups, meetings, committees, listening sessions and seminars taking place this year for your reference. The list can be found on the [Family and Community Engagement](#) page under the Office for School Performance (links to the page are also available in the Parents and Community drop-down menus) both as an Excel spreadsheet—so information can be sorted and organized as needed—and as a date-sorted PDF. Another thing to check out if you're wondering how to stay abreast of what's going on in the District is the list of [Community Engagement Opportunities](#) on the Communications page of the website. This list provides a general overview of the methods we use to communicate with patrons. One thing new this year is a series of [Coffee Chats](#) with Superintendent Mike Scott. There will be four events in the month of October at coffee shops throughout the District where parents and community members can drop in and chat with Mr. Scott in a relaxed environment, learn more about what's going on in the District, and ask any questions they may have. Please join us for an upcoming event! And mark your calendars for our first Superintendent Listening Session of the year on Tuesday, October 15, 6-7:30pm at the District Administration Center.
