Take the Citizens Participation Organization #9 Survey. Did you know you belong to a Citizens Participation Organization? If you are one of Hillsboro's 95,000+ residents, or if you live in the Orenco area or own a business in either of these locations, CPO #9 covers you. CPOs are commissioned by Washington County and run by the OSU Extension Agency through intergovernmental agreement to provide opportunities for citizens to learn more about their local government, talk about issues that are important to them, and work together to find solutions. CPO #9 is currently conducting a [survey](#) to help determine better ways for citizens to engage with their local governments. Please take a few moments to answer the nine questions posed by the survey, and plan to attend the next [CPO #9 meeting](#) on Monday, May 13, 7-8:30pm at the Washington County Public Services Building.
