WHEN TO CALL 9-1-1

CALL 9-1-1 IF THE PERSON IS MISSING

If the registered person is missing, it is never too soon to call 9-1-1, especially if they are a person with disabilities or endangered/at-risk.

Inform the 9-1-1 dispatch operator and responding law enforcement that the **missing person is registered in the Help Me Home program**. This will further expedite access to critical information and the photo.

Open to any age
with an accompanying
medical condition

COMMUNITIES CAN SUPPORT HELP ME HOME REGISTRANTS

In some cases, even a modest \$20 registration fee may present an obstacle to registration for those that do not have the financial resources to participate but need to be protected.

To find out how you or your organization can support our program, please call 503-846-6048.

HELP ME HOME

A PROGRAM OF THE
Washington County Sheriff's Office

A proactive approach to serving at-risk or endangered residents living in Washington County who may become lost and have difficulty communicating vital information about themselves.

SHERIFF

WASHINGTON COUNTY

HELP ME HOME PROGRAM

The Help Me Home program was developed internally by the Washington County Sheriff's Office as a voluntary enrollment **program for those at-risk or endangered county residents who are found but have difficulty communicating vital information** such as their name, phone number or address.

Those who are registered with Help Me Home have their photo and pertinent identification information placed in a database that deputies and law enforcement personnel can access via their laptops in their patrol vehicles. **Registrant information is kept confidential.**

ASSISTANCE WITH LOCATING A LOVED ONE

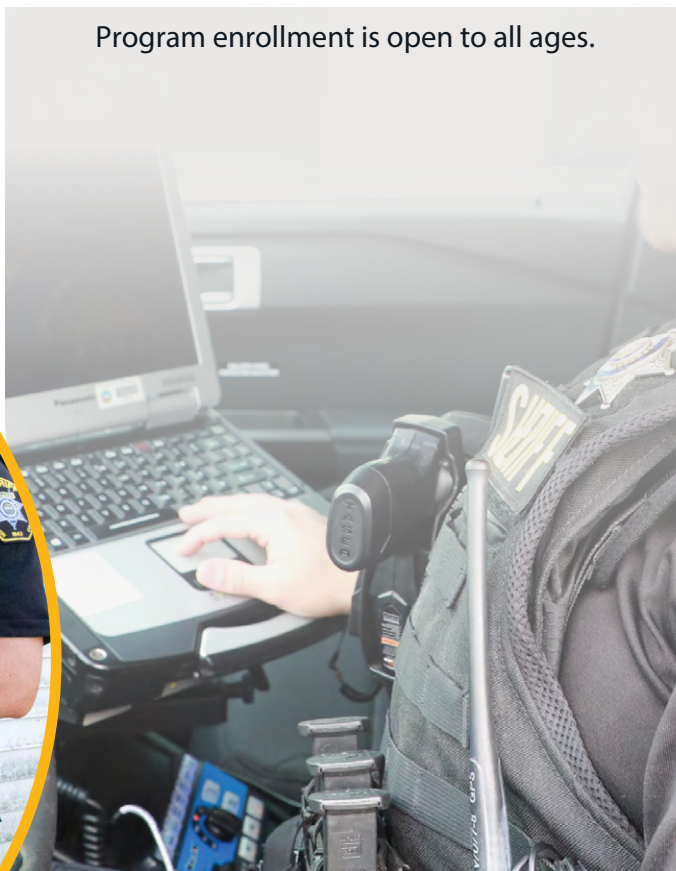

When a deputy or police officer finds a disoriented and/or non-verbal individual alone in the community, they can quickly query the database using personal identifiers.

While managed by the Washington County Sheriff's Office, this system is accessible to all law enforcement agencies throughout the county.

ENROLLMENT AGE

Program enrollment is open to all ages.

With a match in the Help Me Home database, **caregivers will be contacted immediately** to let them know their loved one has been located.
