School Goals

We will create a safe and supported school environment by decreasing our rate of chronically absent students. We will also survey students on their attitude toward the school culture and climate, and work with student leaders to make improvements. We will enhance access and opportunities for our students by focusing on increased academic discourse in all subject areas. Finally, we will further develop our students' critical thinking and problem-solving skills by increasing the rate at which students demonstrate growth on the math portion of the Smarter Balanced Assessment.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

We recognize the diversity and worth of all students, individuals and groups, and are committed to both educating and providing a safe and inclusive space for everyone, regardless of their race, color, religion, immigration status, or any other basis. We believe that students learn best when they feel safe and valued. Our staff is skilled, caring, and dedicated to fostering each student's academic and personal growth in a supportive and welcoming environment.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

We believe that all students deserve to feel safe in order to make the most of their education. If students experience behavior from others that substantially interferes with their education or creates a hostile educational environment, they should immediately notify a staff member. This includes behavior at school, during school activities, while riding Hillsboro School District transportation, at official bus stops, or through the use of electronic communication devices.

EXTRACURRICULAR ACTIVITIES

We partner with several community organizations, including Hillsboro Parks and Recreation, Runner 2 Runner, Portland Metro STEM Partnership, and others to provide students with a wide variety of extracurricular activities that enrich their educational experience. Staff also create and run after-school clubs that allow students to partake in activities based on their interests.

PARENT ENGAGEMENT

We build partnerships with our community that strengthen collaboration and outcomes for students. We want to engage with families! Please consider taking the following actions throughout the school year: Attend school events, reach out to your student's teachers if you have a question, update your contact information in ParentVue so you can receive email and text messages, read the R.A. Brown Community News, and join an HSD Parent or Family Advisory Committee. Also, we'd appreciate your support in creating a parent group at R.A. Brown! Please reach out to Mr. Bekken if you are interested.

COMMUNITY ENGAGEMENT

The staff at R.A. Brown Middle School is excited to partner with community members to enrich the educational experience of our students. Guest speakers regularly visit to share their college and career experiences with our AVID students. Our playing fields are used by multiple community sports leagues. Volunteers are always welcome. If you would like to volunteer at R.A. Brown, please call 503-844-1070.
