School Goals

The mission of Poynter Middle School is to prepare all students to be ready for high school and beyond. It is our goal to create a welcoming community that embraces all languages and cultures. Students at Poynter Middle School should feel safe and be part of a learning environment that gives them maximum opportunity to learn.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Poynter works to create community, as students should not only feel safe but connected to their school environment. We do this by delivering meaningful curriculum and instruction, helping students connect through extracurricular activities, finding representation in our instructional staff, and having a trusted adult to go when they need someone to talk to. We use Character Strong as our anti-bullying and character development curriculum focusing on social-emotional learning. Administration is present in all hallways, bus ramps, and lunch supervision and uses the HSD student code of conduct handbook.
