School Goals

The goal of Hillsboro Online Academy (HOA) is to be an option school for Hillsboro School District students in grades K-12. We strive to provide an inclusive, supportive, and flexible learning environment for students and families who seek a rigorous, standards-based, quality alternative to the traditional school framework.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

We recognize the diversity and worth of all students, individuals and groups. We are committed to both educating and providing a safe and inclusive space for everyone, regardless of their race, color, religion, immigration status, or any other basis. We believe that students learn best when they feel safe and valued. Our staff is skilled, caring, and dedicated to fostering each student's academic and personal growth in a supportive and welcoming environment.
