School Goals

In 2021-22, we focused on rigorous math instruction and discourse, building strong foundational skills in language arts, and providing interventions and enrichment opportunities as needed, in addition to increasing our professional development efforts. We believe in each student's potential and in creating a community of respect, responsibility, and safety for all.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Minter Bridge recognizes the diversity and worth of all people. We are committed to educating and providing a safe and inclusive space for everyone, regardless of race, color, religion, immigration status, or any other basis. We believe that students learn best when they feel safe and are part of a community. Our staff members are skilled, caring, and dedicated to fostering each student's academic and personal development in a supportive environment.
