### School Goals

Witch Hazel Elementary focuses on an inclusive education that offers students an opportunity to share their unique strengths and culture while building a compassionate and curious community of learners. Together we can and will sustain a school culture of high academic expectations for all, create a safe community where individual strengths are honored, and grow global leaders who are college & career ready. We do this by creating equitable classroom experiences and knowing each child by name strength and need.

### State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

### Safe & Welcoming Environment

We strive to create a safe and welcoming school by knowing each student and their family by name, strength and need; and actively supporting families in accessing community resources. Witch Hazel is fortunate to have a Community Liaison as well as an Education Liaison on site, as well as a Wellness Instructor, a full-time and half-time School Counselor, and Success Coach - all of whom work together with your child's classroom team to support access to education and resources. All safety recommendations are followed in accordance with the Oregon Department of Education.
