**Beam Signing at New School ‘ES28’**

*Commemorating the first new school in North Plains since 1954, and the latest new school to be built in Hillsboro School District since 2009.*

**October 7, 2020, Hillsboro, OR** - A community beam signing will be held over two days to celebrate the construction of the newest elementary school in the Hillsboro School District, temporarily called “ES28.” School Board Chair Erika Lopez and North Plains Mayor Teri Lenahan will launch the event on the first day.

This \$37 million project, made possible by the 2017 Hillsboro School District Bond, will provide the second school to serve the North Plains community, joining the existing North Plains Elementary School. Modeled on the new, replacement campus for Brookwood Elementary School, ES28 will have the capacity for up to 600 students in the approximately 73,700 square-foot building.

The signed beam will be placed over the main entry vestibule of the school, becoming a permanent, historic piece of the school’s construction.

The media is invited to this community celebration.
