Glencoe High School Beam Signing Ceremony

Community invited to sign a beam that will “top off” new media center addition and be part of Glencoe history in one of the first major renovations at the school in nearly 20 years

September 24, 2019, Hillsboro, OR - Glencoe High School is proud to announce the beam-signing ceremony for its new media center addition on Thursday, Sept. 26, 2019, at 5:15 p.m.

The signing will be on a beam that will be placed at the top of the addition’s structural framing. While it will be eventually covered as the building is finished, signatories can look up and know they made a literal mark on Glencoe’s history and its future.

All students, staff, community members, media and, especially, Glencoe alumni are welcome and invited to attend the ceremony and sign the beam. The beam will be on display and available to sign during back-to-school night immediately after the ceremony as well as throughout the day on Friday, Sept. 27.

Made possible by the passage of the District’s 2017 Bond, the 23,000 square-foot addition comprises a media center, classrooms, office spaces and secure entry vestibule, part of Glencoe’s total \$41 million investment from the bond.
