Glencoe Groundbreaking Ceremony

Glencoe High School will be adding 30,500 square feet of space, modernizing career-technical spaces and classrooms, and updating parking lots. These are the first major renovations in nearly 20 years.

June 3, 2019, Hillsboro, OR - Glencoe High School is proud to announce the groundbreaking ceremony for its new additions and renovations on Wednesday, June 5, 2019, at 2 p.m.

Made possible by the passage of the District's 2017 Bond, the \$41 million investment in the campus will provide modern facilities that will serve the Glencoe community for decades to come, including room for 400 additional students as the area continues to grow. Building additions include 23,000 square feet for a new media center, classrooms, office spaces and secure entry vestibule; as well as a second, 7,500 square-foot cafeteria area. Expansions and renovations to Glencoe's commons area and career-technical classrooms and spaces also will be constructed. Parking lot/drop-off improvements include a traffic light and both left and right turns from the student parking lot to Glencoe Road, enhancing the safety of pedestrians and vehicles. More natural lighting and repainting will help to revitalize the school as well.

Project renderings and more information are also available at www.hsd.k12.or.us/glencoebond.

Community members, media and, especially, Glencoe alumni are welcome and invited to attend the ceremony.
