Intel Volunteers Beautify Six Hillsboro Schools in Large Single-Day Effort

More than 425 employees from the Product Development Group to assist schools through project completion and Intel's volunteer matching grants

July 18, 2016, Hillsboro, OR – Six Hillsboro schools: Rosedale, Ladd Acres and Patterson Elementary Schools; Brown Middle School; and Glencoe and Hillsboro High Schools, will benefit from the Intel Product Development Group's (PDG) Global Day of Service on Wednesday, July 20, when more than 425 volunteers from the group will complete a variety of projects on their campuses.
