

BUILDING FOR OUR FUTURE

WHY A BOND? WHY A BOND NOW?

If passed, the \$408 million dollar capital construction bond would prioritize safety and security, update and repair aging school buildings, address overcrowding while planning for future growth, and provide a modern education for Hillsboro's students.

If passed, the bond would renew the existing tax rate, meaning no increase in current property tax rates.

Safety and Security

Making sure our school campuses are safe and secure for our students, staff and families is a chief priority. Unfortunately, some of our schools lack important modern safety features such as doors that lock from the inside, emergency alert systems, and security cameras.

Our Schools are Aging and in Need of Repair

Many school buildings are in need of significant repairs with aging and, in some cases, leaking roofs, outdated plumbing and boilers in desperate need of replacement. In addition, the District has 49 temporary portable classrooms, some of which are over 40 years old.

A Growing District

Current estimates are that in the next 10 years enrollment in the Hillsboro School District will increase by 1,900 students. Some of these students will move into portions of the District that already lack adequate space in existing school buildings, making a difficult overcrowding problem even worse while others will be moving into new developments in our growing community.

Outdated Technology and Equipment

Many Hillsboro school buildings are simply out-of-date and not equipped to provide students with the modern best practices in education and technology they need in order to graduate career- and college-ready.

If the bond does not pass, the safety, construction, infrastructure enhancement and modernization projects outlined in this flyer could not be completed.

THE 2017 HSD BOND - Costs and Oversight

If passed, the bond would:

Maintain Current Tax Rate

- Renew the existing tax rate (\$2.24/\$1000 assessed value) and would not increase the current property tax rate.

Be Part of a Long-Term Plan

- The 2017 Bond would be part of a long-term plan to maintain and improve our school facilities.
- All projects undertaken with the 2006 bond were completed on-time and on- or under-budget.

Provide Independent Oversight

- An independent citizen Bond Oversight Committee would monitor the progress of the bond, issue regular reports and ensure that projects are being managed responsibly.
- The bond would require at least 90 percent of the money raised be spent on construction and repair projects, not administration.

McKinney Elementary School

GO COUGARS!

**DID YOU
KNOW ?**

In 1970 McKinney Elementary School was built, the same year that the US lowered the voting age to 18 from 21

PROPOSED PROJECTS AT YOUR SCHOOL

Prioritize Safety and Security

- Interior door locks
- Strobes, visual warning inside and outside
- Security cameras
- Card key access - exterior doors
- Alert button at front desk
- Fire doors on alert button at front desk
- Glass film at main door and other windows
- Upgrade in-building radio communication
- School seismic upgrades
- Parent/bus drop-off improvements

Renovate & Repair Aging Schools

- Roofing

Relieve Crowded Classrooms, Plan for Growth

- Flexible classroom furniture
- Replace portable building(s) with permanent structure(s)
- Construct new gymnasium - eliminate cafegymitoriums

Provide a Modern Education for Every Student

- CRT monitor replacement
- Classroom projectors
- Voice amplification
- Wireless access points
- Whiteboards
- Document cameras
- Student computers
- Licensed staff computers
- Classified staff computers
- Elementary gymnasium audio/visual system

Total proposed investment at McKinney Elementary School

\$6,443,367
