

# PARKLAND ELEMENTARY SCHOOLS - VALENTINE'S DAY INFORMATION

## February 12, 2024 - WEATHER UPDATE

Dear Parkland Elementary School Families,

As previously communicated, the Parkland School District Elementary Schools' Valentine's Day Celebrations are scheduled to take place on Wednesday, February 14, 2024 at 2:15pm.

**Due to predicted inclement weather**, we wanted to plan accordingly so that everyone can adjust in the event the storm affects this week's festivities:

- IF the winter weather arrives tonight as predicted, any delays or cancellations will be communicated through the Superintendent's office as usual.
- IF there is any change in **Wednesday's** schedule (late start **or** school closed) the Valentine's Day parties will be moved to **Thursday** (2/15).

As a reminder, your child(ren) are permitted to distribute Valentine cards to each other in their classroom. Only pre-packaged, store bought food is allowed (either handed out with Valentines or used for snack in the classroom if your child's teacher requests). All food items must be peanut/tree nut free. Teachers may communicate more information about the Valentine's Day celebration regarding cards, Valentine's Day bag/box creation, and other details as needed. If your child(ren) participates, they should bring cards for every student in the classroom.

Thanks for your flexibility and understanding. Spring is right around the corner!

Kindest Regards,

Parkland Elementary School Principals
