[April 26th, 2024](#)

In compliance with IDEA, IU 1 coordinates training and assignment of surrogate parents, who volunteer in this capacity. A surrogate parent assumes responsibility in matters relating to identification, evaluation, and educational placement of students for whom no parent/guardian can be identified, their whereabouts is unknown, or the child is a ward of the state.

Individuals interested in serving as surrogate parents, or those appointed by districts to receive the surrogate parent training should attend.
